

RCW 70.97.160 Inspections. (1) The department shall make or cause to be made at least one inspection of each facility prior to licensure and an unannounced full inspection of facilities at least once every eighteen months. The statewide average interval between full facility inspections must be fifteen months.

(2) Any duly authorized officer, employee, or agent of the department may enter and inspect any facility at any time to determine that the facility is in compliance with this chapter and applicable rules, and to enforce any provision of this chapter. Complaint inspections shall be unannounced and conducted in such a manner as to ensure maximum effectiveness. No advance notice shall be given of any inspection unless authorized or required by federal law.

(3) During inspections, the facility must give the department access to areas, materials, and equipment used to provide care or support to residents, including resident and staff records, accounts, and the physical premises, including the buildings, grounds, and equipment. The department has the authority to privately interview the provider, staff, residents, and other individuals familiar with resident care and service plans.

(4) Any public employee giving advance notice of an inspection in violation of this section shall be suspended from all duties without pay for a period of not less than five nor more than fifteen days.

(5) The department shall prepare a written report describing the violations found during an inspection, and shall provide a copy of the inspection report to the facility.

(6) The facility shall develop a written plan of correction for any violations identified by the department and provide a plan of correction to the department within ten working days from the receipt of the inspection report.

(7) If a pandemic, natural disaster, or other declared state of emergency prevents the department from completing inspections according to the timeline in this section, the department shall adopt rules to reestablish inspection timelines based on the length of time since last inspection, compliance history of each facility, and immediate health or safety concerns.

(a) Rules adopted under this subsection (7) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all facility inspections are occurring according to time frames established in subsection (1) of this section, whichever is later. Once the department determines a rule adopted under this subsection (7) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of inspection compliance with subsection (1) of this section and provide the legislature with a report.
