

RCW 70.320.060 Civil actions—Outcomes and performance measures do not establish a standard of care. The outcomes and performance measures established pursuant to this chapter do not establish a standard of care in any civil action brought by a recipient of services. The failure of a service coordination organization to meet the outcomes and performance measures established pursuant to this chapter does not create civil liability on the part of the service coordination organization in a claim brought by a recipient of services. [2013 c 320 § 6.]
