By Representative Corry

**NOT CONSIDERED 01/02/2024**

1        On page 1, line 5, after "**Sec. 1.**" insert "The legislature  
2 recognizes that recent acts of violent extremism have shaken our  
3 communities and continue to create social tension across our great  
4 state. Acts of violent extremism, borne through the spread of  
5 propaganda, only seek to create fear and divide our citizens. The  
6 violence and destruction perpetrated by hateful groups, such as  
7 white supremacists and antifa, has no place in a civil society.  
8 Therefore, it is the intent of the legislature to create the  
9 domestic violent extremism commission to inform the legislature on  
10 practical, community-based solutions to address violence perpetrated  
11 by all violent political extremists.
