WITHDRAWN 03/03/2023

1 On page 2, line 26, after "percent." insert "This adjustment must
2 not be applied if a school district draws a larger number of families
3 with children in need of special education services, when compared to
4 school districts of a similar size, due to the proximity of group
5 homes."

EFFECT: Provides that the special education funded enrollment percent cap of 15 percent does not apply if a school district draws a larger number of families with children in need of special education services, when compared to school districts of a similar size, due to the proximity of group homes.
