

**RCW 36.69.140 Excess levies authorized—Bonds—Interest bearing warrants.** (1) A park and recreation district shall have the power to levy excess levies upon the property included within the district, in the manner prescribed by Article VII, section 2, of the Constitution and by RCW 84.52.052 for operating funds, capital outlay funds, and cumulative reserve funds.

(2) A park and recreation district may issue general obligation bonds for capital purposes only, not to exceed an amount, together with any outstanding nonvoter approved general obligation indebtedness equal to three-eighths of one percent of the value of the taxable property within such district, as the term "value of the taxable property" is defined in RCW 39.36.015. A park and recreation district may additionally issue general obligation bonds, together with outstanding voter approved and nonvoter approved general obligation indebtedness, equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of the taxable property" is defined in RCW 39.36.015, when such bonds are approved by three-fifths of the voters of the district at a general or special election called for that purpose and may provide for the retirement thereof by levies in excess of dollar rate limitations in accordance with the provisions of RCW 84.52.056. When authorized by the voters of the district, the district may issue interest bearing warrants payable out of and to the extent of excess levies authorized in the year in which the excess levy was approved. These elections shall be held as provided in RCW 39.36.050. Such bonds and warrants shall be issued and sold in accordance with chapter 39.46 RCW. **Intent—1994 c 156:** "The intent of the legislature by enacting sections 2 through 5, chapter 156, Laws of 1994 is:

(1) To allow park and recreation districts and park and recreation service areas to place more than one excess levy on the same ballot, allowing districts and service areas to give voters the opportunity to vote on separate issues, such as for operating and capital funds, at the same election, thereby reducing election costs; and

(2) To increase the amount a park and recreation district or park and recreation service area may collect through a six-year property tax levy from a maximum of fifteen cents per thousand dollars of assessed value to a maximum of sixty cents per thousand dollars of assessed value. This would allow for a more stable funding source for park and recreation districts and park and recreation service areas at a realistic tax rate and reduce the need for holding excess levy elections on an annual or biannual [biennial] basis. In addition, it would level out the collection of taxes over each of six years rather than the practice now of collecting in one year to fund two years." [1994 c 156 § 1.]
