Brief Summary of Bill

- Allows the Washington State Opportunity Scholarship Board to establish and contract with private nonprofit corporations for program administration purposes.
- Modifies requirements under the state match.

SENATE COMMITTEE ON HIGHER EDUCATION & WORKFORCE DEVELOPMENT

Staff: Alicia Kinne-Clawson (786-7407)

Background: The Washington State Opportunity Scholarship (WSOS) program was established in 2011 to provide scholarships to low- and middle-income resident students pursuing eligible high-demand baccalaureate degrees in science, technology, engineering, and mathematics, and health care, and to encourage scholarship recipients to work in the state upon completion of their degrees.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not part of the legislation nor does it constitute a statement of legislative intent.

The program was expanded in 2018 to provide awards to students in high-demand community and technical college programs as well as advanced degree programs.

Summary of Bill: The WSOS Board is permitted to contract with more than one private nonprofit corporation. The board may also establish and contract with a private nonprofit corporation to operate as the program administrator to fulfill the duties required by the opportunity scholarship program.

The state match, up to a maximum of \$50 million shall be provided annually and is no longer contingent on state tax collections exceeding fiscal year 2008 levels.

Appropriation: None.

Fiscal Note: Requested on January 12, 2023.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: PRO: This bill makes some administrative changes to the Opportunity Scholarship, it provides an important safeguard to ensure the WSOS can continue serving scholars. This bill will modify the program administrator to mean one or more nonprofit corporations, allowing the WSOS to contract for discreet program administrator responsibilities. It gives the board authority to cause one or more nonprofits to be created for administrative duties who would operate independently as a separate entity whose purpose is to serve the Opportunity Scholarship Program. This bill will strike antiquated language which has caused confusion, will provide clarity, and will align the program with the legislative intent of providing a state match every year based on cash and pledges received by the caseload forecast date.
