registering an off-road vehicle must obtain a decal that serves the same function as a license plate for on-road vehicles. A fee is required for a temporary permit, registration, or decal. Fees must be distributed to the Recreation and Conservation Funding Board at least once a year for the purposes of off-road recreation facilities. The DOL may retain a portion of the proceeds, not to exceed 18 percent of collections, for the administration of the DOL's obligations under the chapter of law governing off-road, nonhighway, and wheeled all-terrain vehicles.

In 2010 the Legislature enacted a law that reorganized the body of law governing vehicle and vessel registration and titling. In the section of the law governing the disposition of fees collected for off-road vehicle registrations, permits, and decals, the references to the chapter of law governing off-road, nonhighway, and wheeled all-terrain vehicles, and to the Recreation and Conservation Funding Board, were inadvertently left uncorrected.

Summary of Engrossed Bill:

Corrections are made to the references to the chapter of law governing off-road, nonhighway, and wheeled all-terrain vehicles, and to the Recreation and Conservation Funding Board, within the section of law governing the disposition of fees collected for off-road vehicle registrations, permits, and decals.

Appropriation: None.

Fiscal Note: Available.

Effective Date: The bill takes effect 90 days after adjournment of the session in which the bill is passed.

Staff Summary of Public Testimony:

(In support) This issue was identified by a constituent, who not only found the error but suggested a drafting correction as well. It does not cost the state any money and is a simple fix.

(Opposed) None.

Persons Testifying: Representative Paul, prime sponsor.

Persons Signed In To Testify But Not Testifying: None.
