

**RCW 28A.300.108 Tribal consultation training and schedule. (1)**

The legislature recognizes that federal law requires some school districts to consult with federally recognized tribes on issues affecting American Indian and Alaska Native students. Under the federal every student succeeds act, this consultation requirement is intended to "ensure timely and meaningful consultation on issues affecting American Indian and Alaska Native students." The legislature acknowledges that many school district staff have not had the opportunity to learn how to engage in meaningful consultation as required by the federal law and recognizes that additional training opportunities for school directors and school district staff are needed. The legislature finds that ensuring the federal consultation requirements are implemented in a meaningful way will contribute towards helping create a more inclusive educational environment that supports long-term success for all native students.

(2) (a) The office of the superintendent of public instruction, the office of Native education in conjunction with the Washington state Native American education advisory committee, and the Washington state school directors' association shall collaborate, at a minimum, with the tribal leaders congress on education, and any other affected federally recognized tribes that express interest in participating, to develop a tribal consultation training and schedule for purposes of assisting school district board directors and staff in understanding how to engage in the consultation process required under Title VI of the federal every student succeeds act (P.L. 114-95, 20 U.S.C. Sec. 10001 et seq., 20 U.S.C. 6301 et seq.).

(e) The training must be made available to all school district directors and educational service district board members, and it is encouraged that the training also be included in onboarding training for all new school district directors and educational service district board members.
