**By** Senate Ways & Means (originally sponsored by Senators Carlyle, Nguyen, Rivers, Short, Sheldon, Wellman, Lovelett, Das, Van De Wege, Billig, Randall, Pedersen, Dhingra, Hunt, Salomon, Lias, Mullet, Wilson, C., Frockt, Cleveland, and Keiser)

READ FIRST TIME 02/07/20.

1 AN ACT Relating to the management and oversight of personal data;  
2 adding a new chapter to Title 19 RCW; prescribing penalties; and  
3 providing an effective date.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** SHORT TITLE. This act may be known and  
6 cited as the Washington privacy act.

7 NEW SECTION. **Sec. 2.** LEGISLATIVE FINDINGS. (1) The legislature  
8 finds that the people of Washington regard their privacy as a  
9 fundamental right and an essential element of their individual  
10 freedom. Washington's Constitution explicitly provides the right to  
11 privacy, and fundamental privacy rights have long been and continue  
12 to be integral to protecting Washingtonians and to safeguarding our  
13 democratic republic.

14 (2) Ongoing advances in technology have produced an exponential  
15 growth in the volume and variety of personal data being generated,  
16 collected, stored, and analyzed, which presents both promise and  
17 potential peril. The ability to harness and use data in positive ways  
18 is driving innovation and brings beneficial technologies to society;  
19 however, it has also created risks to privacy and freedom. The  
20 unregulated and unauthorized use and disclosure of personal

1 information and loss of privacy can have devastating impacts, ranging  
2 from financial fraud, identity theft, and unnecessary costs, to  
3 personal time and finances, to destruction of property, harassment,  
4 reputational damage, emotional distress, and physical harm.

5 (3) Given that technological innovation and new uses of data can  
6 help solve societal problems and improve quality of life, the  
7 legislature seeks to shape responsible public policies where  
8 innovation and protection of individual privacy coexist. The  
9 legislature notes that our federal authorities have not developed or  
10 adopted into law regulatory or legislative solutions that give  
11 consumers control over their privacy. In contrast, the European  
12 Union's general data protection regulation has continued to influence  
13 data privacy policies and practices of those businesses competing in  
14 global markets. In the absence of federal standards, Washington and  
15 other states across the United States are analyzing elements of the  
16 European Union's general data protection regulation to enact state-  
17 based data privacy regulatory protections.

18 (4) With this act, Washington state will be among the first tier  
19 of states giving consumers the ability to protect their own rights to  
20 privacy and requiring companies to be responsible custodians of data  
21 as technological innovations emerge. This act does so by explicitly  
22 providing consumers the right to access, correction, and deletion of  
23 personal data, as well as the right to opt out of the collection and  
24 use of personal data for certain purposes. These rights will add to,  
25 and not subtract from, the consumer protection rights that consumers  
26 already have under Washington state law.

27 (5) Additionally, this act imposes affirmative obligations upon  
28 companies to safeguard personal data and provide clear,  
29 understandable, and transparent information to consumers about how  
30 their personal data are used. It strengthens compliance and  
31 accountability by requiring data protection assessments in the  
32 collection and use of personal data. Finally, it empowers the state  
33 attorney general to obtain and evaluate a company's data protection  
34 assessments, to impose penalties where violations occur, and to  
35 prevent against future violations.

36 (6) The legislature also encourages the state office of privacy  
37 and data protection to monitor the development of universal privacy  
38 controls that communicate a consumer's affirmative, freely given, and  
39 unambiguous choice to opt out of the processing of personal data  
40 concerning the consumer for the purposes of targeted advertising, the

1 sale of personal data, or profiling in furtherance of decisions that  
2 produce legal effects concerning the consumer or similarly  
3 significant effects concerning consumers.

4 (7) The legislature recognizes the unique business needs of  
5 institutions of higher education and nonprofit corporations. However,  
6 these entities control and process an extraordinary amount of  
7 personal data and consumers should be afforded the rights provided by  
8 this act regarding personal data. Therefore, it is the intent of the  
9 legislature to delay the date of application for these entities by  
10 three years in order to provide sufficient time to develop a plan to  
11 comply with the provisions of this act.

12 NEW SECTION. **Sec. 3.** DEFINITIONS. The definitions in this  
13 section apply throughout this chapter unless the context clearly  
14 requires otherwise.

15 (1) "Affiliate" means a legal entity that controls, is controlled  
16 by, or is under common control with, that other legal entity. For  
17 these purposes, "control" or "controlled" means ownership of, or the  
18 power to vote, more than fifty percent of the outstanding shares of  
19 any class of voting security of a company; control in any manner over  
20 the election of a majority of the directors or of individuals  
21 exercising similar functions; or the power to exercise a controlling  
22 influence over the management of a company.

23 (2) "Authenticate" means to use reasonable means to determine  
24 that a request to exercise any of the rights in section 6 (1) through  
25 (4) of this act is being made by the consumer who is entitled to  
26 exercise such rights with respect to the personal data at issue.

27 (3) "Business associate" has the same meaning as in Title 45  
28 C.F.R., established pursuant to the federal health insurance  
29 portability and accountability act of 1996.

30 (4) "Child" means any natural person under thirteen years of age.

31 (5) "Consent" means a clear affirmative act signifying a freely  
32 given, specific, informed, and unambiguous indication of a consumer's  
33 agreement to the processing of personal data relating to the  
34 consumer, such as by a written statement, including by electronic  
35 means, or other clear affirmative action.

36 (6) "Consumer" means a natural person who is a Washington  
37 resident acting only in an individual or household context. It does  
38 not include a natural person acting in a commercial or employment  
39 context.

1 (7) "Controller" means the natural or legal person which, alone  
2 or jointly with others, determines the purposes and means of the  
3 processing of personal data.

4 (8) "Covered entity" has the same meaning as in Title 45 C.F.R.,  
5 established pursuant to the federal health insurance portability and  
6 accountability act of 1996.

7 (9) "Decisions that produce legal effects concerning a consumer  
8 or similarly significant effects concerning a consumer" means  
9 decisions that result in the provision or denial of financial and  
10 lending services, housing, insurance, education enrollment, criminal  
11 justice, employment opportunities, health care services, or access to  
12 basic necessities, such as food and water.

13 (10) "Deidentified data" means data that cannot reasonably be  
14 used to infer information about, or otherwise be linked to, an  
15 identified or identifiable natural person, or a device linked to such  
16 person, provided that the controller that possesses the data: (a)  
17 Takes reasonable measures to ensure that the data cannot be  
18 associated with a natural person; (b) publicly commits to maintain  
19 and use the data only in a deidentified fashion and not attempt to  
20 reidentify the data; and (c) contractually obligates any recipients  
21 of the information to comply with all provisions of this subsection.

22 (11) "Enroll," "enrolled," or "enrolling" means the process by  
23 which a facial recognition service creates a facial template from one  
24 or more images of a consumer and adds the facial template to a  
25 gallery used by the facial recognition service for identification,  
26 verification, or persistent tracking of consumers. It also includes  
27 the act of adding an existing facial template directly into a gallery  
28 used by a facial recognition service.

29 (12) "Facial recognition service" means technology that analyzes  
30 facial features and is used for the identification, verification, or  
31 persistent tracking of consumers in still or video images.

32 (13) "Facial template" means the machine-interpretable pattern of  
33 facial features that is extracted from one or more images of a  
34 consumer by a facial recognition service.

35 (14) "Health care facility" has the same meaning as in RCW  
36 70.02.010.

37 (15) "Health care information" has the same meaning as in RCW  
38 70.02.010.

39 (16) "Health care provider" has the same meaning as in RCW  
40 70.02.010.

1 (17) "Identification" means the use of a facial recognition  
2 service by a controller to determine whether an unknown consumer  
3 matches any consumer whose identity is known to the controller and  
4 who has been enrolled by reference to that identity in a gallery used  
5 by the facial recognition service.

6 (18) "Identified or identifiable natural person" means a person  
7 who can be readily identified, directly or indirectly.

8 (19) "Institutions of higher education" has the same meaning as  
9 in RCW 28B.92.030.

10 (20) "Local government" has the same meaning as in RCW 39.46.020.

11 (21) "Meaningful human review" means review or oversight by one  
12 or more individuals who are trained in accordance with section 17(9)  
13 of this act and who have the authority to alter the decision under  
14 review.

15 (22) "Nonprofit corporation" has the same meaning as in RCW  
16 24.03.005.

17 (23) "Ongoing surveillance" means tracking the physical movements  
18 of a specified individual through one or more public places over  
19 time, whether in real time or through application of a facial  
20 recognition service to historical records. It does not include a  
21 single recognition or attempted recognition of an individual if no  
22 attempt is made to subsequently track that individual's movement over  
23 time after the individual has been recognized.

24 (24) "Persistent tracking" means the use of a facial recognition  
25 service to track the movements of a consumer on a persistent basis  
26 without identification or verification of that consumer. Such  
27 tracking becomes persistent as soon as:

28 (a) The facial template that permits the tracking uses a facial  
29 recognition service for more than forty-eight hours after the first  
30 enrolling of that template; or

31 (b) The data created by the facial recognition service in  
32 connection with the tracking of the movements of the consumer are  
33 linked to any other data such that the consumer who has been tracked  
34 is identified or identifiable.

35 (25)(a) "Personal data" means any information that is linked or  
36 reasonably linkable to an identified or identifiable natural person.  
37 "Personal data" does not include deidentified data or publicly  
38 available information.

1 (b) For purposes of this subsection, "publicly available  
2 information" means information that is lawfully made available from  
3 federal, state, or local government records.

4 (26) "Process" or "processing" means any operation or set of  
5 operations which are performed on personal data or on sets of  
6 personal data, whether or not by automated means, such as the  
7 collection, use, storage, disclosure, analysis, deletion, or  
8 modification of personal data.

9 (27) "Processor" means a natural or legal person who processes  
10 personal data on behalf of a controller.

11 (28) "Profiling" means any form of automated processing of  
12 personal data to evaluate, analyze, or predict personal aspects  
13 concerning an identified or identifiable natural person's economic  
14 situation, health, personal preferences, interests, reliability,  
15 behavior, location, or movements.

16 (29) "Protected health information" has the same meaning as in  
17 Title 45 C.F.R., established pursuant to the federal health insurance  
18 portability and accountability act of 1996.

19 (30) "Pseudonymous data" means personal data that cannot be  
20 attributed to a specific natural person without the use of additional  
21 information, provided that such additional information is kept  
22 separately and is subject to appropriate technical and organizational  
23 measures to ensure that the personal data are not attributed to an  
24 identified or identifiable natural person.

25 (31) "Recognition" means the use of a facial recognition service  
26 to determine whether:

27 (a) An unknown consumer matches any consumer who has been  
28 enrolled in a gallery used by the facial recognition service; or

29 (b) An unknown consumer matches a specific consumer who has been  
30 enrolled in a gallery used by the facial recognition service.

31 (32)(a) "Sale," "sell," or "sold" means the exchange of personal  
32 data for monetary or other valuable consideration by the controller  
33 to a third party.

34 (b) "Sale" does not include the following: (i) The disclosure of  
35 personal data to a processor who processes the personal data on  
36 behalf of the controller; (ii) the disclosure of personal data to a  
37 third party with whom the consumer has a direct relationship for  
38 purposes of providing a product or service requested by the consumer;  
39 (iii) the disclosure or transfer of personal data to an affiliate of  
40 the controller; (iv) the disclosure of information that the consumer

1 (A) intentionally made available to the general public via a channel  
2 of mass media, and (B) did not restrict to a specific audience; or  
3 (v) the disclosure or transfer of personal data to a third party as  
4 an asset that is part of a merger, acquisition, bankruptcy, or other  
5 transaction in which the third party assumes control of all or part  
6 of the controller's assets.

7 (33) "Security or safety purpose" means physical security,  
8 protection of consumer data, safety, fraud prevention, or asset  
9 protection.

10 (34) "Sensitive data" means (a) personal data revealing racial or  
11 ethnic origin, religious beliefs, mental or physical health condition  
12 or diagnosis, sexual orientation, or citizenship or immigration  
13 status; (b) the processing of genetic or biometric data for the  
14 purpose of uniquely identifying a natural person; (c) the personal  
15 data from a known child; or (d) specific geolocation data. "Sensitive  
16 data" is a form of personal data.

17 (35) "Serious criminal offense" means any felony under chapter  
18 9.94A RCW or an offense enumerated by Title 18 U.S.C. Sec. 2516.

19 (36) "Specific geolocation data" means information derived from  
20 technology, including, but not limited to, global positioning system  
21 level latitude and longitude coordinates or other mechanisms, that  
22 directly identifies the specific location of a natural person with  
23 the precision and accuracy below one thousand seven hundred fifty  
24 feet. Specific geolocation data excludes the content of  
25 communications.

26 (37) "State agency" has the same meaning as in RCW 43.105.020.

27 (38) "Targeted advertising" means displaying advertisements to a  
28 consumer where the advertisement is selected based on personal data  
29 obtained from a consumer's activities over time and across  
30 nonaffiliated web sites or online applications to predict such  
31 consumer's preferences or interests. It does not include advertising:  
32 (a) Based on activities within a controller's own web sites or online  
33 applications; (b) based on the context of a consumer's current search  
34 query or visit to a web site or online application; or (c) to a  
35 consumer in response to the consumer's request for information or  
36 feedback.

37 (39) "Third party" means a natural or legal person, public  
38 authority, agency, or body other than the consumer, controller,  
39 processor, or an affiliate of the processor or the controller.

1 (40) "Verification" means the use of a facial recognition service  
2 by a controller to determine whether a consumer is a specific  
3 consumer whose identity is known to the controller and who has been  
4 enrolled by reference to that identity in a gallery used by the  
5 facial recognition service.

6 NEW SECTION. **Sec. 4.** JURISDICTIONAL SCOPE. (1) This chapter  
7 applies to legal entities that conduct business in Washington or  
8 produce products or services that are targeted to residents of  
9 Washington, and that satisfy one or more of the following thresholds:

10 (a) During a calendar year, controls or processes personal data  
11 of one hundred thousand consumers or more; or

12 (b) Derives over fifty percent of gross revenue from the sale of  
13 personal data and processes or controls personal data of twenty-five  
14 thousand consumers or more.

15 (2) This chapter does not apply to:

16 (a) State agencies, local governments, or tribes;

17 (b) Municipal corporations;

18 (c) Information that meets the definition of:

19 (i) Protected health information for purposes of the federal  
20 health insurance portability and accountability act of 1996 and  
21 related regulations;

22 (ii) Health care information for purposes of chapter 70.02 RCW;

23 (iii) Patient identifying information for purposes of 42 C.F.R.  
24 Part 2, established pursuant to 42 U.S.C. Sec. 290dd-2;

25 (iv) Identifiable private information for purposes of the federal  
26 policy for the protection of human subjects, 45 C.F.R. Part 46;  
27 identifiable private information that is otherwise information  
28 collected as part of human subjects research pursuant to the good  
29 clinical practice guidelines issued by the international council for  
30 harmonisation; the protection of human subjects under 21 C.F.R. Parts  
31 50 and 56; or personal data used or shared in research conducted in  
32 accordance with one or more of the requirements set forth in this  
33 subsection;

34 (v) Information and documents created specifically for, and  
35 collected and maintained by:

36 (A) A quality improvement committee for purposes of RCW  
37 43.70.510, 70.230.080, or 70.41.200;

38 (B) A peer review committee for purposes of RCW 4.24.250;

1 (C) A quality assurance committee for purposes of RCW 74.42.640  
2 or 18.20.390;

3 (D) A hospital, as defined in RCW 43.70.056, for reporting of  
4 health care-associated infections for purposes of RCW 43.70.056, a  
5 notification of an incident for purposes of RCW 70.56.040(5), or  
6 reports regarding adverse events for purposes of RCW 70.56.020(2)(b);

7 (vi) Information and documents created for purposes of the  
8 federal health care quality improvement act of 1986, and related  
9 regulations;

10 (vii) Patient safety work product for purposes of 42 C.F.R. Part  
11 3, established pursuant to 42 U.S.C. Sec. 299b-21 through 299b-26; or

12 (viii) Information that is (A) deidentified in accordance with  
13 the requirements for deidentification set forth in 45 C.F.R. Part  
14 164, and (B) derived from any of the health care-related information  
15 listed in this subsection (2)(c);

16 (d) Information originating from, and intermingled to be  
17 indistinguishable with, information under (c) of this subsection that  
18 is maintained by:

19 (i) A covered entity or business associate as defined by the  
20 health insurance portability and accountability act of 1996 and  
21 related regulations;

22 (ii) A health care facility or health care provider as defined in  
23 RCW 70.02.010; or

24 (iii) A program or a qualified service organization as defined by  
25 42 C.F.R. Part 2, established pursuant to 42 U.S.C. Sec. 290dd-2;

26 (e) Information used only for public health activities and  
27 purposes as described in 45 C.F.R. Sec. 164.512;

28 (f)(i) An activity involving the collection, maintenance,  
29 disclosure, sale, communication, or use of any personal information  
30 bearing on a consumer's credit worthiness, credit standing, credit  
31 capacity, character, general reputation, personal characteristics, or  
32 mode of living by a consumer reporting agency, as defined in Title 15  
33 U.S.C. Sec. 1681a(f), by a furnisher of information, as set forth in  
34 Title 15 U.S.C. Sec. 1681s-2, who provides information for use in a  
35 consumer report, as defined in Title 15 U.S.C. Sec. 1681a(d), and by  
36 a user of a consumer report, as set forth in Title 15 U.S.C. Sec.  
37 1681b.

38 (ii) (f)(i) of this subsection shall apply only to the extent  
39 that such activity involving the collection, maintenance, disclosure,  
40 sale, communication, or use of such information by that agency,

1 furnish, or user is subject to regulation under the fair credit  
2 reporting act, Title 15 U.S.C. Sec. 1681 et seq., and the information  
3 is not collected, maintained, used, communicated, disclosed, or sold  
4 except as authorized by the fair credit reporting act;

5 (g) Personal data collected and maintained for purposes of  
6 chapter 43.71 RCW;

7 (h) Personal data collected, processed, sold, or disclosed  
8 pursuant to the federal Gramm-Leach-Bliley act (P.L. 106-102), and  
9 implementing regulations, if the collection, processing, sale, or  
10 disclosure is in compliance with that law;

11 (i) Personal data collected, processed, sold, or disclosed  
12 pursuant to the federal driver's privacy protection act of 1994 (18  
13 U.S.C. Sec. 2721 et seq.), if the collection, processing, sale, or  
14 disclosure is in compliance with that law;

15 (j) Personal data regulated by the federal family educations  
16 rights and privacy act, 20 U.S.C. Sec. 1232g and its implementing  
17 regulations;

18 (k) Personal data regulated by the student user privacy in  
19 education rights act, chapter 28A.604 RCW;

20 (l) Personal data collected, processed, sold, or disclosed  
21 pursuant to the federal farm credit act of 1971 (as amended in 12  
22 U.S.C. Sec. 2001-2279cc) and its implementing regulations (12 C.F.R.  
23 Part 600 et seq.) if the collection, processing, sale, or disclosure  
24 is in compliance with that law; or

25 (m) Data maintained for employment records purposes.

26 (3) Controllers that are in compliance with the verifiable  
27 parental consent mechanisms under the children's online privacy  
28 protection act, Title 15 U.S.C. Sec. 6501 through 6506 and its  
29 implementing regulations, shall be deemed compliant with any  
30 obligation to obtain parental consent under this chapter.

31 NEW SECTION. **Sec. 5.** RESPONSIBILITY ACCORDING TO ROLE. (1)  
32 Controllers and processors are responsible for meeting their  
33 respective obligations established under this chapter.

34 (2) Processors are responsible under this chapter for adhering to  
35 the instructions of the controller and assisting the controller to  
36 meet its obligations under this chapter. Such assistance shall  
37 include the following:

38 (a) Taking into account the nature of the processing, the  
39 processor shall assist the controller by appropriate technical and

1 organizational measures, insofar as this is possible, for the  
2 fulfillment of the controller's obligation to respond to consumer  
3 requests to exercise their rights pursuant to section 6 of this act;  
4 and

5 (b) Taking into account the nature of processing and the  
6 information available to the processor, the processor shall assist  
7 the controller in meeting the controller's obligations in relation to  
8 the security of processing the personal data and in relation to the  
9 notification of a breach of the security of the system pursuant to  
10 RCW 19.255.010; and shall provide information to the controller  
11 necessary to enable the controller to conduct and document any data  
12 protection assessments required by section 9 of this act.

13 (3) Notwithstanding the instructions of the controller, a  
14 processor shall:

15 (a) Implement and maintain reasonable security procedures and  
16 practices to protect personal data, taking into account the context  
17 in which the personal data are to be processed;

18 (b) Ensure that each person processing the personal data is  
19 subject to a duty of confidentiality with respect to the data; and

20 (c) Engage a subcontractor only after providing the controller  
21 with an opportunity to object and pursuant to a written contract in  
22 accordance with subsection (5) of this section that requires the  
23 subcontractor to meet the obligations of the processor with respect  
24 to the personal data.

25 (4) Processing by a processor shall be governed by a contract  
26 between the controller and the processor that is binding on both  
27 parties and that sets out the processing instructions to which the  
28 processor is bound, including the nature and purpose of the  
29 processing, the type of personal data subject to the processing, the  
30 duration of the processing, and the obligations and rights of both  
31 parties. In addition, the contract shall include the requirements  
32 imposed by this subsection and subsection (3) of this section, as  
33 well as the following requirements:

34 (a) At the choice of the controller, the processor shall delete  
35 or return all personal data to the controller as requested at the end  
36 of the provision of services, unless retention of the personal data  
37 is required by law;

38 (b) (i) The processor shall make available to the controller all  
39 information necessary to demonstrate compliance with the obligations  
40 in this chapter; and (ii) the processor shall allow for, and

1 contribute to, reasonable audits and inspections by the controller or  
2 the controller's designated auditor; alternatively, the processor  
3 may, with the controller's consent, arrange for a qualified and  
4 independent auditor to conduct, at least annually and at the  
5 processor's expense, an audit of the processor's policies and  
6 technical and organizational measures in support of the obligations  
7 under this chapter using an appropriate and accepted control standard  
8 or framework and audit procedure for such audits as applicable, and  
9 shall provide a report of such audit to the controller upon request.

10 (5) In no event shall any contract relieve a controller or a  
11 processor from the liabilities imposed on them by virtue of its role  
12 in the processing relationship as defined by this chapter.

13 (6) Determining whether a person is acting as a controller or  
14 processor with respect to a specific processing of data is a fact-  
15 based determination that depends upon the context in which personal  
16 data are to be processed. A person that is not limited in its  
17 processing of personal data pursuant to a controller's instructions,  
18 or that fails to adhere to such instructions, is a controller and not  
19 a processor with respect to a specific processing of data. A  
20 processor that continues to adhere to a controller's instructions  
21 with respect to a specific processing of personal data remains a  
22 processor. If a processor begins, alone or jointly with others,  
23 determining the purposes and means of the processing of personal  
24 data, it is a controller with respect to such processing.

25 NEW SECTION. **Sec. 6.** CONSUMER PERSONAL DATA RIGHTS. Consumers  
26 may exercise the rights set forth in this section by submitting a  
27 request, at any time, to a controller specifying which rights the  
28 consumer wishes to exercise. In the case of processing personal data  
29 concerning a known child, the parent or legal guardian of the known  
30 child shall exercise the rights of this chapter on the child's  
31 behalf. Except as provided in this chapter, the controller must  
32 comply with a request to exercise the rights pursuant to subsections  
33 (1) through (5) of this section.

34 (1) *Right of access.* A consumer has the right to confirm whether  
35 or not a controller is processing personal data concerning the  
36 consumer and access such personal data.

37 (2) *Right to correction.* A consumer has the right to correct  
38 inaccurate personal data concerning the consumer, taking into account

1 the nature of the personal data and the purposes of the processing of  
2 the personal data.

3 (3) *Right to deletion.* A consumer has the right to delete  
4 personal data concerning the consumer.

5 (4) *Right to data portability.* A consumer has the right to obtain  
6 personal data concerning the consumer, which the consumer previously  
7 provided to the controller, in a portable and, to the extent  
8 technically feasible, readily usable format that allows the consumer  
9 to transmit the data to another controller without hindrance, where  
10 the processing is carried out by automated means.

11 (5) *Right to opt out.* A consumer has the right to opt out of the  
12 processing of personal data concerning such consumer for purposes of  
13 targeted advertising, the sale of personal data, or profiling in  
14 furtherance of decisions that produce legal effects concerning a  
15 consumer or similarly significant effects concerning a consumer.

16 (6) *Responding to consumer requests.* (a) A controller must inform  
17 a consumer of any action taken on a request under subsections (1)  
18 through (5) of this section without undue delay and in any event  
19 within forty-five days of receipt of the request. That period may be  
20 extended once by forty-five additional days where reasonably  
21 necessary, taking into account the complexity and number of the  
22 requests. The controller must inform the consumer of any such  
23 extension within forty-five days of receipt of the request, together  
24 with the reasons for the delay.

25 (b) If a controller does not take action on the request of a  
26 consumer, the controller must inform the consumer without undue delay  
27 and at the latest within forty-five days of receipt of the request of  
28 the reasons for not taking action and instructions for how to appeal  
29 the decision with the controller as described in subsection (7) of  
30 this section.

31 (c) Information provided under this section must be provided by  
32 the controller free of charge, up to twice annually to the consumer.  
33 Where requests from a consumer are manifestly unfounded or excessive,  
34 in particular because of their repetitive character, the controller  
35 may either: (i) Charge a reasonable fee to cover the administrative  
36 costs of complying with the request, or (ii) refuse to act on the  
37 request. The controller bears the burden of demonstrating the  
38 manifestly unfounded or excessive character of the request.

39 (d) A controller is not required to comply with a request to  
40 exercise any of the rights under subsections (1) through (4) of this

1 section if the controller is unable to authenticate the request using  
2 commercially reasonable efforts. In such cases, the controller may  
3 request the provision of additional information reasonably necessary  
4 to authenticate the request.

5 (7) (a) Controllers must establish an internal process whereby  
6 consumers may appeal a refusal to take action on a request to  
7 exercise any of the rights under subsections (1) through (5) of this  
8 section within a reasonable period of time after the consumer's  
9 receipt of the notice sent by the controller under subsection (6) (b)  
10 of this section.

11 (b) The appeal process must be conspicuously available and as  
12 easy to use as the process for submitting such requests under this  
13 section.

14 (c) Within thirty days of receipt of an appeal, a controller must  
15 inform the consumer of any action taken or not taken in response to  
16 the appeal, along with a written explanation of the reasons in  
17 support thereof. That period may be extended by sixty additional days  
18 where reasonably necessary, taking into account the complexity and  
19 number of the requests serving as the basis for the appeal. The  
20 controller must inform the consumer of any such extension within  
21 thirty days of receipt of the appeal, together with the reasons for  
22 the delay. The controller must also provide the consumer with an  
23 email address or other online mechanism through which the consumer  
24 may submit the appeal, along with any action taken or not taken by  
25 the controller in response to the appeal and the controller's written  
26 explanation of the reasons in support thereof, to the attorney  
27 general.

28 (d) When informing a consumer of any action taken or not taken in  
29 response to an appeal pursuant to (c) of this subsection, the  
30 controller must clearly and prominently ask the consumer whether the  
31 consumer consents to having the controller submit the appeal, along  
32 with any action taken or not taken by the controller in response to  
33 the appeal and must, upon request, provide the controller's written  
34 explanation of the reasons in support thereof, to the attorney  
35 general. If the consumer provides such consent, the controller must  
36 submit such information to the attorney general.

37 NEW SECTION. **Sec. 7.** PROCESSING DEIDENTIFIED DATA OR  
38 PSEUDONYMOUS DATA. (1) This chapter does not require a controller or

1 processor to do any of the following solely for purposes of complying  
2 with this chapter:

3 (a) Reidentify deidentified data;

4 (b) Comply with an authenticated consumer request to access,  
5 correct, delete, or port personal data pursuant to section 6 (1)  
6 through (4) of this act, if all of the following are true:

7 (i) (A) The controller is not reasonably capable of associating  
8 the request with the personal data, or (B) it would be unreasonably  
9 burdensome for the controller to associate the request with the  
10 personal data;

11 (ii) The controller does not use the personal data to recognize  
12 or respond to the specific consumer who is the subject of the  
13 personal data, or associate the personal data with other personal  
14 data about the same specific consumer; and

15 (iii) The controller does not sell the personal data to any third  
16 party or otherwise voluntarily disclose the personal data to any  
17 third party other than a processor, except as otherwise permitted in  
18 this section; or

19 (c) Maintain data in identifiable form, or collect, obtain,  
20 retain, or access any data or technology, in order to be capable of  
21 associating an authenticated consumer request with personal data.

22 (2) The rights contained in section 6 (1) through (4) of this act  
23 do not apply to pseudonymous data in cases where the controller is  
24 able to demonstrate any information necessary to identify the  
25 consumer is kept separately and is subject to effective technical and  
26 organizational controls that prevent the controller from accessing  
27 such information.

28 (3) A controller that uses pseudonymous data or deidentified data  
29 must exercise reasonable oversight to monitor compliance with any  
30 contractual commitments to which the pseudonymous data or  
31 deidentified data are subject, and must take appropriate steps to  
32 address any breaches of contractual commitments.

33 NEW SECTION. **Sec. 8.** RESPONSIBILITIES OF CONTROLLERS. (1)  
34 *Transparency.*

35 (a) Controllers shall provide consumers with a reasonably  
36 accessible, clear, and meaningful privacy notice that includes:

37 (i) The categories of personal data processed by the controller;

38 (ii) The purposes for which the categories of personal data are  
39 processed;

1 (iii) How and where consumers may exercise the rights contained  
2 in section 6 of this act, including how a consumer may appeal a  
3 controller's action with regard to the consumer's request;

4 (iv) The categories of personal data that the controller shares  
5 with third parties, if any; and

6 (v) The categories of third parties, if any, with whom the  
7 controller shares personal data.

8 (b) If a controller sells personal data to third parties or  
9 processes personal data for targeted advertising, it must clearly and  
10 conspicuously disclose such processing, as well as the manner in  
11 which a consumer may exercise the right to opt out of such  
12 processing, in a clear and conspicuous manner.

13 (c) Controllers shall establish, and shall describe in the  
14 privacy notice, one or more secure and reliable means for consumers  
15 to submit a request to exercise their rights under this chapter. Such  
16 means shall take into account the ways in which consumers interact  
17 with the controller, the need for secure and reliable communication  
18 of such requests, and the controller's ability to authenticate the  
19 identity of the consumer making the request. Controllers shall not  
20 require a consumer to create a new account in order to exercise a  
21 right, but a controller may require a consumer to use an existing  
22 account to exercise the consumer's rights under this chapter.

23 (2) *Purpose specification.* A controller's collection of personal  
24 data must be limited to what is reasonably necessary in relation to  
25 the purposes for which such data are processed, as disclosed to the  
26 consumer.

27 (3) *Data minimization.* A controller's collection of personal data  
28 must be adequate, relevant, and limited to what is reasonably  
29 necessary in relation to the purposes for which such data are  
30 processed, as disclosed to the consumer.

31 (4) *Avoid secondary use.* Except as provided in this chapter, a  
32 controller may not process personal data for purposes that are not  
33 reasonably necessary to, or compatible with, the purposes for which  
34 such personal data are processed, as disclosed to the consumer,  
35 unless the controller obtains the consumer's consent.

36 (5) *Security.* A controller shall establish, implement, and  
37 maintain reasonable administrative, technical, and physical data  
38 security practices to protect the confidentiality, integrity, and  
39 accessibility of personal data. Such data security practices shall be  
40 appropriate to the volume and nature of the personal data at issue.

1           (6) *Nondiscrimination*. A controller may not process personal data  
2 in violation of state and federal laws that prohibit unlawful  
3 discrimination against consumers. A controller shall not discriminate  
4 against a consumer for exercising any of the rights contained in this  
5 chapter, including denying goods or services to the consumer,  
6 charging different prices or rates for goods or services, and  
7 providing a different level of quality of goods and services to the  
8 consumer. This subsection shall not prohibit a controller from  
9 offering a different price, rate, level, quality, or selection of  
10 goods or services to a consumer, including offering goods or services  
11 for no fee, if the offering is in connection with a consumer's  
12 voluntary participation in a bona fide loyalty, rewards, premium  
13 features, discounts, or club card program. A controller may not sell  
14 personal data to a third-party controller as part of such a program  
15 unless: (a) The sale is reasonably necessary to enable the third  
16 party to provide a benefit to which the consumer is entitled; (b) the  
17 sale of personal data to third parties is clearly disclosed in the  
18 terms of the program; and (c) the third party uses the personal data  
19 only for purposes of facilitating such benefit to which the consumer  
20 is entitled and does not retain or otherwise use or disclose the  
21 personal data for any other purpose. A controller may not enroll a  
22 consumer in a facial recognition service in connection with a bona  
23 fide loyalty, rewards, premium features, discounts, or club card  
24 program.

25           (7) *Sensitive data*. Except as otherwise provided in this act, a  
26 controller may not process sensitive data concerning a consumer  
27 without obtaining the consumer's consent, or, in the case of the  
28 processing of personal data concerning a known child, without  
29 obtaining consent from the child's parent or lawful guardian, in  
30 accordance with the children's online privacy protection act  
31 requirements.

32           (8) *Nonwaiver of consumer rights*. Any provision of a contract or  
33 agreement of any kind that purports to waive or limit in any way a  
34 consumer's rights under this chapter shall be deemed contrary to  
35 public policy and shall be void and unenforceable.

36           NEW SECTION.           **Sec. 9.**           DATA PROTECTION ASSESSMENTS. (1)  
37           Controllers must conduct and document a data protection assessment of  
38           each of the following processing activities involving personal data:

1 (a) The processing of personal data for purposes of targeted  
2 advertising;

3 (b) The sale of personal data;

4 (c) The processing of personal data for purposes of profiling,  
5 where such profiling presents a reasonably foreseeable risk of: (i)  
6 Unfair or deceptive treatment of, or disparate impact on, consumers;  
7 (ii) financial, physical, or reputational injury to consumers; (iii)  
8 a physical or other intrusion upon the solitude or seclusion, or the  
9 private affairs or concerns, of consumers, where such intrusion would  
10 be offensive to a reasonable person; or (iv) other substantial injury  
11 to consumers;

12 (d) The processing of sensitive data; and

13 (e) Any processing activities involving personal data that  
14 present a heightened risk of harm to consumers.

15 Such data protection assessments must take into account the type  
16 of personal data to be processed by the controller, including the  
17 extent to which the personal data are sensitive data, and the context  
18 in which the personal data are to be processed.

19 (2) Data protection assessments conducted under subsection (1) of  
20 this section must identify and weigh the benefits that may flow  
21 directly and indirectly from the processing to the controller,  
22 consumer, other stakeholders, and the public against the potential  
23 risks to the rights of the consumer associated with such processing,  
24 as mitigated by safeguards that can be employed by the controller to  
25 reduce such risks. The use of deidentified data and the reasonable  
26 expectations of consumers, as well as the context of the processing  
27 and the relationship between the controller and the consumer whose  
28 personal data will be processed, must be factored into this  
29 assessment by the controller.

30 (3) The attorney general may request, in writing, that a  
31 controller disclose any data protection assessment that is relevant  
32 to an investigation conducted by the attorney general. The controller  
33 must make a data protection assessment available to the attorney  
34 general upon such a request. The attorney general may evaluate the  
35 data protection assessments for compliance with the responsibilities  
36 contained in section 8 of this act and with other laws including, but  
37 not limited to, chapter 19.86 RCW. Data protection assessments are  
38 confidential and exempt from public inspection and copying under  
39 chapter 42.56 RCW. The disclosure of a data protection assessment  
40 pursuant to a request from the attorney general under this subsection

1 does not constitute a waiver of the attorney-client privilege or work  
2 product protection with respect to the assessment and any information  
3 contained in the assessment.

4 (4) Data protection assessments conducted by a controller for the  
5 purpose of compliance with other laws or regulations may qualify  
6 under this section if they have a similar scope and effect.

7 NEW SECTION. **Sec. 10.** LIMITATIONS AND APPLICABILITY. (1) The  
8 obligations imposed on controllers or processors under this chapter  
9 do not restrict a controller's or processor's ability to:

10 (a) Comply with federal, state, or local laws, rules, or  
11 regulations;

12 (b) Comply with a civil, criminal, or regulatory inquiry,  
13 investigation, subpoena, or summons by federal, state, local, or  
14 other governmental authorities;

15 (c) Cooperate with law enforcement agencies concerning conduct or  
16 activity that the controller or processor reasonably and in good  
17 faith believes may violate federal, state, or local laws, rules, or  
18 regulations;

19 (d) Investigate, establish, exercise, prepare for, or defend  
20 legal claims;

21 (e) Provide a product or service specifically requested by a  
22 consumer, perform a contract to which the consumer is a party, or  
23 take steps at the request of the consumer prior to entering into a  
24 contract;

25 (f) Take immediate steps to protect an interest that is essential  
26 for the life of the consumer or of another natural person, and where  
27 the processing cannot be manifestly based on another legal basis;

28 (g) Prevent, detect, protect against, or respond to security  
29 incidents, identity theft, fraud, harassment, malicious or deceptive  
30 activities, or any illegal activity; preserve the integrity or  
31 security of systems; or investigate, report, or prosecute those  
32 responsible for any such action;

33 (h) Engage in public or peer-reviewed scientific, historical, or  
34 statistical research in the public interest that adheres to all other  
35 applicable ethics and privacy laws if the deletion of the information  
36 is likely to render impossible or seriously impair the achievement of  
37 the research and the consumer provided consent; or

38 (i) Assist another controller, processor, or third party with any  
39 of the obligations under this subsection.

1 (2) The obligations imposed on controllers or processors under  
2 this chapter do not restrict a controller's or processor's ability to  
3 collect, use, or retain data to:

4 (a) Conduct internal research solely to improve or repair  
5 products, services, or technology;

6 (b) Identify and repair technical errors that impair existing or  
7 intended functionality; or

8 (c) Perform solely internal operations that are reasonably  
9 aligned with the expectations of the consumer based on the consumer's  
10 existing relationship with the controller, or are otherwise  
11 compatible with processing in furtherance of the provision of a  
12 product or service specifically requested by a consumer or the  
13 performance of a contract to which the consumer is a party.

14 (3) The obligations imposed on controllers or processors under  
15 this chapter do not apply where compliance by the controller or  
16 processor with this chapter would violate an evidentiary privilege  
17 under Washington law and do not prevent a controller or processor  
18 from providing personal data concerning a consumer to a person  
19 covered by an evidentiary privilege under Washington law as part of a  
20 privileged communication.

21 (4) A controller or processor that discloses personal data to a  
22 third-party controller or processor in compliance with the  
23 requirements of this chapter is not in violation of this chapter if  
24 the recipient processes such personal data in violation of this  
25 chapter, provided that, at the time of disclosing the personal data,  
26 the disclosing controller or processor did not have actual knowledge  
27 that the recipient intended to commit a violation. A third-party  
28 controller or processor receiving personal data from a controller or  
29 processor in compliance with the requirements of this chapter is  
30 likewise not in violation of this chapter for the obligations of the  
31 controller or processor from which it receives such personal data.

32 (5) Obligations imposed on controllers and processors under this  
33 chapter shall not:

34 (a) Adversely affect the rights or freedoms of any persons, such  
35 as exercising the right of free speech pursuant to the First  
36 Amendment to the United States Constitution; or

37 (b) Apply to the processing of personal data by a natural person  
38 in the course of a purely personal or household activity.

39 (6) Personal data that are processed by a controller pursuant to  
40 this section must not be processed for any purpose other than those

1 expressly listed in this section. Personal data that are processed by  
2 a controller pursuant to this section may be processed solely to the  
3 extent that such processing is: (i) Necessary, reasonable, and  
4 proportionate to the purposes listed in this section; and (ii)  
5 adequate, relevant, and limited to what is necessary in relation to  
6 the specific purpose or purposes listed in this section. Furthermore,  
7 personal data that are collected, used, or retained pursuant to  
8 subsection (2) of this section must, insofar as possible, taking into  
9 account the nature and purpose or purposes of such collection, use,  
10 or retention, be subjected to reasonable administrative, technical,  
11 and physical measures to protect the confidentiality, integrity, and  
12 accessibility of the personal data, and to reduce reasonably  
13 foreseeable risks of harm to consumers relating to such collection,  
14 use, or retention of personal data.

15 (7) If a controller processes personal data pursuant to an  
16 exemption in this section, the controller bears the burden of  
17 demonstrating that such processing qualifies for the exemption and  
18 complies with the requirements in subsection (6) of this section.

19 (8) Processing personal data solely for the purposes expressly  
20 identified in subsection (1)(a) through (d) or (g) of this section  
21 does not, by itself, make an entity a controller with respect to such  
22 processing.

23 NEW SECTION. **Sec. 11.** LIABILITY. (1) Any violation of this  
24 chapter shall not serve as the basis for, or be subject to, a private  
25 right of action under this chapter or under any other law. This does  
26 not relieve any party from any duties or obligations imposed, or to  
27 alter any independent rights that consumers have under other laws,  
28 chapter 19.86 RCW, the Washington state Constitution, or the United  
29 States Constitution.

30 (2) Where more than one controller or processor, or both a  
31 controller and a processor, involved in the same processing, is in  
32 violation of this chapter, the liability must be allocated among the  
33 parties according to principles of comparative fault.

34 NEW SECTION. **Sec. 12.** ENFORCEMENT. (1) The attorney general has  
35 exclusive authority to enforce this chapter by bringing an action in  
36 the name of the state, or as parens patriae on behalf of persons  
37 residing in the state.

1 (2) Any controller or processor that violates this chapter is  
2 subject to an injunction and liable for a civil penalty of not more  
3 than seven thousand five hundred dollars for each violation.

4 NEW SECTION. **Sec. 13.** CONSUMER PRIVACY ACCOUNT. The consumer  
5 privacy account is created in the state treasury. All receipts from  
6 the imposition of civil penalties under this chapter must be  
7 deposited into the account except for the recovery of costs and  
8 attorneys' fees accrued by the attorney general in enforcing this  
9 chapter. Moneys in the account may be spent only after appropriation.  
10 Moneys in the account may only be used for the purposes of the office  
11 of privacy and data protection as created under RCW 43.105.369, and  
12 may not be used to supplant general fund appropriations to the  
13 agency.

14 NEW SECTION. **Sec. 14.** PREEMPTION. This chapter supersedes and  
15 preempts laws, ordinances, regulations, or the equivalent adopted by  
16 any local entity regarding the processing of personal data by  
17 controllers or processors.

18 NEW SECTION. **Sec. 15.** ATTORNEY GENERAL REPORT. (1) The attorney  
19 general shall compile a report evaluating the liability and  
20 enforcement provisions of this chapter including, but not limited to,  
21 the effectiveness of its efforts to enforce this chapter, and any  
22 recommendations for changes to such provisions.

23 (2) The attorney general shall submit the report to the governor  
24 and the appropriate committees of the legislature by July 1, 2022.

25 NEW SECTION. **Sec. 16.** JOINT RESEARCH INITIATIVES. The governor  
26 may enter into agreements with the governments of the Canadian  
27 province of British Columbia and the states of California and Oregon  
28 for the purpose of sharing personal data or personal information by  
29 public bodies across national and state borders to enable  
30 collaboration for joint data-driven research initiatives. Such  
31 agreements must provide reciprocal protections that the respective  
32 governments agree appropriately safeguard the data.

33 NEW SECTION. **Sec. 17.** FACIAL RECOGNITION. (1) Processors that  
34 provide facial recognition services must make available an  
35 application programming interface or other technical capability,

1 chosen by the processor, to enable controllers or third parties to  
2 conduct legitimate, independent, and reasonable tests of those facial  
3 recognition services for accuracy and unfair performance differences  
4 across distinct subpopulations: PROVIDED, That making such an  
5 application programming interface or other technical capability  
6 available does not require the disclosure of proprietary data, trade  
7 secrets, intellectual property, or other information, or if doing so  
8 would increase the risk of cyberattacks including, without  
9 limitation, cyberattacks related to unique methods of conducting  
10 business, data unique to the product or services, or determining  
11 prices or rates to be charged for services. Such subpopulations are  
12 defined by visually detectable characteristics, such as (a) race,  
13 skin tone, ethnicity, gender, age, or disability status, or (b) other  
14 protected characteristics that are objectively determinable or self-  
15 identified by the individuals portrayed in the testing dataset. If  
16 the results of that independent testing identify material unfair  
17 performance differences across subpopulations and the methodology,  
18 data, and results are disclosed in a manner that allow full  
19 reproduction of the testing directly to the processor, who, acting  
20 reasonably, determines that the methodology and results of that  
21 testing are valid, then the processor must develop and implement a  
22 plan to mitigate the identified performance differences. Nothing in  
23 this subsection prevents a processor from prohibiting the use of the  
24 processor's facial recognition service by a competitor for  
25 competitive purposes.

26 (2) Processors that provide facial recognition services must  
27 provide documentation that includes general information that:

28 (a) Explains the capabilities and limitations of the services in  
29 plain language; and

30 (b) Enables testing of the services in accordance with this  
31 section.

32 (3) Processors that provide facial recognition services must  
33 prohibit, in the contract required by section 5 of this act, the use  
34 of facial recognition services by controllers to unlawfully  
35 discriminate under federal or state law against individual consumers  
36 or groups of consumers.

37 (4) Controllers must provide a conspicuous and contextually  
38 appropriate notice whenever a facial recognition service is deployed  
39 in a physical premise open to the public that includes, at minimum,  
40 the following:

1 (a) The purpose or purposes for which the facial recognition  
2 service is deployed; and

3 (b) Information about where consumers can obtain additional  
4 information about the facial recognition service including, but not  
5 limited to, a link to any applicable online notice, terms, or policy  
6 that provides information about where and how consumers can exercise  
7 any rights that they have with respect to the facial recognition  
8 service.

9 (5) Controllers must obtain consent from a consumer prior to  
10 enrolling an image of that consumer in a facial recognition service  
11 used in a physical premise open to the public.

12 (6) As an exception to subsection (5) of this section,  
13 controllers may enroll an image of a consumer in a facial recognition  
14 service for a security or safety purpose without first obtaining  
15 consent from that consumer, provided that all of the following  
16 requirements are met:

17 (a) The controller must hold a reasonable suspicion, based on a  
18 specific incident, that the consumer has engaged in criminal  
19 activity, which includes, but is not limited to, shoplifting, fraud,  
20 stalking, or domestic violence;

21 (b) Any database used by a facial recognition service for  
22 identification, verification, or persistent tracking of consumers for  
23 a security or safety purpose must be used solely for that purpose and  
24 maintained separately from any other databases maintained by the  
25 controller;

26 (c) The controller must review any such database used by the  
27 controller's facial recognition service no less than annually to  
28 remove facial templates of consumers whom the controller no longer  
29 holds a reasonable suspicion that they have engaged in criminal  
30 activity; and

31 (d) The controller must establish an internal process whereby a  
32 consumer may correct or challenge the decision to enroll the image of  
33 the consumer in a facial recognition service for a security or safety  
34 purpose.

35 (7) Controllers using a facial recognition service to make  
36 decisions that produce legal effects on consumers or similarly  
37 significant effects on consumers must ensure that those decisions are  
38 subject to meaningful human review.

39 (8) Prior to deploying a facial recognition service in the  
40 context in which it will be used, controllers using a facial

1 recognition service to make decisions that produce legal effects on  
2 consumers or similarly significant effects on consumers must test the  
3 facial recognition service in operational conditions. Controllers  
4 must take commercially reasonable steps to ensure best quality  
5 results by following all reasonable guidance provided by the  
6 developer of the facial recognition service.

7 (9) Controllers using a facial recognition service must conduct  
8 periodic training of all individuals that operate a facial  
9 recognition service or that process personal data obtained from the  
10 use of facial recognition services. Such training shall include, but  
11 not be limited to, coverage of:

12 (a) The capabilities and limitations of the facial recognition  
13 service;

14 (b) Procedures to interpret and act on the output of the facial  
15 recognition service; and

16 (c) The meaningful human review requirement for decisions that  
17 produce legal effects on consumers or similarly significant effects  
18 on consumers, to the extent applicable to the deployment context.

19 (10) Controllers shall not knowingly disclose personal data  
20 obtained from a facial recognition service to a law enforcement  
21 agency, except when such disclosure is:

22 (a) Pursuant to the consent of the consumer to whom the personal  
23 data relates;

24 (b) Required by federal, state, or local law in response to a  
25 court order, court-ordered warrant, or subpoena or summons issued by  
26 a judicial officer or grand jury;

27 (c) Necessary to prevent or respond to an emergency involving  
28 danger of death or serious physical injury to any person, upon a good  
29 faith belief by the controller; or

30 (d) To the national center for missing and exploited children, in  
31 connection with a report submitted thereto under Title 18 U.S.C. Sec.  
32 2258A.

33 (11) Controllers that deploy a facial recognition service must  
34 respond to a consumer request to exercise the rights specified in  
35 section 6 of this act and must fulfill the responsibilities  
36 identified in section 8 of this act.

37 (12) Voluntary facial recognition services used to verify an  
38 aviation passenger's identity in connection with services regulated  
39 by the secretary of transportation under Title 49 U.S.C. Sec. 41712  
40 and exempt from state regulation under Title 49 U.S.C. Sec.

1 41713(b)(1) are exempt from this section. Images captured by an  
2 airline must not be retained for more than twenty-four hours and,  
3 upon request of the attorney general, airlines must certify that they  
4 do not retain the image for more than twenty-four hours. An airline  
5 facial recognition service must disclose and obtain consent from the  
6 customer prior to capturing an image.

7 NEW SECTION. **Sec. 18.** This chapter does not apply to  
8 institutions of higher education or nonprofit corporations until July  
9 31, 2024.

10 NEW SECTION. **Sec. 19.** Sections 1 through 18 and 20 of this act  
11 constitute a new chapter in Title 19 RCW.

12 NEW SECTION. **Sec. 20.** This act takes effect July 31, 2021.
