Intent—2019 c 333: See note following RCW 28A.320.124.

Intent—2016 c 240: "The legislature recognizes that public schools are required to have safe school plans and procedures in place. The legislature acknowledges that there are costs associated with these plans and procedures. The legislature intends to review the funding of school safety and security programs and work toward a statewide plan for funding cost-effective methods for school safety that meet the needs of local school districts." [2016 c 240 § 1.]

Findings—2016 c 240: "The legislature finds that school personnel are often the first responders when there is a violent threat or natural or man-made disaster at a school. The legislature further finds there is a need to develop training for school personnel to intervene and provide assistance during these emergency incidents. The legislature recognizes an educational service district has developed a model for a regional school safety and security center, which can provide this type of training." [2016 c 240 § 5.]
