

ESHB 1998 - S AMD 697  
By Senator Salomon

ADOPTED 02/22/2024

1       On page 4, line 28, after "for" strike "utility connections" and  
2 insert "sewer connections, unless the city or county makes a finding,  
3 based on facts, that the connection fees should exceed the one-half  
4 threshold"

EFFECT: Clarifies that a city or county may not treat a sleeping unit in co-living housing as more than one-half of a dwelling unit for purposes of calculating fees for sewer connections, rather than utility connections, unless the city or county makes a finding, based on facts, that the connection fees should exceed the one-half threshold.
