

RCW 28A.413.005 Findings. Paraeducators provide the majority of instruction in programs designed by the legislature to reduce the opportunity gap. By setting common statewide standards, requiring training in the standards, and offering career development for paraeducators, as well as training for teachers and principals who work with paraeducators, students in these programs have a better chance of succeeding. [2017 c 237 § 1.]
