

**RCW 59.18.060 Landlord—Duties.** The landlord will at all times during the tenancy keep the premises fit for human habitation, and shall in particular:

(1) Maintain the premises to substantially comply with any applicable code, statute, ordinance, or regulation governing their maintenance or operation, which the legislative body enacting the applicable code, statute, ordinance or regulation could enforce as to the premises rented if such condition endangers or impairs the health or safety of the tenant;

(2) Maintain the structural components including, but not limited to, the roofs, floors, walls, chimneys, fireplaces, foundations, and all other structural components, in reasonably good repair so as to be usable;

(3) Keep any shared or common areas reasonably clean, sanitary, and safe from defects increasing the hazards of fire or accident;

(4) Provide a reasonable program for the control of infestation by insects, rodents, and other pests at the initiation of the tenancy and, except in the case of a single-family residence, control infestation during tenancy except where such infestation is caused by the tenant;

(5) Except where the condition is attributable to wear resulting from ordinary use of the premises, make repairs and arrangements necessary to put and keep the premises in as good condition as it by law or rental agreement should have been, at the commencement of the tenancy;

(6) Provide reasonably adequate locks and furnish keys to the tenant;

(7) Maintain and safeguard with reasonable care any master key or duplicate keys to the dwelling unit;

(8) Maintain all electrical, plumbing, heating, and other facilities and appliances supplied by him or her in reasonably good working order;

(9) Maintain the dwelling unit in reasonably weathertight condition;

(10) Except in the case of a single-family residence, provide and maintain appropriate receptacles in common areas for the removal of ashes, rubbish, and garbage, incidental to the occupancy and arrange for the reasonable and regular removal of such waste;

(11) Provide facilities adequate to supply heat and water and hot water as reasonably required by the tenant;

(a) The landlord may not effect an involuntary termination of electric utility or water service due to lack of payment to any tenant on any day for which the national weather service has issued or has announced that it intends to issue a heat-related alert, such as an excessive heat warning, a heat advisory, an excessive heat watch, or a similar alert, for the area in which the tenant's address is located.

(b) (i) A tenant at whose dwelling electric or water utility service has been disconnected for lack of payment may request that the landlord reconnect service on any day for which the national weather service has issued or has announced that it intends to issue a heat-related alert, such as an excessive heat warning, a heat advisory, an excessive heat watch, or a similar alert, for the area in which the tenant's address is located. The landlord shall inform all tenants in the notice of disconnection of the ability to seek reconnection and provide clear and specific information on how to make that request, including how to contact the landlord.

(ii) Upon receipt of a request made pursuant to (b)(i) of this subsection, the landlord shall promptly make a reasonable attempt to reconnect service to the dwelling. The landlord, in connection with a request made pursuant to (b)(i) of this subsection, may require the tenant to enter into a payment plan prior to reconnecting service to the dwelling. If the landlord requires the tenant to enter into a repayment plan, the repayment plan must comply with (c) of this subsection.

(c) A repayment plan required by a landlord pursuant to (b)(i) of this subsection will be designed both to pay the past due bill by the following May 15th, or as soon as possible after May 15th if needed to maintain monthly payments that are no greater than six percent of the tenant's monthly income, and to pay for continued utility service. The plan may not require monthly payments in excess of six percent of the tenant's monthly income. A tenant may agree to pay a higher percentage during this period, but will not be in default unless payment during this period is less than six percent of the tenant's monthly income. If assistance payments are received by the tenant subsequent to implementation of the plan, the tenant shall contact the landlord to reformulate the plan;

(12)(a) Provide a written notice to all tenants disclosing fire safety and protection information. The landlord or his or her authorized agent must provide a written notice to the tenant that the dwelling unit is equipped with a smoke detection device as required in RCW 43.44.110. The notice shall inform the tenant of the tenant's responsibility to maintain the smoke detection device in proper operating condition and of penalties for failure to comply with the provisions of RCW 43.44.110(3). The notice must be signed by the landlord or the landlord's authorized agent and tenant with copies provided to both parties. Further, except with respect to a single-family residence, the written notice must also disclose the following:

(i) Whether the smoke detection device is hard-wired or battery operated;

(ii) Whether the building has a fire sprinkler system;

(iii) Whether the building has a fire alarm system;

(iv) Whether the building has a smoking policy, and what that policy is;

(v) Whether the building has an emergency notification plan for the occupants and, if so, provide a copy to the occupants;

(vi) Whether the building has an emergency relocation plan for the occupants and, if so, provide a copy to the occupants; and

(vii) Whether the building has an emergency evacuation plan for the occupants and, if so, provide a copy to the occupants.

(b) The information required under this subsection may be provided to a tenant in a multifamily residential building either as a written notice or as a checklist that discloses whether the building has fire safety and protection devices and systems. The checklist shall include a diagram showing the emergency evacuation routes for the occupants.

(c) The written notice or checklist must be provided to new tenants at the time the lease or rental agreement is signed;

(13) Provide tenants with information provided or approved by the department of health about the health hazards associated with exposure to indoor mold. Information may be provided in written format individually to each tenant, or may be posted in a visible, public location at the dwelling unit property. The information must detail how tenants can control mold growth in their dwelling units to

minimize the health risks associated with indoor mold. Landlords may obtain the information from the department's website or, if requested by the landlord, the department must mail the information to the landlord in a printed format. When developing or changing the information, the department of health must include representatives of landlords in the development process. The information must be provided by the landlord to new tenants at the time the lease or rental agreement is signed;

(14) The landlord and his or her agents and employees are immune from civil liability for failure to comply with subsection (13) of this section except where the landlord and his or her agents and employees knowingly and intentionally do not comply with subsection (13) of this section; and

(15) Designate to the tenant the name and address of the person who is the landlord by a statement on the rental agreement or by a notice conspicuously posted on the premises. The tenant shall be notified immediately of any changes in writing, which must be either (a) delivered personally to the tenant or (b) mailed to the tenant and conspicuously posted on the premises. If the person designated in this section does not reside in the state where the premises are located, there shall also be designated a person who resides in the county who is authorized to act as an agent for the purposes of service of notices and process, and if no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered such agent. Regardless of such designation, any owner who resides outside the state and who violates a provision of this chapter is deemed to have submitted himself or herself to the jurisdiction of the courts of this state and personal service of any process may be made on the owner outside the state with the same force and effect as personal service within the state. Any summons or process served out-of-state must contain the same information and be served in the same manner as personal service of summons or process served within the state, except the summons or process must require the party to appear and answer within 60 days after such personal service out of the state. In an action for a violation of this chapter that is filed under chapter 12.40 RCW, service of the notice of claim outside the state must contain the same information and be served in the same manner as required under chapter 12.40 RCW, except the date on which the party is required to appear must not be less than 60 days from the date of service of the notice of claim.

No duty shall devolve upon the landlord to repair a defective condition under this section, nor shall any defense or remedy be available to the tenant under this chapter, where the defective condition complained of was caused by the conduct of such tenant, his or her family, invitee, or other person acting under his or her control, or where a tenant unreasonably fails to allow the landlord access to the property for purposes of repair. When the duty imposed by subsection (1) of this section is incompatible with and greater than the duty imposed by any other provisions of this section, the landlord's duty shall be determined pursuant to subsection (1) of this section. [2023 c 331 § 5; 2023 c 105 § 8; 2013 c 35 § 1; 2011 c 132 § 2; 2005 c 465 § 2; 2002 c 259 § 1; 1991 c 154 § 2; 1973 1st ex.s. c 207 § 6.]

**Reviser's note:** This section was amended by 2023 c 105 § 8 and by 2023 c 331 § 5, each without reference to the other. Both amendments

are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Findings—Intent—2023 c 331:** See note following RCW 59.18.030.

**Finding—2005 c 465:** "The legislature finds that residents of the state face preventable exposures to mold in their homes, apartments, and schools. Exposure to mold, and the toxins they produce, have been found to have adverse health effects, including loss of memory and impairment of the ability to think coherently and function in a job, and may cause fatigue, nausea, and headaches.

As steps can be taken by landlords and tenants to minimize exposure to indoor mold, and as the reduction of exposure to mold in buildings could reduce the rising number of mold-related claims submitted to insurance companies and increase the availability of coverage, the legislature supports providing tenants and landlords with information designed to minimize the public's exposure to mold."  
[2005 c 465 § 1.]
