BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. SHORT TITLE. This act may be known and cited as the fair start for kids act.

NEW SECTION. Sec. 2. INTENT. (1) The legislature finds that high quality child care and early learning is critical to a child's success in school and life. The legislature recognizes that COVID-19 has devastated the existing child care industry, making it unduly burdensome for families to find care. The legislature recognizes that without immediate action to support child care providers, and without expanded access to affordable child care, especially infant and school-age care, parents will not be able to return to work while...
children lose valuable learning opportunities. In order to bolster a full economic recovery, the legislature finds that every child deserves a fair start.

(2) The legislature finds that access to affordable child care increases economic growth and labor force participation. The legislature further finds that an affordable, accessible system of high quality child care is necessary to the health of Washington's economy because employers benefit when parents have safe, stable, and appropriate care for their children. The legislature recognizes that too many working parents are forced to reduce their hours, decline promotional opportunities, or leave the workforce completely due to a lack of affordable and appropriate child care. The legislature finds that a report commissioned by the department of commerce in 2019 found that working parents in Washington forego $14,000,000,000 each year directly due to child care scarcity. The legislature recognizes that this disproportionally impacts women in the workforce and that in September 2020 alone, 78,000 men left the workforce, compared to 600,000 women.

(3) The legislature finds that the scarcity of child care, exacerbated by COVID-19, most significantly impacts families furthest from opportunity. The legislature recognizes that there are additional barriers to accessing this foundational support for immigrant communities and families whose first language is not English, families who have children with disabilities, rural communities, or other child care deserts. The legislature recognizes that high quality, inclusive child care and early learning programs have been shown to reduce the opportunity gap for low-income children and black, indigenous, and children of color while consistently improving outcomes for all children both inside and outside of the classroom.

(4) The legislature finds that without access to comprehensive, high quality prenatal to five services, children often enter kindergarten without the social-emotional, physical, cognitive, and language skills they need to be successful and fall behind their peers, facing compounding developmental challenges throughout their K-12 education. The legislature finds that cascading impacts of inaccessible child care and early learning programs create systemic barriers for children and their families that result in higher special education needs, greater likelihood of needing to repeat grades, increased child welfare and juvenile justice involvement,
reduced high school graduation rates, limited postsecondary education attainment, and greater barriers to employment in adulthood.

(5) The legislature finds the vast majority of child care providers are small businesses and nonprofit organizations. In addition to adhering to federal, state, and local regulations to ensure healthy and safe environments for children, the legislature recognizes that child care providers must ensure their employees are adequately compensated and supported. However, the legislature acknowledges that the reduced staffing ratios for health and safety, additional cost of personal protective equipment and extra cleaning supplies, increased use of substitutes needed during COVID-19-related absences, and increased technology demands during school closures from the pandemic are further straining the viability of the child care business model in Washington state.

(6) The legislature finds that the health and stability of the early learning workforce is pivotal to any expansion of child care in Washington state. The legislature recognizes that the child care workforce, predominantly comprised of women of color, is structurally afflicted by low wages, limited or no health care, and a severe lack of retirement benefits. The legislature further recognizes that the threat of COVID-19 compounds these underlying issues, forcing providers to navigate increased stress, anxiety, and behavioral issues all while risking their lives to care for children. The legislature recognizes that families, friends, and neighbors who provide care are a critical component of the child care system. The legislature finds that child care workers are essential and deserve to be compensated and benefited accordingly.

(7) Therefore, the legislature resolves to respond to the COVID-19 crisis by first stabilizing the child care industry and then expanding access to a comprehensive continuum of high quality early childhood development programs, including infant and school-age child care, preschool, parent and family supports, and prenatal to three services. The legislature recognizes this continuum as critical to meeting different families' needs and offering every child in Washington access to a fair start.

(8) The legislature recognizes the strengths that multilingual, diverse early learning providers and caregivers contribute to early learning across the state. Therefore, the legislature intends to expand language access services to create an inclusive early learning system that specifically supports underserved providers.
(9) The legislature intends to expand eligibility for existing child care and preschool programs to increase access. The legislature recognizes that expansion must be accompanied by an investment to make child care more affordable. Therefore, the legislature intends to eliminate copayments for low-income families and limit copayments for any family on subsidy to no more than seven percent of their income.

(10) The legislature further intends to stabilize, support, and grow the diverse early learning workforce by funding living wages and affordable health benefits while providing training, infant and early childhood mental health consultation, shared business services, and a variety of other supports that recognize the critical role that early learning providers serve for all Washington children.

(11) The legislature intends to accelerate Washington's economic recovery from the devastating impacts of COVID-19 by dramatically expanding access to affordable, high quality child care and preschool, in order to get parents back to work and provide every child with a fair start.

PART I

NEW SECTION. Sec. 103. INFLATIONARY ADJUSTMENTS. Beginning July 1, 2023, and subject to the availability of amounts appropriated for this specific purpose, rates paid under sections 302, 305, and 404 of this act and RCW 43.216.578 must be adjusted every two years according to an inflationary increase. The inflationary increase must be calculated by applying the rate of the increase in the inflationary adjustment index to the rates established in sections 302, 305, and 404 of this act and RCW 43.216.578. Any funded inflationary increase must be included in the rate used to determine inflationary increases in subsequent years. For the purposes of this section, "inflationary adjustment index" means the implicit price deflator averaged for each fiscal year, using the official current base rate, compiled by the bureau of economic analysis, United States department of commerce.

(4)(a) Beginning (August 1, 2020)) July 1, 2023, and subject to the availability of amounts appropriated for this specific purpose, the department may not require an applicant or consumer to meet work requirements as a condition of receiving working connections child care benefits when the applicant or consumer is:

(i) A single parent;

The legislature further finds that eligibility guidelines require reduced-price meals for children with household incomes at or below 185 percent of the federal poverty level and that this income level is approximately equivalent to 50 percent of the state median income for a household of three.
Therefore, the legislature intends to raise the maximum family income for children entitled to enroll in the early childhood education and assistance program to 36 percent of the state median income beginning July 1, 2026. PART IV
STRENGTHENING PRENATAL TO THREE SUPPORTS

NEW SECTION. Sec. 401. PRENATAL TO THREE INTENT. (1) The legislature finds that parental relationships and healthy interactions in the first few years of life help shape the development of babies' and toddlers' brains and bodies. Eighty percent of the brain is developed by the age of three and parents are a child's first teachers.

(2) The legislature finds that the federal family first prevention services act (P.L. 115-123) offers the state the opportunity to leverage federal funding for certain programs, including in-home parent skill-based programs, substance use disorder support, and mental health interventions. Culturally relevant, evidence-based programs that may qualify for these federal funds are limited. Therefore, state support may be necessary to serve traditionally underrepresented communities and increase positive engagement from parents and caregivers of children from before birth to age three.

(3) The legislature finds that small teacher-child ratios for infant and toddler care, as well as the existence of child care deserts with low levels of access to care for the birth to three age
group, contribute to higher expenses for providers and families with babies and young children.

(4) Therefore, the legislature intends to expand parent and family education and support, incentivize the provision of infant and toddler care, and make early therapeutic and preventative services more readily available to families and young children.

NEW SECTION. Sec. 402. EDUCATION AND SUPPORT FOR PARENTS AND FAMILY, FRIEND, AND NEIGHBOR CAREGIVERS. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer a prenatal to three family engagement strategy to support expectant parents, babies and toddlers from birth to three years of age, and their caregivers.

(2) Components of the prenatal to three family engagement strategy must include supports and services to improve maternal and infant health outcomes, reduce and mitigate trauma, promote attachment and other social-emotional assets, strengthen parenting skills, and provide early supports to help maximize healthy and robust childhood development and reduce isolation. Services and supports may include:

(a) In-home parent skill-based programs and training established in RCW 43.216.130;
(b) Facilitated play and learn groups;
(c) Parent peer-support groups, including groups designed for families with children with complex needs; families whose primary home language is not English; incarcerated parents; families coping with substance use disorder or mental health support needs; black, indigenous, and families of color; or other specific needs; and
(d) Other prenatal to age three programs and services.

(3) Continuity of services for babies and toddlers are important for early childhood brain development. Therefore, the services and supports described in this section may be made available to biological parents, foster parents, kinship care providers, and other family, friend, and neighbor caregivers.

Sec. 403. RCW 43.216.578 and 2019 c 408 s 8 are each amended to read as follows:

BIRTH TO THREE EARLY CHILDHOOD EDUCATION AND ASSISTANCE PROGRAM. (1) (Within resources available under the federal preschool development grant birth to five grant award received in December
Subject to the availability of amounts appropriated for this specific purpose, the department shall (develop a plan for phased implementation of) administer a birth to three early childhood education and assistance program (pilot project) for eligible children under thirty-six months old. Funds to implement the (pilot project) program may include a combination of federal, state, or private sources.

(2) The department may adopt rules to implement the (pilot project) program and may waive or adapt early childhood education and assistance program requirements when necessary to allow for the operation of the birth to three early childhood education and assistance program. The department shall consider early head start rules and regulations when developing the provider and family eligibility requirements and program requirements. (Any deviations from early head start standards, rules, or regulations must be identified and explained by the department in its annual report under subsection (6) of this section.)

(3)(a) (Upon securing adequate funds to begin implementation, the pilot project) The birth to three early childhood education and assistance program((s)) must be delivered through child care centers and family home providers who meet minimum licensing standards and are enrolled in the early achievers program.

(b) The department must determine minimum early achievers ratings scores for ((programs)) participating ((in the pilot project)) contractors.

(4) ((When selecting pilot project locations for service delivery, the department may allow each pilot project location to have up to three classrooms per location. When selecting and approving pilot project locations, the department shall attempt to select a combination of rural, urban, and suburban locations. The department shall prioritize locations with programs currently operating early head start, head start, or the early childhood education and assistance program.

(5)) To be eligible for the birth to three early childhood education and assistance program, a child's family income must be at or below ((one hundred thirty)) 50 percent of the ((federal poverty level)) state median income and the child must be under thirty-six months old.

(6) Beginning November 1, 2020, and each November 1st thereafter during pilot project activity, the department shall submit
an annual report to the governor and legislature that includes a status update that describes the planning work completed, the status of funds secured, and any implementation activities of the pilot project. Implementation activity reports must include a description of the participating programs and number of children and families served.}

NEW SECTION. Sec. 404. INFANT CARE INCENTIVES. (1) The legislature finds that our state suffers from an extreme shortage of infant child care, impacting the ability of parents to participate in the workforce. Further, parents returning to work after using paid family leave to care for a new child struggle to find readily available, high quality care during a time of critical growth and brain development for young children. Therefore, the legislature intends to incentivize the provision of high quality infant care.

(2) By July 1, 2022, the department shall provide an infant rate enhancement for licensed or certified child care providers and birth to three early childhood education and assistance program contractors who are:

(1) Accepting state subsidy;
(2) In good standing with the early achievers quality rating and improvement system; and
(3) Caring for a child between the ages of birth and 11 months.

(3) To the extent practicable, parties should consider in collective bargaining agreements, beginning in the 2021-2023 fiscal biennium, implementation of a rate structure similar to the provisions in this section.

NEW SECTION. Sec. 405. EARLY THERAPEUTIC AND PREVENTATIVE SERVICES. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer early therapeutic and preventative services and programs, such as the early childhood intervention and prevention services program, and other related services for children who are:

(1) Between the ages of birth and five years; and
(2) Referred by a child welfare worker, a department of social and health services social worker, a primary care physician, a behavioral health provider, or a public health nurse due to: (i) Risk of child abuse or neglect; (ii) exposure to complex trauma; or (iii) significant developmental delays.
Subject to the availability of amounts appropriated for this specific purpose, the department shall make all reasonable efforts to deliver early therapeutic and preventative services and programs statewide. These services and programs must focus first on children and families furthest from opportunity as defined by income and be delivered by programs that emphasize greater racial equity.
