(2) Department employees must have official identification, announce their presence and intent, and perform their duties in a safe and professional manner while carrying out the activities in this section.

(3) This section does not apply to the harvest of private sector cultured aquatic products as defined in RCW 15.85.020.

Intent—Finding—2007 c 337: "The legislature intends that sampling of fish, wildlife, and shellfish by department of fish and wildlife employees will ensure the conservation and management of fish, shellfish, and wildlife. Because the harvest of fish and wildlife is regulated by the department, the legislature finds that sampling by departmental employees will benefit the resource, and will further the department's research related to fish, wildlife, and shellfish. This section and RCW 77.12.071 do not apply to the harvest of private sector cultured aquatic products as defined in RCW 15.85.020." [2007 c 337 § 1.]
