**RCW 43.01.090 Departments to share occupancy costs—Capital projects surcharge.** The director of enterprise services may assess a charge or rent against each state board, commission, agency, office, department, activity, or other occupant or user for payment of a proportionate share of costs for occupancy of buildings, structures, or facilities including but not limited to all costs of acquiring, constructing, operating, and maintaining such buildings, structures, or facilities and the repair, remodeling, or furnishing thereof and for the rendering of any service or the furnishing or providing of any supplies, equipment, historic furnishings, or materials.

The director of enterprise services may recover the full costs including appropriate overhead charges of the foregoing by periodic billings as determined by the director including but not limited to transfers upon accounts and advancements into the enterprise services account. Charges related to the rendering of real estate services under RCW 43.82.010 and to the operation and maintenance of public and historic facilities at the state capitol, as defined in RCW 79.24.710, shall be allocated separately from other charges assessed under this section. Rates shall be established by the director of enterprise services after consultation with the director of financial management. The director of enterprise services may allot, provide, or furnish any of such facilities, structures, services, equipment, supplies, or materials to any other public service type occupant or user at such rates or charges as are equitable and reasonably reflect the actual costs of the services provided: PROVIDED, HOWEVER, That the legislature, its duly constituted committees, interim committees and other committees shall be exempted from the provisions of this section.

Upon receipt of such bill, each entity, occupant, or user shall cause a warrant or check in the amount thereof to be drawn in favor of the department of enterprise services which shall be deposited in the state treasury to the credit of the enterprise services account unless the director of financial management has authorized another method for payment of costs.

Beginning July 1, 1995, the director of enterprise services shall assess a capital projects surcharge upon each agency or other user occupying a facility owned and managed by the department of enterprise services in Thurston county, excluding state capitol public and historic facilities, as defined in RCW 79.24.710. The capital projects surcharge does not apply to agencies or users that agree to pay all future repairs, improvements, and renovations to the buildings they occupy and a proportional share, as determined by the office of financial management, of all other campus repairs, installations, improvements, and renovations that provide a benefit to the buildings they occupy or that have an agreement with the department of

enterprise services that contains a charge for a similar purpose, including but not limited to RCW 43.01.091, in an amount greater than the capital projects surcharge. Beginning July 1, 2002, the capital projects surcharge does not apply to department of services for the blind vendors who operate cafeteria services in facilities owned and managed by the department of enterprise services; the department shall consider this space to be a common area for purposes of allocating the capital projects surcharge to other building tenants beginning July 1, 2003. The director, after consultation with the director of financial management, shall adopt differential capital project surcharge rates to reflect the differences in facility type and quality. The initial payment structure for this surcharge shall be one dollar per square foot per year. The surcharge shall increase over time to an amount that when combined with the facilities and service charge equals the market rate for similar types of lease space in the area or equals five dollars per square foot per year, whichever is less. The capital projects surcharge shall be in addition to other charges assessed under this section. Proceeds from the capital projects surcharge shall be deposited into the Thurston county capital facilities account created in RCW 43.19.501. **Findings—Purpose—1994 c 219:** "The legislature finds that there is inequitable distribution among state programs of capital costs associated with maintaining and rehabilitating state facilities. The legislature finds that there are insufficient available resources to support even minor capital improvements other than debt financing. The legislature further finds that little attention is focused on efficient facility management because in many cases capital costs are not factored into the ongoing process of allocating state resources. The purpose of sections 16 through 18, chapter 219, Laws of 1994 is to create a mechanism to distribute capital costs among the agencies and programs occupying facilities owned and managed by the \*department of general administration in Thurston county that will foster increased accountability for facility decisions and more efficient use of the facilities." Beginning July 1, 1995, each state agency or other occupant of a facility constructed or substantially renovated after July 1, 1992, and owned and operated by the department of enterprise services in Thurston county, shall be assessed a charge to pay the principal and interest payments on any bonds or other financial contract issued to finance the construction or renovation or an equivalent charge for similar projects financed by cash sources. In recognition that full payment of debt service costs may be higher than market rates for similar types of facilities or higher than existing agreements for similar charges entered into prior to June 9, 1994, the initial charge may be less than the full cost of principal and interest payments. The charge shall be assessed to all occupants of the facility on a proportional basis based on the amount of occupied space or any unique construction requirements. The office of financial management, in consultation with the department of enterprise services, shall develop procedures to implement this section and report to the legislative fiscal committees, by October 1994, their recommendations for implementing this section. The office of financial management shall separately identify in the budget document all payments and the documentation for determining the payments required by this section for each agency and fund source during the current and the two past and future fiscal biennia. The charge authorized in this section is subject to annual audit by the state auditor. [2015 c 225 § 57; 1994 c 219 § 19.]

**RCW 43.01.200 Facilitating recovery from Mt. St. Helens eruption—Legislative findings—Purpose.** (1) The legislature finds that:

(a) The May 1980 eruption of Mount St. Helens has caused serious economic and physical damage to the land surrounding the mountain;

(b) There are continuing siltation problems which could severely affect the Toutle, Cowlitz, Coweeman, and Columbia rivers areas;

(c) There is an immediate need for sites for dredging, dredge spoils, flood control works, sediment retention, and bank protection and funds for dredging, dredge sites, dredge spoils sites, flood control works, sediment retention sites, and bank protection and to continue the rehabilitation of the areas affected by the natural disaster; and

(d) Failure to dredge and dike along the rivers and failure to cooperate with the federal government in sediment retention would directly affect the lives and property of the forty-five thousand

residents in the Cowlitz and Toutle River valleys with severe negative impacts on local, state, and national transportation systems, public utilities, public and private property, and the Columbia river which is one of the major navigation channels for worldwide commerce.

**RCW 43.01.220 Commute trip reduction—Parking revenue—Definitions.** The definitions in this section apply throughout this chapter.

(1) "Guaranteed ride home" means an assured ride home for commuters participating in a commute trip reduction program who are not able to use their normal commute mode because of personal emergencies.

(2) "Pledged" means parking revenue designated through any means, including moneys received from the natural resource building, which is used for the debt service payment of bonds issued for parking facilities. [1993 c 394 § 2.]

**Finding—Purpose—1993 c 394:** "The legislature finds that reducing the number of commute trips to work is an effective way of reducing automobile-related air pollution, traffic congestion, and energy use. The legislature intends that state agencies shall assume a leadership role in implementing programs to reduce vehicle miles traveled and single-occupant vehicle commuting, under RCW 70.94.521 through 70.94.551.

The legislature has established and directed an interagency task force to consider mechanisms for funding state agency commute trip reduction programs; and to consider and recommend policies for employee incentives for commuting by other than single-occupant vehicles, and policies for the use of state-owned vehicles.

It is the purpose of this act to provide state agencies with the authority to provide employee incentives, including subsidies for use of high occupancy vehicles to meet commute trip reduction goals, and to remove existing statutory barriers for state agencies to use public funds, including parking revenue, to operate, maintain, lease, or construct parking facilities at state-owned and leased facilities, to reduce parking subsidies, and to support commute trip reduction programs." Revenue deposited in the "state vehicle parking account" shall be first applied to pledged purposes. Unpledged parking revenues deposited in the "state vehicle parking account" may be used to:

- (1) Pay costs incurred in the operation, maintenance, regulation, and enforcement of vehicle parking and parking facilities;
- (2) Support the lease costs and/or capital investment costs of vehicle parking and parking facilities; and
- (3) Support agency commute trip reduction programs under RCW 70A.15.4000 through 70A.15.4100. [2021 c 65 § 30; 2011 1st sp.s. c 43 § 253; 1995 c 215 § 2; 1993 c 394 § 5.]

**RCW 43.01.240 State agency parking account—Parking rental fees—Employee parking, limitations.** (1) There is hereby established an account in the state treasury to be known as the state agency parking account. All parking income collected from the fees imposed by state agencies on parking spaces at state-owned or leased facilities, including the capitol campus, shall be deposited in the state agency parking account. Only the office of financial management may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. No agency may receive an allotment greater than the amount of revenue deposited into the state agency parking account.

(2) An agency may, as an element of the agency's commute trip reduction program to achieve the goals set forth in RCW 70A.15.4020, impose parking rental fees at state-owned and leased properties. These fees will be deposited in the state agency parking account. Each agency shall establish a committee to advise the agency director on parking rental fees, taking into account the market rate of comparable, privately owned rental parking in each region. The agency shall solicit representation of the employee population including, but not limited to, management, administrative staff, production workers, and state employee bargaining units. Funds shall be used by agencies to: (a) Support the agencies' commute trip reduction program under RCW 70A.15.4000 through 70A.15.4100; (b) support the agencies' parking program; or (c) support the lease or ownership costs for the agencies' parking facilities.

(3) In order to reduce the state's subsidization of employee parking, after July 1997 agencies shall not enter into leases for employee parking in excess of building code requirements, except as authorized by the director of enterprise services. In situations where there are fewer parking spaces than employees at a worksite, parking must be allocated equitably, with no special preference given to managers. This section expressly authorizes the purchase of power at state expense to recharge privately and publicly owned plug-in electrical vehicles at state office locations where the vehicles are used for state business, are commute vehicles, or where the vehicles are at the state location for the purpose of conducting business with the state.

(2) The director of the department of enterprise services may report to the governor and the appropriate committees of the legislature, as deemed necessary by the director, on the estimated amount of state-purchased electricity consumed by plug-in electrical vehicles if the director of enterprise services determines that the

use has a significant cost to the state, and on the number of plug-in electric vehicles using state office locations. The report may be combined with the report under section 401, chapter 348, Laws of 2007. [2015 c 225 § 59; 2007 c 348 § 206.]

(2) All funds held by, or other moneys due to, the terminated entity shall revert to the fund from which they were appropriated, or if that fund is abolished to the general fund.

(3) All contractual rights and duties of an entity shall be assigned or delegated to the entity assuming the responsibilities of the terminated entity, or if there is none to such entity as the governor shall direct.

(4) All rules and all pending business before any terminated entity shall be continued and acted upon by the entity assuming the responsibilities of the terminated entity. [2015 c 225 § 60; 2010 1st sp.s. c 7 § 140.]
