

RCW 70.42.030 Waiver of license—Conditions. (1) As a part of the application for licensure, a test site may request a waiver from licensure under this chapter if the test site performs only examinations which are determined to have insignificant risk of an erroneous result, including those which (a) are approved by the federal food and drug administration for home use; (b) are so simple and accurate as to render the likelihood of erroneous results negligible; or (c) pose no reasonable risk of harm to the patient if performed incorrectly.

(2) The department shall determine by rule which tests meet the criteria in subsection (1) of this section and shall be exempt from coverage of this chapter. The standards applied in developing the list shall be consistent with federal law and regulations.

(3) The department shall grant a waiver from licensure for two years for a valid request based on subsections (1) and (2) of this section.

(4) Any test site which has received a waiver under subsection (3) of this section shall report to the department any changes in the type of tests it intends to perform thirty days in advance of the changes. In no case shall a test site with a waiver perform tests which require a license under this chapter. [1989 c 386 § 4.]
