(2) No later than thirty days following receipt of the funds from the federal government, the superintendent of public instruction shall apportion moneys distributed to counties for schools to public school districts in the respective counties in proportion to the number of resident full-time equivalent students enrolled in each public school district to the number of resident full-time equivalent students enrolled in public schools in the county. In apportioning these funds, the superintendent of public instruction shall utilize the October enrollment count.

(3) (a) Except as provided in (b) of this subsection, if the amount received by any public school district pursuant to subsection (2) of this section is less than the basic education allocation to which the district would otherwise be entitled, the superintendent of public instruction shall apportion to the district, in the manner provided by RCW 28A.510.250, an amount which shall be the difference between the amount received pursuant to subsection (2) of this section and the basic education allocation to which the district would otherwise be entitled.
