

HB 1099 - DIGEST

Requires a health carrier to: (1) Beginning with the 2020 plan year, post information on its web site on the carrier's compliance with network adequacy standards adopted by the insurance commissioner for each of the carrier's health plans;

(2) Update the posted information at least quarterly;
and

(3) Continue to post the information for at least two years after the end of the applicable plan year.

Authorizes the insurance commissioner to audit the information a health carrier posts for accuracy.
