21 (1) The COVID-19 public health response account is created in the
22 custody of the state treasurer. The account shall consist of funds
23 appropriated by the legislature and grants received by the department
24 of health for activities in response to the coronavirus pandemic
25 (COVID-19). Only the secretary, or the secretary's designee, may
26 authorize expenditures from the account for costs related to the
27 public health response to COVID-19, subject to any limitations
28 imposed by grant funding deposited into the account. The COVID-19
29 public health response account is subject to allotment procedures
30 under chapter 43.88 RCW, but an appropriation is not required for
31 expenditures.

32 (2)(a) The legislature finds that a safe, efficient, and
33 effective delivery of vaccinations is of the utmost importance for
34 restoring societal and economic functions. As we learn more about the
35 virus, the vaccine, and challenges to vaccine allocation and
36 distribution, it is anticipated that the state's COVID-19 vaccination
37 distribution plan will evolve. To that end, the legislature has
38 provided flexibility by funding expenditures for testing, contact

1 tracing, mitigation activities, vaccine administration and
2 distribution, and other allowable uses for the state, local health
3 jurisdictions, and tribes at the discretion of the secretary and
4 without an appropriation. However, to maintain fiscal control and to
5 ensure spending priorities align, the department is required to
6 collaborate and communicate with the chairs and ranking members of
7 the health care and fiscal committees of the legislature and local
8 health jurisdictions in advance of any significant revision of the
9 state's COVID-19 vaccination plan and to provide regular updates on
10 its implementation and spending.

11 (b) As part of the public health response to COVID-19, the
12 expenditures from the account must be used to effectively administer
13 the vaccine for COVID-19 and conduct testing and contact tracing. The
14 department must ensure that COVID-19 outreach is accessible,
15 culturally and linguistically appropriate, and that it includes
16 community-driven partnerships and strategies.

17 (c) When making expenditures for administering the vaccine for
18 COVID-19, the department must focus on identifying persons for
19 vaccination, prioritizing underserved, underrepresented, and hard-to-
20 reach communities, making the vaccine accessible, and providing
21 support to schools for safe reopening. Strategies for vaccine
22 distribution shall include the establishment and expansion of
23 community vaccination centers, mobile vaccination units, reporting
24 enhancements, in-home visits for vaccinations for the elderly, and
25 transportation of individuals to vaccination sites.

26 (d) When making expenditures regarding testing and contact
27 tracing, the department must provide equitable access, prioritize
28 underserved, underrepresented, and hard-to-reach communities, and
29 provide support and resources to facilitate the safe reopening of
30 schools while minimizing community spread of the virus.

31 (e) The department may also make expenditures from the account
32 related to developing the public health workforce using funds granted
33 by the federal government for that purpose in section 2501, the
34 American rescue plan act of 2021, P.L. 117-2.

35 (3) When making expenditures from the account, the department
36 must include an emphasis on public communication regarding the
37 availability and accessibility of the vaccine and testing, and the
38 importance of vaccine and testing availability to the safe reopening
39 of the state.

1 (4) (a) The department must report to the fiscal and health care
2 committees of the legislature on a monthly basis regarding its
3 COVID-19 response.

4 (b) To the extent that it is available, the report must include
5 data regarding vaccine distribution, testing, and contact tracing, as
6 follows:

7 (i) The number of vaccines administered per day, including
8 regional data regarding the location and age groups of persons
9 receiving the vaccine, specifically identifying hard-to-reach
10 communities in which vaccines were administered; and

11 (ii) The number of tests conducted per week, including data
12 specifically addressing testing conducted in hard-to-reach
13 communities.

14 (c) The first monthly report is due no later than one month from
15 February 19, 2021. Monthly reports are no longer required upon the
16 department's determination that the remaining balance of the COVID-19
17 (~~(public health))~~ public health response account is less than
18 \$100,000.

19 **Sec. 8.** RCW 28A.300.820 and 2021 c 334 s 1901 are each reenacted
20 to read as follows:

21 The elementary and secondary school emergency relief III account
22 is created in the state treasury. Revenues attributable to section
23 2001, the American rescue plan act of 2021, P.L. 117-2 must be

27 to read as follows:

28 The energy efficiency account is hereby created in the state
29 treasury. The sums deposited in the energy efficiency account shall

31 for projects that encourage the establishment and use of innovative
32 and sustainable industries for renewable energy and energy efficiency
33 technology. The balance of state funds, federal funds, and loan
34 repayments, from the energy recovery act account, are deposited in
35 this account. Moneys in the account may also be appropriated and

37 achieve reductions in greenhouse gas emissions for emissions-
38 intensive, trade-exposed industries.

40 ~~((b))~~ (b)(iii) of this subsection. Future distributions must be
