**Findings—Intent—1999 c 159:** "The legislature finds that approximately thirty-five percent of the recipients of the Washington scholars award under RCW 28A.600.100 through 28A.600.150 choose to enroll in an out-of-state college and therefore do not use the grants that would have been available to them under RCW 28B.80.245 had they chosen to attend a college or university in the state of Washington. It is the intent of the legislature to require high school seniors who are announced as recipients of the Washington scholars award to demonstrate in a timely manner that they will be using any grants they may receive with their awards to enroll in a college or university in Washington state during the fall term of the same year in which they receive the award. Any grants not used by initial recipients should be awarded to alternate recipients who must also demonstrate in a timely manner that they will be using their grants to enroll in a Washington college or university in Washington state during the fall term."
