

RCW 82.38.055 Bonding requirements. (1) A license may not be issued or continued in force unless a bond is provided to secure payment of all taxes, interest, and penalties. This requirement may be waived for:

(a) Licensed dyed special fuel users;
(b) International fuel tax agreement licensees; or
(c) Licensed fuel distributors who, upon determination by the department, have sufficient resources, assets, other financial instruments, or other means to adequately make payments on monthly fuel tax payments, penalties, and interest.

(2) The department may require a licensee to post a bond if the department determines a bond is required to protect the interests of the state.

(3) The total amount of the bond or bonds is three times the estimated monthly fuel tax liability. The total bonding amount may never be less than five thousand dollars nor more than one hundred thousand dollars.

(4) In lieu of a bond, a licensee may deposit with the state treasurer, a like amount of money of the United States, or bonds or other obligations of the United States, the state, or any county of the state, of a market value not less than the amount of the required bond.

(5) The department may require a licensee to increase the bond amount or to deposit additional securities as described in this section if the security of the bond or the market value of the securities becomes impaired or inadequate.

(6) Any surety on a bond furnished by a licensee must be released and discharged from any liability accruing on such bond after the expiration of forty-five days from the date the surety provided written notification to the department. The provisions of this section do not relieve, release, or discharge the surety from any liability accrued or which will accrue before the expiration of the forty-five day period. The department must promptly notify the licensee who furnished the bond, and unless the licensee, on or before the expiration of the forty-five day period, files a new bond the department must cancel the license.
