

**RCW 76.04.175 Fire suppression equipment—Comparison of costs.**

(1) The department shall, by June 1 of each year, establish a list of fire suppression equipment, such as portable showers, kitchens, water tanks, dozers, and hauling equipment, provided by the department so that the cost by unit or category can be determined and can be compared to the expense of utilizing private vendors.

(2) The department shall establish a roster of quotes by vendors who are able to provide equipment to respond to incidents involving wildfires on department-protected lands. The department shall use these quotes from private vendors to make a comparison with the costs established in subsection (1) of this section. The department shall utilize the most effective and efficient resource available for responding to wildfires. [1995 c 113 § 2.]

**Finding—Intent—1995 c 113:** "The legislature finds that it is frequently in the best interest of the state to utilize fire suppression equipment from private vendors whenever possible in responding to incidents involving wildfires on department-protected lands. It is the intent of the legislature to encourage the department of natural resources to utilize kitchen, shower, and other fire suppression equipment from private vendors as allowed in RCW 76.04.015(4) (b), when such utilization will be most effective and efficient." [1995 c 113 § 1.]
