

RCW 64.70.120 Covenants—Registry—Information contained. (1)

The department of ecology shall establish and maintain a registry that contains information identifying all environmental covenants established under this chapter and any amendment or termination of those covenants, including the county where the covenant is recorded and the recording number. The registry may also contain any other information concerning environmental covenants and the real property subject to them that the department of ecology considers appropriate. The registry is a public record for purposes of chapter 42.56 RCW, but the department shall maintain electronic access to the registry without requiring a public records request for any information included in the registry.

(2) Failure to include information or inclusion of inaccurate information concerning an environmental covenant in the registry does not invalidate or limit the application or enforceability of the covenant. [2007 c 104 § 13.]
