A single payment may be drawn in favor of such financial institution, for the total amount due the recipients involved, and written directions provided to such financial institution of the amount to be credited to the account of a recipient or to be transferred to an account in another financial institution for such recipient. The issuance and delivery by the disbursing officer of a payment in accordance with the procedure set forth in this section and proper indorsement thereof by the financial institution shall have the same legal effect as payment directly to the recipient.

For the purposes of this section, "financial institution" shall have the meaning given in RCW 41.04.240 as now or hereafter amended. [2013 c 125 § 7; 1982 c 109 § 11.]

RCW 51.32.050 Death benefits.

(1) Where death results from the injury the expenses of burial not to exceed two hundred percent of the average monthly wage in the state as defined in RCW 51.08.018 shall be paid.

(2) (a) Where death results from the injury, a surviving spouse of a deceased worker eligible for benefits under this title shall receive monthly for life or until remarriage payments according to the following schedule:

(i) If there are no children of the deceased worker, sixty percent of the wages of the deceased worker;

(ii) If there is one child of the deceased worker and in the legal custody of such spouse, sixty-two percent of the wages of the deceased worker;

(iii) If there are two children of the deceased worker and in the legal custody of such spouse, sixty-four percent of the wages of the deceased worker;

(iv) If there are three children of the deceased worker and in the legal custody of such spouse, sixty-six percent of the wages of the deceased worker;

(v) If there are four children of the deceased worker and in the legal custody of such spouse, sixty-eight percent of the wages of the deceased worker; or

(vi) If there are five or more children of the deceased worker and in the legal custody of such spouse, seventy percent of the wages of the deceased worker.

(b) Where the surviving spouse does not have legal custody of any child or children of the deceased worker or where after the death of the worker legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or

children. The amount of such payments shall be five percent of the monthly benefits payable as a result of the worker's death for each such child but such payments shall not exceed twenty-five percent. Such payments on account of such child or children shall be subtracted from the amount to which such surviving spouse would have been entitled had such surviving spouse had legal custody of all of the children and the surviving spouse shall receive the remainder after such payments on account of such child or children have been subtracted. Such payments on account of a child or children not in the legal custody of such surviving spouse shall be apportioned equally among such children.

(c) Payments to the surviving spouse of the deceased worker shall cease at the end of the month in which remarriage occurs: PROVIDED, That a monthly payment shall be made to the child or children of the deceased worker from the month following such remarriage in a sum equal to five percent of the wages of the deceased worker for one child and a sum equal to five percent for each additional child up to a maximum of five such children. Payments to such child or children shall be apportioned equally among such children. Such sum shall be in place of any payments theretofore made for the benefit of or on account of any such child or children. If the surviving spouse does not have legal custody of any child or children of the deceased worker, or if after the death of the worker, legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children.

(d) In no event shall the monthly payments provided in subsection (2) of this section:

(i) Exceed the applicable percentage of the average monthly wage in the state as computed under RCW 51.08.018 as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%

(ii) For dates of injury or disease manifestation after July 1, 2008, be less than fifteen percent of the average monthly wage in the state as computed under RCW 51.08.018 plus an additional ten dollars per month for a surviving spouse and an additional ten dollars per month for each child of the worker up to a maximum of five children. However, if the monthly payment computed under this subsection (2)(d)(ii) is greater than one hundred percent of the wages of the deceased worker as determined under RCW 51.08.178, the monthly payment due to the surviving spouse shall be equal to the greater of the monthly wages of the deceased worker or the minimum benefit set forth in this section on June 30, 2008.

(e) In addition to the monthly payments provided for in subsection (2)(a) through (c) of this section, a surviving spouse or child or children of such worker if there is no surviving spouse, or dependent parent or parents, if there is no surviving spouse or child or children of any such deceased worker shall be forthwith paid a sum equal to one hundred percent of the average monthly wage in the state as defined in RCW 51.08.018, any such children, or parents to share and share alike in said sum.

(f) Upon remarriage of a surviving spouse the monthly payments for the child or children shall continue as provided in this section, but the monthly payments to such surviving spouse shall cease at the end of the month during which remarriage occurs. However, after September 8, 1975, an otherwise eligible surviving spouse of a worker who died at any time prior to or after September 8, 1975, shall have an option of:

(i) (A) Receiving, once and for all, a lump sum of twenty-four times the monthly compensation rate in effect on the date of remarriage allocable to the spouse for himself or herself pursuant to subsection (2)(a)(i) of this section and subject to any modifications specified under subsection (2)(d) of this section and RCW 51.32.075(3) or fifty percent of the then remaining annuity value of his or her pension, whichever is the lesser: PROVIDED, That if the injury occurred prior to July 28, 1991, the remarriage benefit lump sum available shall be as provided in the remarriage benefit schedules then in effect;

(ii) If a surviving spouse does not choose the option specified in subsection (2)(f)(i) of this section to accept the lump sum payment, the remarriage of the surviving spouse of a worker shall not bar him or her from claiming the lump sum payment authorized in subsection (2)(f)(i) of this section during the life of the remarriage, or shall not prevent subsequent monthly payments to him or to her if the remarriage has been terminated by death or has been dissolved or annulled by valid court decree provided he or she has not previously accepted the lump sum payment.

(g) If the surviving spouse during the remarriage should die without having previously received the lump sum payment provided in subsection (2)(f)(i) of this section, his or her estate shall be entitled to receive the sum specified under subsection (2)(f)(i) of this section or fifty percent of the then remaining annuity value of his or her pension whichever is the lesser.

(h) The effective date of resumption of payments under subsection (2)(f)(ii) of this section to a surviving spouse based upon termination of a remarriage by death, annulment, or dissolution shall be the date of the death or the date the judicial decree of annulment or dissolution becomes final and when application for the payments has been received.

(i) If it should be necessary to increase the reserves in the reserve fund or to create a new pension reserve fund as a result of the amendments in chapter 45, Laws of 1975-'76 2nd ex. sess., the amount of such increase in pension reserve in any such case shall be transferred to the reserve fund from the supplemental pension fund.

(3) If there is a child or children and no surviving spouse of the deceased worker or the surviving spouse is not eligible for benefits under this title, a sum equal to thirty-five percent of the

wages of the deceased worker shall be paid monthly for one child and a sum equivalent to fifteen percent of such wage shall be paid monthly for each additional child, the total of such sum to be divided among such children, share and share alike: PROVIDED, That benefits under this subsection or subsection (4) of this section shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018, as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

(4) In the event a surviving spouse receiving monthly payments dies, the child or children of the deceased worker shall receive the same payment as provided in subsection (3) of this section.

(5) If the worker leaves no surviving spouse or child, but leaves a dependent or dependents, a monthly payment shall be made to each dependent equal to fifty percent of the average monthly support actually received by such dependent from the worker during the twelve months next preceding the occurrence of the injury, but the total payment to all dependents in any case shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018 as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%

RCW 51.32.055 Determination of permanent disabilities—Closure of claims by self-insurers. (Effective until July 1, 2025.) (1) One purpose of this title is to restore the injured worker as nearly as possible to the condition of self-support as an able-bodied worker. Benefits for permanent disability shall be determined under the director's supervision, except as otherwise authorized in subsection (9) of this section, only after the injured worker's condition becomes fixed.

(2) All determinations of permanent disabilities shall be made by the department, except as otherwise authorized in subsection (9) of this section. Either the worker, employer, or self-insurer may make a

request or the inquiry may be initiated by the director or, as authorized in subsection (9) of this section, by the self-insurer on the director or the self-insurer's own motion. Determinations shall be required in every instance where permanent disability is likely to be present. All medical reports and other pertinent information in the possession of or under the control of the employer or, if the self-insurer has made a request to the department, in the possession of or under the control of the self-insurer shall be forwarded to the director with the request.

(3) A request for determination of permanent disability shall be examined by the department or, if authorized in subsection (9) of this section, the self-insurer, and the department shall issue an order in accordance with RCW 51.52.050 or, in the case of a self-insured employer, the self-insurer may: (a) Enter a written order, communicated to the worker and the department self-insurance section in accordance with subsection (9) of this section, or (b) request the department to issue an order in accordance with RCW 51.52.050.

(4) The department or, in cases authorized in subsection (9) of this section, the self-insurer may require that the worker present himself or herself for a special medical examination by a physician or physicians selected by the department, and the department or, in cases authorized in subsection (9) of this section, the self-insurer may require that the worker present himself or herself for a personal interview. The costs of the examination or interview, including payment of any reasonable travel expenses, shall be paid by the department or self-insurer, as the case may be.

(5) The director may establish a medical bureau within the department to perform medical examinations under this section. Physicians hired or retained for this purpose shall be grounded in industrial medicine and in the assessment of industrial physical impairment. Self-insurers shall bear a proportionate share of the cost of the medical bureau in a manner to be determined by the department.

(6) Where a dispute arises from the handling of any claim before the condition of the injured worker becomes fixed, the worker, employer, or self-insurer may request the department to resolve the dispute or the director may initiate an inquiry on his or her own motion. In these cases, the department shall proceed as provided in this section and an order shall issue in accordance with RCW 51.52.050.

(7) (a) If a claim (i) is accepted by a self-insurer after June 30, 1986, and before August 1, 1997, (ii) involves only medical treatment and the payment of temporary disability compensation under RCW 51.32.090 or only the payment of temporary disability compensation under RCW 51.32.090, (iii) at the time medical treatment is concluded does not involve permanent disability, (iv) is one with respect to which the department has not intervened under subsection (6) of this section, and (v) the injured worker has returned to work with the self-insured employer of record, whether at the worker's previous job or at a job that has comparable wages and benefits, the claim may be closed by the self-insurer, subject to reporting of claims to the department in a manner prescribed by department rules adopted under chapter 34.05 RCW.

(b) All determinations of permanent disability for claims accepted under this subsection (7) by self-insurers shall be made by the self-insured section of the department under subsections (1) through (4) of this section.

(c) Upon closure of a claim under (a) of this subsection, the self-insurer shall enter a written order, communicated to the worker and the department self-insurance section, which contains the following statement clearly set forth in boldface type: "This order constitutes notification that your claim is being closed with medical benefits and temporary disability compensation only as provided, and with the condition you have returned to work with the self-insured employer. If for any reason you disagree with the conditions or duration of your return to work or the medical benefits or the temporary disability compensation that has been provided, you must protest in writing to the department of labor and industries, self-insurance section, within sixty days of the date you received this order."

(8) (a) If a claim (i) is accepted by a self-insurer after June 30, 1990, and before August 1, 1997, (ii) involves only medical treatment, (iii) does not involve payment of temporary disability compensation under RCW 51.32.090, and (iv) at the time medical treatment is concluded does not involve permanent disability, the claim may be closed by the self-insurer, subject to reporting of claims to the department in a manner prescribed by department rules adopted under chapter 34.05 RCW. Upon closure of a claim, the self-insurer shall enter a written order, communicated to the worker, which contains the following statement clearly set forth in boldface type: "This order constitutes notification that your claim is being closed with medical benefits only, as provided. If for any reason you disagree with this closure, you must protest in writing to the Department of Labor and Industries, Olympia, within 60 days of the date you received this order. The department will then review your claim and enter a further determinative order."

(b) All determinations of permanent disability for claims accepted under this subsection (8) by self-insurers shall be made by the self-insured section of the department under subsections (1) through (4) of this section.

(9) (a) If a claim: (i) Is accepted by a self-insurer after July 31, 1997; (ii) (A) involves only medical treatment, or medical treatment and the payment of temporary disability compensation under RCW 51.32.090, and a determination of permanent partial disability, if applicable, has been made by the self-insurer as authorized in this subsection; or (B) involves only the payment of temporary disability compensation under RCW 51.32.090 and a determination of permanent partial disability, if applicable, has been made by the self-insurer as authorized in this subsection; (iii) is one with respect to which the department has not intervened under subsection (6) of this section; and (iv) concerns an injured worker who has returned to work with the self-insured employer of record, whether at the worker's previous job or at a job that has comparable wages and benefits, the claim may be closed by the self-insurer, subject to reporting of claims to the department in a manner prescribed by department rules adopted under chapter 34.05 RCW.

(b) If a physician or licensed advanced registered nurse practitioner submits a report to the self-insurer that concludes that the worker's condition is fixed and stable and supports payment of a permanent partial disability award, and if within fourteen days from the date the self-insurer mailed the report to the attending or treating physician or licensed advanced registered nurse practitioner, the worker's attending or treating physician or licensed advanced registered nurse practitioner disagrees in writing that the worker's

condition is fixed and stable, the self-insurer must get a supplemental medical opinion from a provider on the department's approved examiner's list before closing the claim. In the alternative, the self-insurer may forward the claim to the department, which must review the claim and enter a final order as provided for in RCW 51.52.050.

(c) Upon closure of a claim under this subsection (9), the self-insurer shall enter a written order, communicated to the worker and the department self-insurance section, which contains the following statement clearly set forth in boldface type: "This order constitutes notification that your claim is being closed with such medical benefits and temporary disability compensation as provided to date and with such award for permanent partial disability, if any, as set forth below, and with the condition that you have returned to work with the self-insured employer. If for any reason you disagree with the conditions or duration of your return to work or the medical benefits, temporary disability compensation provided, or permanent partial disability that has been awarded, you must protest in writing to the Department of Labor and Industries, Self-Insurance Section, within sixty days of the date you received this order. If you do not protest this order to the department, this order will become final."

(d) All determinations of permanent partial disability for claims accepted by self-insurers under this subsection (9) may be made by the self-insurer or the self-insurer may request a determination by the self-insured section of the department. All determinations shall be made under subsections (1) through (4) of this section.

(10) If the department receives a protest of an order issued by a self-insurer under subsections (7) through (9) of this section, the self-insurer's closure order must be held in abeyance. The department shall review the claim closure action and enter a further determinative order as provided for in RCW 51.52.050. If no protest is timely filed, the closing order issued by the self-insurer shall become final and shall have the same force and effect as a department order that has become final under RCW 51.52.050.

(11) If within two years of claim closure under subsections (7) through (9) of this section, the department determines that the self-insurer has made payment of benefits because of clerical error, mistake of identity, or innocent misrepresentation or the department discovers a violation of the conditions of claim closure, the department may require the self-insurer to correct the benefits paid or payable. This subsection (11) does not limit in any way the application of RCW 51.32.240.

(12) For the purposes of this section, "comparable wages and benefits" means wages and benefits that are at least ninety-five percent of the wages and benefits received by the worker at the time of injury. RCW 51.32.067 Permanent total disability—Death benefit options—Election. (1) After a worker elects one of the options in (a), (b), or (c) of this subsection, that option shall apply only if the worker dies during a period of permanent total disability from a cause unrelated to the injury, leaving a surviving spouse, child, children, or other dependent. If, after making an election under this subsection, a worker dies from a cause related to the injury during a period of permanent total disability, his or her beneficiaries shall receive benefits under RCW 51.32.050 (2) through (5).

(a) **Option I.** An injured worker selecting this option shall receive the benefits provided by RCW 51.32.060, with no benefits being paid to the worker's surviving spouse, children, or others.

(b) **Option II.** An injured worker selecting this option shall receive an actuarially reduced benefit which upon death shall be continued throughout the life of and paid to the surviving spouse, child, or other dependent as the worker has nominated by written designation duly executed and filed with the department.

(c) **Option III.** An injured worker selecting this option shall receive an actuarially reduced benefit and, upon death, one-half of the reduced benefit shall be continued throughout the life of and paid to the surviving spouse, child, or other dependent as the worker has nominated by written designation duly executed and filed with the department.

(2) The worker shall make the election in writing and the worker's spouse, if any, shall consent in writing as a prerequisite to the election of Option I.

(3) If the worker's nominated beneficiary is the worker's spouse, and the worker and spouse enter into a dissolution of marriage after the nomination has been made, the worker may apply to receive benefits as calculated under Option I. This change is effective the date of the decree of dissolution of marriage, but no more than one year prior to

the date application for the change is received in the department, provided the worker submits legally certified documentation of the decree of dissolution of marriage.

(4) If the worker's nominated beneficiary dies, the worker may apply to receive benefits as calculated under Option I. This change is effective the date of death, but no more than one year prior to the date application for the change is received in the department, provided the worker submits a certified copy of the death certificate.

(5) The change in benefits authorized by subsections (3) and (4) of this section is a one-time adjustment and will be permanent for the life of the worker.

(6) The department shall adopt such rules as may be necessary to implement this section. [2006 c 154 § 1; 1986 c 58 § 4.]

RCW 51.32.072 Additional payments for prior pensioners—Children—Remarriage—Attendant.

(1) Notwithstanding any other provision of law, every surviving spouse and every permanently totally disabled worker or temporarily totally disabled worker, if such worker was unmarried at the time of the worker's injury or was then married but the marriage was later terminated by judicial action, receiving a pension or compensation for temporary total disability under this title pursuant to compensation schedules in effect prior to July 1, 1971, shall after July 1, 1975, through June 30, 2011, be paid fifty percent of the average monthly wage in the state as computed under RCW 51.08.018 per month and an amount equal to five percent of such average monthly wage per month to such totally disabled worker if married at the time of the worker's injury and the marriage was not later terminated by judicial action, and an additional two percent of such average monthly wage for each child of such totally disabled worker at the time of injury in the legal custody of such totally disabled worker or such surviving spouse up to a maximum of five such children. The monthly payments such surviving spouse or totally disabled worker are receiving pursuant to compensation schedules in effect prior to July 1, 1971 shall be deducted from the monthly payments above specified.

Where such a surviving spouse has remarried, or where any such child of such worker, whether living or deceased, is not in the legal custody of such worker or such surviving spouse there shall be paid for the benefit of and on account of each such child a sum equal to two percent of such average monthly wage up to a maximum of five such children in addition to any payments theretofore paid under compensation schedules in effect prior to July 1, 1971 for the benefit of and on account of each such child. In the case of any child or children of a deceased worker not leaving a surviving spouse or where the surviving spouse has later died, there shall be paid for the benefit of and on account of each such child a sum equal to two percent of such average monthly wage up to a maximum of five such children in addition to any payments theretofore paid under such schedules for the benefit of and on account of each such child.

If the character of the injury or occupational disease is such as to render the worker so physically helpless as to require the hiring of the services of an attendant, the department shall make monthly payments to such attendant for such services as long as such requirement continues but such payments shall not obtain or be operative while the worker is receiving care under or pursuant to the

provisions of this title except for care granted at the discretion of the supervisor pursuant to RCW 51.36.010: PROVIDED, That such payments shall not be considered compensation nor shall they be subject to any limitation upon total compensation payments.

No part of such additional payments shall be payable from the accident fund.

The director shall pay monthly from the supplemental pension fund such an amount as will, when added to the compensation theretofore paid under compensation schedules in effect prior to July 1, 1971, equal the amounts hereinabove specified.

In cases where money has been or shall be advanced to any such person from the pension reserve, the additional amount to be paid under this section shall be reduced by the amount of monthly pension which was or is predicated upon such advanced portion of the pension reserve.

(2) In addition to the adjustment under subsection (1) of this section, further adjustments shall be made beginning July 1, 2012, and on each July 1st thereafter. The adjustment shall be the percentage change in the average monthly wage in the state under RCW 51.08.018 for the preceding calendar year, rounded to the nearest whole cent.

(3) Compensation due for July 1, 2011, through June 30, 2012, must be paid based on the average monthly wage in the state as computed under RCW 51.08.018 on July 1, 2010. [2011 1st sp.s. c 37 § 201; 1987 c 185 § 34; 1975 1st ex.s. c 224 § 12.]

RCW 51.32.073 Additional payments for prior pensioners—Premium liability of worker and employer for additional payments. (1) Except as provided in subsection (2) of this section, each employer shall retain from the earnings of each worker that amount as shall be fixed from time to time by the director, the basis for measuring said amount to be determined by the director. The money so retained shall be matched in an equal amount by each employer, and all such moneys shall be remitted to the department in such manner and at such intervals as the department directs and shall be placed in the supplemental pension fund: PROVIDED, That the state apprenticeship council shall pay the entire amount into the supplemental pension fund for registered apprentices or trainees during their participation in supplemental and related instruction classes. The moneys so collected shall be used exclusively for the additional payments from the supplemental pension fund prescribed in this title and for the amount of any increase payable under the provisions of RCW 51.32.075, as now or hereafter amended, and shall be no more than necessary to make such payments on a current basis. The department may require a self-insurer to make any additional payments which are payable from the supplemental pension fund and thereafter such self-insurer shall be reimbursed therefrom.

(2) None of the amount assessed for the supplemental pension fund under RCW 51.16.210 may be retained from the earnings of workers covered under RCW 51.16.210. [1989 c 385 § 4; 1980 c 14 § 9. RCW 51.32.075 Adjustments in compensation or death benefits.

The compensation or death benefits payable pursuant to the provisions of this chapter for temporary total disability, permanent total disability, or death arising out of injuries or occupational diseases shall be adjusted as follows:

(1) On July 1, 1982, there shall be an adjustment for those whose right to compensation was established on or after July 1, 1971, and before July 1, 1982. The adjustment shall be determined by multiplying the amount of compensation to which they are entitled by a fraction, the denominator of which shall be the average monthly wage in the state under RCW 51.08.018 for the fiscal year in which such person's right to compensation was established, and the numerator of which shall be the average monthly wage in the state under RCW 51.08.018 on July 1, 1982.

(2) In addition to the adjustment established by subsection (1) of this section, there shall be another adjustment on July 1, 1983, for those whose right to compensation was established on or after July 1, 1971, and before July 1983, which shall be determined by multiplying the amount of compensation to which they are entitled by a fraction, the denominator of which shall be the average monthly wage in the state under RCW 51.08.018 for the fiscal year in which such person's right to compensation was established, and the numerator of which shall be the average monthly wage in the state under RCW 51.08.018 on July 1, 1983.

(3) In addition to the adjustments under subsections (1) and (2) of this section, further adjustments shall be made beginning on July 1, 1984, and on each July 1st thereafter through July 1, 2010, for those whose right to compensation was established on or after July 1, 1971. The adjustment shall be determined by multiplying the amount of compensation to which they are entitled by a fraction, the denominator of which shall be the average monthly wage in the state under RCW 51.08.018 for the fiscal year in which such person's right to compensation was established, and the numerator of which shall be the average monthly wage in the state under RCW 51.08.018 on July 1st of the year in which the adjustment is being made. The department or self-insurer shall adjust the resulting compensation rate to the nearest whole cent, not to exceed the average monthly wage in the state as computed under RCW 51.08.018.

(4) In addition to the adjustments under subsections (1), (2), and (3) of this section, further adjustments shall be made beginning July 1, 2012, and on each July 1st thereafter for those whose right to

compensation was established on or after July 1, 1971. The adjustment shall be the percentage change in the average monthly wage in the state under RCW 51.08.018 for the preceding calendar year, rounded to the nearest whole cent. For claims whose right to compensation was established on or after July 1, 2011, no adjustment shall be made under this subsection until the second July 1st following the date of injury or occupational disease manifestation. (b) Beginning on July 1, 1993, compensation under this subsection shall be computed as follows:

(i) Beginning on July 1, 1993, the compensation amounts for the specified disabilities listed in (a) of this subsection shall be increased by thirty-two percent; and

(ii) Beginning on July 1, 1994, and each July 1 thereafter, the compensation amounts for the specified disabilities listed in (a) of this subsection, as adjusted under (b)(i) of this subsection, shall be readjusted to reflect the percentage change in the consumer price index, calculated as follows: The index for the calendar year preceding the year in which the July calculation is made, to be known as "calendar year A," is divided by the index for the calendar year preceding calendar year A, and the resulting ratio is multiplied by the compensation amount in effect on June 30 immediately preceding the July 1st on which the respective calculation is made. For the purposes of this subsection, "index" means the same as the definition in RCW 2.12.037(1).

(2) Compensation for amputation of a member or part thereof at a site other than those specified in subsection (1) of this section, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates. Compensation shall be calculated based on the adjusted schedule of compensation in effect for the respective time period as prescribed in subsection (1) of this section.

(3) (a) Compensation for any other permanent partial disability not involving amputation shall be in the proportion which the extent of such other disability, called unspecified disability, shall bear to the disabilities specified in subsection (1) of this section, which most closely resembles and approximates in degree of disability such other disability, and compensation for any other unspecified permanent partial disability shall be in an amount as measured and compared to total bodily impairment. To reduce litigation and establish more certainty and uniformity in the rating of unspecified permanent partial disabilities, the department shall enact rules having the force of law classifying such disabilities in the proportion which the department shall determine such disabilities reasonably bear to total bodily impairment. In enacting such rules, the department shall give consideration to, but need not necessarily adopt, any nationally recognized medical standards or guides for determining various bodily impairments.

(b) Until July 1, 1993, for purposes of calculating monetary benefits under (a) of this subsection, the amount payable for total bodily impairment shall be deemed to be ninety thousand dollars. Beginning on July 1, 1993, for purposes of calculating monetary benefits under (a) of this subsection, the amount payable for total bodily impairment shall be adjusted as follows:

(i) Beginning on July 1, 1993, the amount payable for total bodily impairment under this section shall be increased to one hundred eighteen thousand eight hundred dollars; and

(ii) Beginning on July 1, 1994, and each July 1 thereafter, the amount payable for total bodily impairment prescribed in (b) (i) of this subsection shall be adjusted as provided in subsection (1) (b) (ii) of this section.

(c) Until July 1, 1993, the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of ninety thousand dollars. Beginning on July 1, 1993, total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed a sum calculated as follows:

(i) Beginning on July 1, 1993, the sum shall be increased to one hundred eighteen thousand eight hundred dollars; and

(ii) Beginning on July 1, 1994, and each July 1 thereafter, the sum prescribed in (b) (i) of this subsection shall be adjusted as provided in subsection (1) (b) (ii) of this section.

(4) If permanent partial disability compensation is followed by permanent total disability compensation, all permanent partial disability compensation paid to the worker under the claim or claims for which total permanent disability compensation is awarded shall be, at the choosing of the injured worker, either: (a) Deducted from the worker's monthly pension benefits until the total award or awards paid are recovered; or (b) deducted from the pension reserve of such injured worker and his or her monthly compensation payments shall be reduced accordingly. Any interest paid on any permanent partial disability compensation may not be deducted from the pension benefits or pension reserve. The provisions of this subsection apply to all permanent total disability determinations issued on or after July 1, 2011.

(5) Should a worker receive an injury to a member or part of his or her body already, from whatever cause, permanently partially disabled, resulting in the amputation thereof or in an aggravation or increase in such permanent partial disability but not resulting in the

permanent total disability of such worker, his or her compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

(6) When the compensation provided for in subsections (1) through (3) of this section exceeds three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured worker in full, except that the first monthly payment shall be in an amount equal to three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018. Upon application of the injured worker or survivor the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured worker or survivor to the department and shall rest in the discretion of the department depending upon the merits of each individual application. Upon the death of a worker all unpaid installments accrued shall be paid according to the payment schedule established prior to the death of the worker to the widow or widower, or if there is no widow or widower surviving, to the dependent children of such claimant, and if there are no such dependent children, then to such other dependents as defined by this title.

(7) Awards payable under this section are governed by the schedule in effect on the date of injury. RCW 51.32.090 Temporary total disability—Partial restoration of earning power—Return to available work—When employer continues wages—Limitations—Finding—Rules. (Effective until July 1, 2025.) (1) When the total disability is only temporary, the schedule of payments contained in RCW 51.32.060 (1) and (2) shall apply, so long as the total disability continues.

(2) Any compensation payable under this section for children not in the custody of the injured worker as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

(3)(a) As soon as recovery is so complete that the present earning power of the worker, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall:

(i) For claims for injuries that occurred before May 7, 1993, continue in the proportion which the new earning power shall bear to the old; or

(ii) For claims for injuries occurring on or after May 7, 1993, equal eighty percent of the actual difference between the worker's present wages and earning power at the time of injury, but: (A) The total of these payments and the worker's present wages may not exceed one hundred fifty percent of the average monthly wage in the state as computed under RCW 51.08.018; (B) the payments may not exceed one hundred percent of the entitlement as computed under subsection (1) of this section; and (C) the payments may not be less than the worker would have received if (a)(i) of this subsection had been applicable to the worker's claim.

(b) No compensation shall be payable under this subsection (3) unless the loss of earning power shall exceed five percent.

(c) The prior closure of the claim or the receipt of permanent partial disability benefits shall not affect the rate at which loss of earning power benefits are calculated upon reopening the claim.

(4)(a) The legislature finds that long-term disability and the cost of injuries is significantly reduced when injured workers remain at work following their injury. To encourage employers at the time of injury to provide light duty or transitional work for their workers, wage subsidies and other incentives are made available to employers insured with the department.

(b) Whenever the employer of injury requests that a worker who is entitled to temporary total disability under this chapter be certified by a physician or licensed advanced registered nurse practitioner as able to perform available work other than his or her usual work, the employer shall furnish to the physician or licensed advanced registered nurse practitioner, with a copy to the worker, a statement describing the work available with the employer of injury in terms that will enable the physician or licensed advanced registered nurse practitioner to relate the physical activities of the job to the worker's disability. The physician or licensed advanced registered nurse practitioner shall then determine whether the worker is physically able to perform the work described. The worker's temporary total disability payments shall continue until the worker is released by his or her physician or licensed advanced registered nurse practitioner for the work, and begins the work with the employer of injury. If the work thereafter comes to an end before the worker's

recovery is sufficient in the judgment of his or her physician or licensed advanced registered nurse practitioner to permit him or her to return to his or her usual job, or to perform other available work offered by the employer of injury, the worker's temporary total disability payments shall be resumed. Should the available work described, once undertaken by the worker, impede his or her recovery to the extent that in the judgment of his or her physician or licensed advanced registered nurse practitioner he or she should not continue to work, the worker's temporary total disability payments shall be resumed when the worker ceases such work.

(c) To further encourage employers to maintain the employment of their injured workers, an employer insured with the department and that offers work to a worker pursuant to this subsection (4) shall be eligible for reimbursement of the injured worker's wages for light duty or transitional work equal to fifty percent of the basic, gross wages paid for that work, for a maximum of sixty-six workdays within a consecutive twenty-four month period. In no event may the wage subsidies paid to an employer on a claim exceed ten thousand dollars. Wage subsidies shall be calculated using the worker's basic hourly wages or basic salary, and no subsidy shall be paid for any other form of compensation or payment to the worker such as tips, commissions, bonuses, board, housing, fuel, health care, dental care, vision care, per diem, reimbursements for work-related expenses, or any other payments. An employer may not, under any circumstances, receive a wage subsidy for a day in which the worker did not actually perform any work, regardless of whether or not the employer paid the worker wages for that day.

(d) If an employer insured with the department offers a worker work pursuant to this subsection (4) and the worker must be provided with training or instruction to be qualified to perform the offered work, the employer shall be eligible for a reimbursement from the department for any tuition, books, fees, and materials required for that training or instruction, up to a maximum of one thousand dollars. Reimbursing an employer for the costs of such training or instruction does not constitute a determination by the department that the worker is eligible for vocational services authorized by RCW 51.32.095 and *51.32.099.

(e) If an employer insured with the department offers a worker work pursuant to this subsection (4), and the employer provides the worker with clothing that is necessary to allow the worker to perform the offered work, the employer shall be eligible for reimbursement for such clothing from the department, up to a maximum of four hundred dollars. However, an employer shall not receive reimbursement for any clothing it provided to the worker that it normally provides to its workers. The clothing purchased for the worker shall become the worker's property once the work comes to an end.

(f) If an employer insured with the department offers a worker work pursuant to this subsection (4) and the worker must be provided with tools or equipment to perform the offered work, the employer shall be eligible for a reimbursement from the department for such tools and equipment and related costs as determined by department rule, up to a maximum of two thousand five hundred dollars. An employer shall not be reimbursed for any tools or equipment purchased prior to offering the work to the worker pursuant to this subsection (4). An employer shall not be reimbursed for any tools or equipment that it normally provides to its workers. The tools and equipment shall be the property of the employer.

(g) An employer may offer work to a worker pursuant to this subsection (4) more than once, but in no event may the employer receive wage subsidies for more than sixty-six days of work in a consecutive twenty-four month period under one claim. An employer may continue to offer work pursuant to this subsection (4) after the worker has performed sixty-six days of work, but the employer shall not be eligible to receive wage subsidies for such work.

(h) An employer shall not receive any wage subsidies or reimbursement of any expenses pursuant to this subsection (4) unless the employer has completed and submitted the reimbursement request on forms developed by the department, along with all related information required by department rules. No wage subsidy or reimbursement shall be paid to an employer who fails to submit a form for such payment within one year of the date the work was performed. In no event shall an employer receive wage subsidy payments or reimbursements of any expenses pursuant to this subsection (4) unless the worker's physician or licensed advanced registered nurse practitioner has restricted him or her from performing his or her usual work and the worker's physician or licensed advanced registered nurse practitioner has released him or her to perform the work offered.

(i) Payments made under (b) through (g) of this subsection are subject to penalties under RCW 51.32.240(5) in cases where the funds were obtained through willful misrepresentation.

(j) Once the worker returns to work under the terms of this subsection (4), he or she shall not be assigned by the employer to work other than the available work described without the worker's written consent, or without prior review and approval by the worker's physician or licensed advanced registered nurse practitioner. An employer who directs a claimant to perform work other than that approved by the attending physician and without the approval of the worker's physician or licensed advanced registered nurse practitioner shall not receive any wage subsidy or other reimbursements for such work.

(k) If the worker returns to work under this subsection (4), any employee health and welfare benefits that the worker was receiving at the time of injury shall continue or be resumed at the level provided at the time of injury. Such benefits shall not be continued or resumed if to do so is inconsistent with the terms of the benefit program, or with the terms of the collective bargaining agreement currently in force.

(l) In the event of any dispute as to the validity of the work offered or as to the worker's ability to perform the available work offered by the employer, the department shall make the final determination pursuant to an order that contains the notice required by RCW 51.52.060 and that is subject to appeal subject to RCW 51.52.050.

(5) An employer's experience rating shall not be affected by the employer's request for or receipt of wage subsidies.

(6) The department shall create a Washington stay-at-work account which shall be funded by assessments of employers insured through the state fund for the costs of the payments authorized by subsection (4) of this section and for the cost of creating a reserve for anticipated liabilities. Employers may collect up to one-half the fund assessment from workers.

(7) No worker shall receive compensation for or during the day on which injury was received or the three days following the same, unless his or her disability shall continue for a period of fourteen

consecutive calendar days from date of injury: PROVIDED, That attempts to return to work in the first fourteen days following the injury shall not serve to break the continuity of the period of disability if the disability continues fourteen days after the injury occurs.

(8) Should a worker suffer a temporary total disability and should his or her employer at the time of the injury continue to pay him or her the wages which he or she was earning at the time of such injury, such injured worker shall not receive any payment provided in subsection (1) of this section during the period his or her employer shall so pay such wages: PROVIDED, That holiday pay, vacation pay, sick leave, or other similar benefits shall not be deemed to be payments by the employer for the purposes of this subsection.

(9) In no event shall the monthly payments provided in this section:

(a) Exceed the applicable percentage of the average monthly wage in the state as computed under the provisions of RCW 51.08.018 as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

(b) For dates of injury or disease manifestation after July 1, 2008, be less than fifteen percent of the average monthly wage in the state as computed under RCW 51.08.018 plus an additional ten dollars per month if the worker is married and an additional ten dollars per month for each child of the worker up to a maximum of five children. However, if the monthly payment computed under this subsection (9) is greater than one hundred percent of the wages of the worker as determined under RCW 51.08.178, the monthly payment due to the worker shall be equal to the greater of the monthly wages of the worker or the minimum benefit set forth in this section on June 30, 2008.

(10) If the supervisor of industrial insurance determines that the worker is voluntarily retired and is no longer attached to the workforce, benefits shall not be paid under this section.

(11) The department shall adopt rules as necessary to implement this section. [2011 1st sp.s. c 37 § 101. Finding—2011 1st sp.s. c 37: "The legislature finds that Washington state's workers' compensation system should be designed to focus on achieving the best outcomes for injured workers. The state must ensure that the workers' compensation system remains financially healthy in order to provide needed resources for injured workers.

Further, the legislature recognizes that reducing the number and cost of long-term disability and pension claims, while strengthening safety programs; addressing workers' compensation system fraud by employers, workers, and providers; finding ways to improve claims management processes; studying occupational disease claims in the workers' compensation system; and establishing a fund for purposes of maintaining low, stable, and predictable premium rate increases are all key to ensuring productive worker outcomes and a financially sound system for Washington workers and employers." RCW 51.32.090 Temporary total disability—Partial restoration of earning power—Return to available work—When employer continues wages—Limitations—Finding—Rules. (Effective July 1, 2025.) (1) When the total disability is only temporary, the schedule of payments contained in RCW 51.32.060 (1) and (2) shall apply, so long as the total disability continues.

(2) Any compensation payable under this section for children not in the custody of the injured worker as of the date of injury shall be payable only to such person as actually is providing the support for

such child or children pursuant to the order of a court of record providing for support of such child or children.

(3) (a) As soon as recovery is so complete that the present earning power of the worker, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall:

(i) For claims for injuries that occurred before May 7, 1993, continue in the proportion which the new earning power shall bear to the old; or

(ii) For claims for injuries occurring on or after May 7, 1993, equal eighty percent of the actual difference between the worker's present wages and earning power at the time of injury, but: (A) The total of these payments and the worker's present wages may not exceed one hundred fifty percent of the average monthly wage in the state as computed under RCW 51.08.018; (B) the payments may not exceed one hundred percent of the entitlement as computed under subsection (1) of this section; and (C) the payments may not be less than the worker would have received if (a) (i) of this subsection had been applicable to the worker's claim.

(b) No compensation shall be payable under this subsection (3) unless the loss of earning power shall exceed five percent.

(c) The prior closure of the claim or the receipt of permanent partial disability benefits shall not affect the rate at which loss of earning power benefits are calculated upon reopening the claim.

(4) (a) The legislature finds that long-term disability and the cost of injuries is significantly reduced when injured workers remain at work following their injury. To encourage employers at the time of injury to provide light duty or transitional work for their workers, wage subsidies and other incentives are made available to employers insured with the department.

(b) Whenever the employer of injury requests that a worker who is entitled to temporary total disability under this chapter be certified by the attending provider as able to perform available work other than his or her usual work, the employer shall furnish to the attending provider, with a copy to the worker, a statement describing the work available with the employer of injury in terms that will enable the attending provider to relate the activities of the job to the worker's disability. The attending provider shall then determine whether the worker is able to perform the work described. The worker's temporary total disability payments shall continue until the worker is released by his or her attending provider for the work, and begins the work with the employer of injury. If the work thereafter comes to an end before the worker's recovery is sufficient in the judgment of his or her attending provider to permit him or her to return to his or her usual job, or to perform other available work offered by the employer of injury, the worker's temporary total disability payments shall be resumed. Should the available work described, once undertaken by the worker, impede his or her recovery to the extent that in the judgment of his or her attending provider he or she should not continue to work, the worker's temporary total disability payments shall be resumed when the worker ceases such work.

(c) To further encourage employers to maintain the employment of their injured workers, an employer insured with the department and that offers work to a worker pursuant to this subsection (4) shall be eligible for reimbursement of the injured worker's wages for light duty or transitional work equal to fifty percent of the basic, gross

wages paid for that work, for a maximum of sixty-six workdays within a consecutive twenty-four month period. In no event may the wage subsidies paid to an employer on a claim exceed ten thousand dollars. Wage subsidies shall be calculated using the worker's basic hourly wages or basic salary, and no subsidy shall be paid for any other form of compensation or payment to the worker such as tips, commissions, bonuses, board, housing, fuel, health care, dental care, vision care, per diem, reimbursements for work-related expenses, or any other payments. An employer may not, under any circumstances, receive a wage subsidy for a day in which the worker did not actually perform any work, regardless of whether or not the employer paid the worker wages for that day.

(d) If an employer insured with the department offers a worker work pursuant to this subsection (4) and the worker must be provided with training or instruction to be qualified to perform the offered work, the employer shall be eligible for a reimbursement from the department for any tuition, books, fees, and materials required for that training or instruction, up to a maximum of one thousand dollars. Reimbursing an employer for the costs of such training or instruction does not constitute a determination by the department that the worker is eligible for vocational services authorized by RCW 51.32.095 and *51.32.099.

(e) If an employer insured with the department offers a worker work pursuant to this subsection (4), and the employer provides the worker with clothing that is necessary to allow the worker to perform the offered work, the employer shall be eligible for reimbursement for such clothing from the department, up to a maximum of four hundred dollars. However, an employer shall not receive reimbursement for any clothing it provided to the worker that it normally provides to its workers. The clothing purchased for the worker shall become the worker's property once the work comes to an end.

(f) If an employer insured with the department offers a worker work pursuant to this subsection (4) and the worker must be provided with tools or equipment to perform the offered work, the employer shall be eligible for a reimbursement from the department for such tools and equipment and related costs as determined by department rule, up to a maximum of two thousand five hundred dollars. An employer shall not be reimbursed for any tools or equipment purchased prior to offering the work to the worker pursuant to this subsection (4). An employer shall not be reimbursed for any tools or equipment that it normally provides to its workers. The tools and equipment shall be the property of the employer.

(g) An employer may offer work to a worker pursuant to this subsection (4) more than once, but in no event may the employer receive wage subsidies for more than sixty-six days of work in a consecutive twenty-four month period under one claim. An employer may continue to offer work pursuant to this subsection (4) after the worker has performed sixty-six days of work, but the employer shall not be eligible to receive wage subsidies for such work.

(h) An employer shall not receive any wage subsidies or reimbursement of any expenses pursuant to this subsection (4) unless the employer has completed and submitted the reimbursement request on forms developed by the department, along with all related information required by department rules. No wage subsidy or reimbursement shall be paid to an employer who fails to submit a form for such payment within one year of the date the work was performed. In no event shall an employer receive wage subsidy payments or reimbursements of any

expenses pursuant to this subsection (4) unless the worker's attending provider has restricted him or her from performing his or her usual work and the worker's attending provider has released him or her to perform the work offered.

(i) Payments made under (b) through (g) of this subsection are subject to penalties under RCW 51.32.240(5) in cases where the funds were obtained through willful misrepresentation.

(j) Once the worker returns to work under the terms of this subsection (4), he or she shall not be assigned by the employer to work other than the available work described without the worker's written consent, or without prior review and approval by the worker's attending provider. An employer who directs a claimant to perform work other than that approved by the attending provider and without the approval of the worker's attending provider shall not receive any wage subsidy or other reimbursements for such work.

(k) If the worker returns to work under this subsection (4), any employee health and welfare benefits that the worker was receiving at the time of injury shall continue or be resumed at the level provided at the time of injury. Such benefits shall not be continued or resumed if to do so is inconsistent with the terms of the benefit program, or with the terms of the collective bargaining agreement currently in force.

(l) In the event of any dispute as to the validity of the work offered or as to the worker's ability to perform the available work offered by the employer, the department shall make the final determination pursuant to an order that contains the notice required by RCW 51.52.060 and that is subject to appeal subject to RCW 51.52.050.

(5) An employer's experience rating shall not be affected by the employer's request for or receipt of wage subsidies.

(6) The department shall create a Washington stay-at-work account which shall be funded by assessments of employers insured through the state fund for the costs of the payments authorized by subsection (4) of this section and for the cost of creating a reserve for anticipated liabilities. Employers may collect up to one-half the fund assessment from workers.

(7) No worker shall receive compensation for or during the day on which injury was received or the three days following the same, unless his or her disability shall continue for a period of fourteen consecutive calendar days from date of injury: PROVIDED, That attempts to return to work in the first fourteen days following the injury shall not serve to break the continuity of the period of disability if the disability continues fourteen days after the injury occurs.

(8) Should a worker suffer a temporary total disability and should his or her employer at the time of the injury continue to pay him or her the wages which he or she was earning at the time of such injury, such injured worker shall not receive any payment provided in subsection (1) of this section during the period his or her employer shall so pay such wages: PROVIDED, That holiday pay, vacation pay, sick leave, or other similar benefits shall not be deemed to be payments by the employer for the purposes of this subsection.

(9) In no event shall the monthly payments provided in this section:

(a) Exceed the applicable percentage of the average monthly wage in the state as computed under the provisions of RCW 51.08.018 as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

(b) For dates of injury or disease manifestation after July 1, 2008, be less than fifteen percent of the average monthly wage in the state as computed under RCW 51.08.018 plus an additional ten dollars per month if the worker is married and an additional ten dollars per month for each child of the worker up to a maximum of five children. However, if the monthly payment computed under this subsection (9) (b) is greater than one hundred percent of the wages of the worker as determined under RCW 51.08.178, the monthly payment due to the worker shall be equal to the greater of the monthly wages of the worker or the minimum benefit set forth in this section on June 30, 2008.

(10) If the supervisor of industrial insurance determines that the worker is voluntarily retired and is no longer attached to the workforce, benefits shall not be paid under this section.

(11) The department shall adopt rules as necessary to implement this section. [2023 c 171 § 7; 2011 1st sp.s. c 37 § 101. RCW 51.32.095 Vocational rehabilitation services—Benefits—Priorities—Allowable costs—Performance criteria. (Effective until July 1, 2025.) (1) One of the primary purposes of this title is to enable the injured worker to become employable at gainful employment. To this end, the department or self-insurers must utilize the services of individuals and organizations, public or private, whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of vocational rehabilitation as may be reasonable to make the worker employable consistent with his or her physical and mental status. Where, after evaluation and recommendation by such individuals or organizations and prior to final evaluation of the worker's permanent disability and in the sole opinion of the supervisor or supervisor's designee, whether or not medical treatment has been concluded, vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment, the supervisor or supervisor's designee may, in his or her sole discretion, pay or, if the employer is a self-insurer, direct the self-insurer to pay the cost as provided in subsection (5) of this section or *RCW 51.32.099, as appropriate. An injured worker may not participate in vocational rehabilitation under this section or *RCW 51.32.099 if such participation would result in a payment of benefits

as described in RCW 51.32.240(5), and any benefits so paid must be recovered according to the terms of that section.

(2) Vocational rehabilitation services may be provided to an injured worker when in the sole discretion of the supervisor or the supervisor's designee vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment. In determining whether to provide vocational services and at what level, the following list must be used, in order of priority with the highest priority given to returning a worker to employment:

- (a) Return to the previous job with the same employer;
- (b) Modification of the previous job with the same employer including transitional return to work;
- (c) A new job with the same employer in keeping with any limitations or restrictions;
- (d) Modification of a new job with the same employer including transitional return to work;
- (e) Modification of the previous job with a new employer;
- (f) A new job with a new employer or self-employment based upon transferable skills;
- (g) Modification of a new job with a new employer;
- (h) A new job with a new employer or self-employment involving on-the-job training;
- (i) Short-term retraining.

(3) Notwithstanding subsection (2) of this section, vocational services may be provided to an injured worker who has suffered the loss or complete use of both legs, or arms, or one leg and one arm, or total eyesight when, in the sole discretion of the supervisor or the supervisor's designee, these services will either substantially improve the worker's quality of life or substantially improve the worker's ability to function in an employment setting, regardless of whether or not these services are either necessary or reasonably likely to make the worker employable at any gainful employment. Vocational services must be completed prior to the commencement of the worker's entitlement to benefits under RCW 51.32.060. However, workers who are eligible for vocational services under this subsection are not eligible for option 2 benefits, as provided in RCW *51.32.099(4) and 51.32.096.

(4) To encourage the employment of individuals who have suffered an injury or occupational disease resulting in permanent disability which may be a substantial obstacle to employment, the supervisor or supervisor's designee, in his or her sole discretion, may provide assistance including job placement services for eligible injured workers who are receiving vocational services under the return-to-work priorities listed in subsection (2)(b) through (i) of this section, except for self-employment, and to employers that employ them. The assistance listed in (a) through (f) of this subsection is only available in cases where the worker is employed:

- (a) Reduction or elimination of premiums or assessments owed by employers for such workers;
- (b) Reduction or elimination of charges against the employers in the event of further injury to such workers in their employ;
- (c) Reimbursement of the injured worker's wages for light duty or transitional work consistent with the limitations in RCW 51.32.090(4)(c);
- (d) Reimbursement for the costs of clothing that is necessary to allow the worker to perform the offered work consistent with the limitations in RCW 51.32.090(4)(e);

(e) Reimbursement for the costs of tools or equipment to allow the worker to perform the work consistent with the limitations in RCW 51.32.090(4)(f);

(f) A one-time payment equal to the lesser of ten percent of the worker's wages including commissions and bonuses paid or ten thousand dollars for continuous employment without reduction in base wages for at least twelve months. The twelve months begin the first date of employment and the one-time payment is available at the sole discretion of the supervisor of industrial insurance;

(g) The benefits described in this section are available to a state fund employer without regard to whether the worker was employed by the state fund employer at the time of injury. The benefits are available to a self-insured employer only in cases where the worker was employed by a state fund employer at the time of injury or occupational disease manifestation;

(h) The benefits described in (a) through (f) of this subsection (4) are only available in instances where a vocational rehabilitation professional and the injured worker's health care provider have confirmed that the worker has returned to work that is consistent with the worker's limitations and physical restrictions.

(5)(a) Except as provided in (b) of this subsection, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor's designee under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, transportation, child or dependent care, and other necessary expenses for any such worker in an amount not to exceed three thousand dollars in any fifty-two week period, and the cost of continuing the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation.

(b) Beginning with vocational rehabilitation plans approved on or after July 1, 1999, through December 31, 2007, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor's designee under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, child or dependent care, and other necessary expenses for any such worker in an amount not to exceed four thousand dollars in any fifty-two week period, and the cost of transportation and continuing the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation.

(c) The expenses allowed under (a) or (b) of this subsection may include training fees for on-the-job training and the cost of furnishing tools and other equipment necessary for self-employment or reemployment. However, compensation or payment of retraining with job placement expenses under (a) or (b) of this subsection may not be authorized for a period of more than fifty-two weeks, except that such period may, in the sole discretion of the supervisor after his or her review, be extended for an additional fifty-two weeks or portion thereof by written order of the supervisor.

(d) In cases where the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging must also be paid.

(e) Costs paid under this subsection must be chargeable to the employer's cost experience or must be paid by the self-insurer as the case may be.

(6) In addition to the vocational rehabilitation expenditures provided for under subsection (5) of this section and *RCW 51.32.099,

an additional five thousand dollars may, upon authorization of the supervisor or the supervisor's designee, be expended for: (a) Accommodations for an injured worker that are medically necessary for the worker to participate in an approved retraining plan; and (b) accommodations necessary to perform the essential functions of an occupation in which an injured worker is seeking employment, consistent with the retraining plan or the recommendations of a vocational evaluation. The injured worker's attending physician or licensed advanced registered nurse practitioner must verify the necessity of the modifications or accommodations. The total expenditures authorized in this subsection and the expenditures authorized under RCW 51.32.250 may not exceed five thousand dollars.

(7) (a) When the department has approved a vocational plan for a worker prior to January 1, 2008, regardless of whether the worker has begun participating in the approved plan, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor's designee under subsection (1) of this section are limited to those provided under subsections (5) and (6) of this section.

(b) For vocational plans approved for a worker between January 1, 2008, through July 31, 2015, total vocational costs allowed by the supervisor or supervisor's designee under subsection (1) of this section is limited to those provided under the pilot program established in *RCW 51.32.099, and vocational rehabilitation services must conform to the requirements in *RCW 51.32.099.

(8) The department must establish criteria to monitor the quality and effectiveness of rehabilitation services provided by the individuals and organizations. The state fund must make referrals for vocational rehabilitation services based on these performance criteria.

(9) The department must engage in, where feasible and cost-effective, a cooperative program with the state employment security department to provide job placement services under this section including participation by the department as a partner with WorkSource and with the private vocational rehabilitation community to refer workers to these vocational professionals for job search and job placement assistance. As a partner, the department must place vocational professional full-time employees at selected WorkSource locations who will work with employers to market the benefits of on-the-job training programs and preferred worker financial incentives as described in RCW 51.32.095(4). For the purposes of this subsection, "WorkSource" means the established state system that administers the federal workforce investment act of 1998.

(10) The benefits in this section, RCW *51.32.099, and 51.32.096 must be provided for the injured workers of self-insured employers. Self-insurers must report both benefits provided and benefits denied in the manner prescribed by the department by rule adopted under chapter 34.05 RCW. The director may, in his or her sole discretion and upon his or her own initiative or at any time that a dispute arises under this section, RCW *51.32.099, or 51.32.096, promptly make such inquiries as circumstances require and take such other action as he or she considers will properly determine the matter and protect the rights of the parties.

(11) Except as otherwise provided, the benefits provided for in this section, RCW *51.32.099, and 51.32.096 are available to any otherwise eligible worker regardless of the date of industrial injury. However, claims may not be reopened solely for vocational rehabilitation purposes. [2018 c 22 § 13. Prior: 2015 c 137 § 2; 2013

RCW 51.32.095 Vocational rehabilitation services—Benefits—Priorities—Allowable costs—Performance criteria. (Effective July 1, 2025.) (1) One of the primary purposes of this title is to enable the injured worker to become employable at gainful employment. To this end, the department or self-insurers must utilize the services of individuals and organizations, public or private, whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of vocational rehabilitation as may be reasonable to make the worker employable consistent with his or her physical and mental status. Where, after evaluation and recommendation by such individuals or organizations and prior to final evaluation of the worker's permanent disability and in the sole opinion of the supervisor or supervisor's designee, whether or not medical treatment has been concluded, vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment, the supervisor or supervisor's designee may, in his or her sole discretion, pay or, if the employer is a self-insurer, direct the self-insurer to pay the cost as provided in subsection (5) of this section or *RCW 51.32.099, as appropriate. An injured worker may not participate in vocational rehabilitation under this section or *RCW 51.32.099 if such participation would result in a payment of benefits as described in RCW 51.32.240(5), and any benefits so paid must be recovered according to the terms of that section.

(2) Vocational rehabilitation services may be provided to an injured worker when in the sole discretion of the supervisor or the supervisor's designee vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment. In determining whether to provide vocational services and at what level, the following list must be used, in order of priority with the highest priority given to returning a worker to employment:

- (a) Return to the previous job with the same employer;
- (b) Modification of the previous job with the same employer including transitional return to work;

(c) A new job with the same employer in keeping with any limitations or restrictions;

(d) Modification of a new job with the same employer including transitional return to work;

(e) Modification of the previous job with a new employer;

(f) A new job with a new employer or self-employment based upon transferable skills;

(g) Modification of a new job with a new employer;

(h) A new job with a new employer or self-employment involving on-the-job training;

(i) Short-term retraining.

(3) Notwithstanding subsection (2) of this section, vocational services may be provided to an injured worker who has suffered the loss or complete use of both legs, or arms, or one leg and one arm, or total eyesight when, in the sole discretion of the supervisor or the supervisor's designee, these services will either substantially improve the worker's quality of life or substantially improve the worker's ability to function in an employment setting, regardless of whether or not these services are either necessary or reasonably likely to make the worker employable at any gainful employment. Vocational services must be completed prior to the commencement of the worker's entitlement to benefits under RCW 51.32.060. However, workers who are eligible for vocational services under this subsection are not eligible for option 2 benefits, as provided in RCW *51.32.099(4) and 51.32.096.

(4) To encourage the employment of individuals who have suffered an injury or occupational disease resulting in permanent disability which may be a substantial obstacle to employment, the supervisor or supervisor's designee, in his or her sole discretion, may provide assistance including job placement services for eligible injured workers who are receiving vocational services under the return-to-work priorities listed in subsection (2)(b) through (i) of this section, except for self-employment, and to employers that employ them. The assistance listed in (a) through (f) of this subsection is only available in cases where the worker is employed:

(a) Reduction or elimination of premiums or assessments owed by employers for such workers;

(b) Reduction or elimination of charges against the employers in the event of further injury to such workers in their employ;

(c) Reimbursement of the injured worker's wages for light duty or transitional work consistent with the limitations in RCW 51.32.090(4)(c);

(d) Reimbursement for the costs of clothing that is necessary to allow the worker to perform the offered work consistent with the limitations in RCW 51.32.090(4)(e);

(e) Reimbursement for the costs of tools or equipment to allow the worker to perform the work consistent with the limitations in RCW 51.32.090(4)(f);

(f) A one-time payment equal to the lesser of ten percent of the worker's wages including commissions and bonuses paid or ten thousand dollars for continuous employment without reduction in base wages for at least twelve months. The twelve months begin the first date of employment and the one-time payment is available at the sole discretion of the supervisor of industrial insurance;

(g) The benefits described in this section are available to a state fund employer without regard to whether the worker was employed by the state fund employer at the time of injury. The benefits are

available to a self-insured employer only in cases where the worker was employed by a state fund employer at the time of injury or occupational disease manifestation;

(h) The benefits described in (a) through (f) of this subsection (4) are only available in instances where a vocational rehabilitation professional and the injured worker's health care provider have confirmed that the worker has returned to work that is consistent with the worker's limitations and physical restrictions.

(5)(a) Except as provided in (b) of this subsection, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor's designee under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, transportation, child or dependent care, and other necessary expenses for any such worker in an amount not to exceed three thousand dollars in any fifty-two week period, and the cost of continuing the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation.

(b) Beginning with vocational rehabilitation plans approved on or after July 1, 1999, through December 31, 2007, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor's designee under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, child or dependent care, and other necessary expenses for any such worker in an amount not to exceed four thousand dollars in any fifty-two week period, and the cost of transportation and continuing the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation.

(c) The expenses allowed under (a) or (b) of this subsection may include training fees for on-the-job training and the cost of furnishing tools and other equipment necessary for self-employment or reemployment. However, compensation or payment of retraining with job placement expenses under (a) or (b) of this subsection may not be authorized for a period of more than fifty-two weeks, except that such period may, in the sole discretion of the supervisor after his or her review, be extended for an additional fifty-two weeks or portion thereof by written order of the supervisor.

(d) In cases where the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging must also be paid.

(e) Costs paid under this subsection must be chargeable to the employer's cost experience or must be paid by the self-insurer as the case may be.

(6) In addition to the vocational rehabilitation expenditures provided for under subsection (5) of this section and *RCW 51.32.099, an additional five thousand dollars may, upon authorization of the supervisor or the supervisor's designee, be expended for: (a) Accommodations for an injured worker that are medically necessary for the worker to participate in an approved retraining plan; and (b) accommodations necessary to perform the essential functions of an occupation in which an injured worker is seeking employment, consistent with the retraining plan or the recommendations of a vocational evaluation. The injured worker's attending provider must verify the necessity of the modifications or accommodations. The total expenditures authorized in this subsection and the expenditures authorized under RCW 51.32.250 may not exceed five thousand dollars.

(7) (a) When the department has approved a vocational plan for a worker prior to January 1, 2008, regardless of whether the worker has begun participating in the approved plan, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor's designee under subsection (1) of this section are limited to those provided under subsections (5) and (6) of this section.

(b) For vocational plans approved for a worker between January 1, 2008, through July 31, 2015, total vocational costs allowed by the supervisor or supervisor's designee under subsection (1) of this section is limited to those provided under the pilot program established in *RCW 51.32.099, and vocational rehabilitation services must conform to the requirements in *RCW 51.32.099.

(8) The department must establish criteria to monitor the quality and effectiveness of rehabilitation services provided by the individuals and organizations. The state fund must make referrals for vocational rehabilitation services based on these performance criteria.

(9) The department must engage in, where feasible and cost-effective, a cooperative program with the state employment security department to provide job placement services under this section including participation by the department as a partner with WorkSource and with the private vocational rehabilitation community to refer workers to these vocational professionals for job search and job placement assistance. As a partner, the department must place vocational professional full-time employees at selected WorkSource locations who will work with employers to market the benefits of on-the-job training programs and preferred worker financial incentives as described in subsection (4) of this section. For the purposes of this subsection, "WorkSource" means the established state system that administers the federal workforce investment act of 1998.

(10) The benefits in this section and RCW *51.32.099 and 51.32.096 must be provided for the injured workers of self-insured employers. Self-insurers must report both benefits provided and benefits denied in the manner prescribed by the department by rule adopted under chapter 34.05 RCW. The director may, in his or her sole discretion and upon his or her own initiative or at any time that a dispute arises under this section or RCW *51.32.099 or 51.32.096, promptly make such inquiries as circumstances require and take such other action as he or she considers will properly determine the matter and protect the rights of the parties.

(11) Except as otherwise provided, the benefits provided for in this section and RCW *51.32.099 and 51.32.096 are available to any otherwise eligible worker regardless of the date of industrial injury. However, claims may not be reopened solely for vocational rehabilitation purposes. [2023 c 171 § 8; 2018 c 22 § 13. RCW 51.32.096 Vocational rehabilitation benefits and options—Advisory committee—Procedures—Requirements—Definitions—Costs. (1)

Through the collaboration of the vocational rehabilitation subcommittee established in *RCW 51.32.099, certain vocational rehabilitation benefits and options have been identified as permanently needed to support appropriate outcomes for eligible injured workers. To continue the partnership of business and labor with regard to best practices in the provision of vocational services and to identify further improvements to Washington's vocational rehabilitation system and benefits, the director must appoint a vocational rehabilitation advisory committee to consist of at least one member representing employers insured by the state fund, one member representing self-insured employers, and two members representing workers. The appointments must be made from lists of nominations provided by statewide business, self-insured employers, and labor organizations.

(2) (a) For the purposes of this section, the day the worker commences vocational plan development means the date the department or self-insurer notifies the worker of his or her eligibility for plan development services or of an eligibility determination in response to a dispute of a vocational decision.

(b) When the supervisor or supervisor's designee has decided that vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment, he or she must be provided with services necessary to develop a vocational plan that, if completed, would render the worker employable. The vocational professional assigned to the claim must, at the initial meeting with the worker, fully inform the worker of the return-to-work priorities set forth in RCW 51.32.095(2) and of his or her rights and responsibilities under the workers' compensation vocational system. The department must provide tools to the vocational professional for communicating this and other information required by RCW 51.32.095 and this section to the worker.

(c) On the date the worker commences vocational plan development, the department must also inform the employer in writing of the employer's right to make a valid return-to-work offer during the first fifteen days following the commencement of vocational plan development. However, at the sole discretion of the supervisor or the supervisor's designee, an employer may be granted an extension of time of up to ten additional days to make a valid return-to-work offer. The additional days may be allowed by the department with or without a request from the employer. The extension may only be granted if the employer made a return-to-work offer to the worker within fifteen days of the date the worker commenced vocational plan development that met

some but not all of the requirements in this section. To be valid, the offer must be for bona fide employment with the employer of injury, consistent with the worker's documented physical and mental restrictions as provided by the worker's health care provider. When the employer makes a valid return-to-work offer, the vocational plan development services and temporary total disability compensation must be terminated effective on the starting date for the job without regard to whether the worker accepts the return-to-work offer.

(d) Following the time period described in (c) of this subsection, the employer may still provide, and the worker may accept, any valid return-to-work offer. The worker's acceptance of such an offer must result in the termination of vocational plan development or implementation services and temporary total disability compensation effective the day the employment begins.

(3) (a) All vocational plans must contain an accountability agreement signed by the worker detailing expectations regarding progress, attendance, and other factors influencing successful participation in the plan. Failure to abide by the agreed expectations must result in suspension of vocational benefits pursuant to RCW 51.32.110, including the opportunity for the worker to demonstrate good cause.

(b) Any formal education included as part of the vocational plan must be for an accredited or licensed program or other program approved by the department. The department must develop rules that provide criteria for the approval of nonaccredited or unlicensed programs.

(c) The vocational plan for an individual worker must be completed and submitted to the department within ninety days of the day the worker commences vocational plan development. The department may extend the ninety days for good cause. Criteria for good cause must be provided in rule.

(d) Costs for the vocational plan may include books, tuition, fees, supplies, equipment, child or dependent care, training fees for on-the-job training, the cost of furnishing tools and other equipment necessary for self-employment or reemployment, and other necessary expenses in an amount not to exceed seventeen thousand five hundred dollars. This amount must be adjusted effective July 1st of each year for vocational plans or retraining benefits available under subsection (4) (b) of this section approved on or after this date but before June 30th of the next year based on the average percentage change in tuition for the next fall quarter for all Washington state community colleges. Effective July 1, 2016, and each July 1st thereafter, the increase cannot exceed two percent per year, unless the amount available would be less than one hundred fifty percent of the average cost of a two-year community college training plan. Effective July 1st following the calendar year in which the amount available is less than one hundred fifty percent of the average cost of a two-year community college plan, costs for newly approved plans can be up to one hundred fifty percent of this community college plan average. The average cost of two-year community college training plans will be calculated by the department based on plans completed during the preceding calendar year.

(e) The duration of the vocational plan may not exceed two years from the date the plan is implemented. The worker must receive temporary total disability compensation under RCW 51.32.090 and the cost of transportation while he or she is actively and successfully participating in a vocational plan.

(f) If the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging must also be paid.

(4) Except as provided in RCW 51.32.095(3), during vocational plan development the worker must, with the assistance of a vocational professional, participate in vocational counseling and occupational exploration to include, but not be limited to, identifying possible job goals, training needs, resources, and expenses, consistent with the worker's physical and mental status. A vocational rehabilitation plan must be developed by the worker and the vocational professional and submitted to the department or self-insurer. Following this submission, the worker must elect one of the following options:

(a) Option 1: The department or self-insurer implements and the worker participates in the vocational plan developed by the vocational professional and approved by the worker and the department or self-insurer. For state fund claims, the department must review and approve the vocational plan before implementation may begin. If the department takes no action within fifteen days, the plan is deemed approved. Beginning the date the department approves the plan, or the date of a determination that the plan is valid following a dispute, through completion of the first academic quarter or three months' training, the worker may elect option 2. However, in the sole discretion of the supervisor or supervisor's designee, the department may approve an election for option 2 benefits that was submitted in writing within twenty-five days of the end of the first academic quarter or three months' training if the worker provides a written explanation establishing that he or she was unable to submit his or her election of option 2 benefits within fifteen days. In no circumstance may the department approve of an election for option 2 benefits that was submitted more than twenty-five days after the end of the first academic quarter or three months' training.

(i) Following successful completion of the vocational plan, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) must include consideration of transferable skills obtained in the vocational plan.

(ii) If a vocational plan is successfully completed on a claim which is thereafter reopened as provided in RCW 51.32.160, the cost and duration available for any subsequent vocational plan is limited to that in subsection (3)(d) and (e) of this section, less that previously expended.

(b) Option 2: The worker declines further vocational services under the claim and receives an amount equal to nine months of temporary total disability compensation under RCW 51.32.090. The award must be reduced by the amount of any temporary total disability compensation paid for days starting with the first day of the academic quarter or three months' training and for any days through the date the department received the worker's written election of option 2. The award is payable in biweekly payments in accordance with the schedule of temporary total disability payments, until such award is paid in full. These payments may not include interest on the unpaid balance. However, upon application by the worker, and at the discretion of the department, the compensation may be converted to a lump sum payment. The vocational costs defined in subsection (3)(d) of this section must remain available to the worker less any amount expended for the worker's participation in the first academic quarter or three months' training, upon application to the department or self-insurer, for a

period of five years. The vocational costs must, if expended, be available for programs or courses at any accredited or licensed institution or program from a list of those approved by the department for tuition, books, fees, supplies, equipment, and tools, without department or self-insurer oversight. Up to ten percent of the total funds available to the worker can be used for vocational counseling and job placement services. The department must issue an order as provided in RCW 51.52.050 confirming the option 2 election, setting a payment schedule, and terminating temporary total disability benefits effective the date of the order confirming that election. The department must thereafter close the claim. A worker who elects option 2 benefits is not entitled to further temporary total, or to permanent total, disability benefits except upon a showing of a worsening in the condition or conditions accepted under the claim such that claim closure is not appropriate, in which case the option 2 selection must be rescinded and the amount paid to the worker must be assessed as an overpayment. A claim that was closed based on the worker's election of option 2 benefits may be reopened as provided in RCW 51.32.160, but cannot be reopened for the sole purpose of allowing the worker to seek vocational assistance.

(i) If, within five years from the date the option 2 order becomes final, the worker is subsequently injured or suffers an occupational disease or reopens the claim as provided in RCW 51.32.160, and vocational rehabilitation is found both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1), the duration of any vocational plan under subsection (3)(e) of this section may not exceed fifteen months.

(ii) If the available vocational costs are utilized by the worker, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) must include consideration of the transferable skills obtained.

(iii) If the available vocational costs are utilized by the worker and the claim is thereafter reopened as provided in RCW 51.32.160, the cost available for any vocational plan is limited to that in subsection (3)(d) of this section less that previously expended.

(iv) Option 2 may only be elected once per worker.

(c) The director, in his or her sole discretion, may provide the worker vocational assistance not to exceed that in subsection (3) of this section, without regard to the worker's prior option selection or benefits expended, where vocational assistance would prevent permanent total disability under RCW 51.32.060.

(5)(a) "Vocational plan interruption" for the purposes of this section means an occurrence which disrupts the plan to the extent the employability goal is no longer attainable. "Vocational plan interruption" does not include institutionally scheduled breaks in educational programs, occasional absence due to illness, or modifications to the plan which will allow it to be completed within the cost and time provisions of subsection (3)(d) and (e) of this section.

(b) When a vocational plan interruption is beyond the control of the worker, the department or self-insurer must recommence plan development. If necessary to complete vocational services, the cost and duration of the plan may include credit for that expended prior to the interruption. A vocational plan interruption is considered outside the control of the worker when it is due to the closure of the

accredited institution, when it is due to a death in the worker's immediate family, or when documented changes in the worker's accepted medical conditions prevent further participation in the vocational plan.

(c) When a vocational plan interruption is the result of the worker's actions, the worker's entitlement to benefits must be suspended in accordance with RCW 51.32.110, including the opportunity for the worker to demonstrate good cause. If plan development or implementation is recommenced, the cost and duration of the plan may not include credit for that expended prior to the interruption. A vocational plan interruption is considered a result of the worker's actions when it is due to the failure to meet attendance expectations set by the training or educational institution, failure to achieve passing grades or acceptable performance review, unaccepted or postinjury conditions that prevent further participation in the vocational plan, or the worker's failure to abide by the accountability agreement in subsection (3)(a) of this section.

(6) Costs paid for vocational services and plans must be chargeable to the employer's cost experience or must be paid by the self-insurer, as the case may be. For state fund vocational plans implemented on or after January 1, 2008, the costs may be paid from the medical aid fund at the sole discretion of the director under the following circumstances:

(a) The worker previously participated in a vocational plan or selected a worker option as described in *RCW 51.32.099(4) or in subsection (4) of this section;

(b) The worker's prior vocational plan or selected option was based on an approved plan or option on or after January 1, 2008;

(c) For state fund employers, the date of injury or disease manifestation of the subsequent claim is within the period of time used to calculate their experience factor;

(d) The subsequent claim is for an injury or occupational disease that resulted from employment and work-related activities beyond the worker's documented restrictions.

(7) The vocational plan costs payable from the medical aid fund must include the costs of temporary total disability benefits, except those payable from the supplemental pension fund, from the date the vocational plan is implemented to the date the worker completes the plan or ceases participation. The vocational costs paid from the medical aid fund may not be charged to the state fund employer's cost experience. [2015 c 137 § 5.]

Nothing in RCW 51.32.095 or in the repeal of chapter 51.41 RCW by section 5, chapter 339, Laws of 1985 shall be construed as prohibiting the completion of vocational rehabilitation plans approved under this title prior to May 16, 1985. Injured workers referred for vocational rehabilitation services under this title, but for whom vocational rehabilitation plans have not been approved by the department under this title before May 16, 1985, may only be provided vocational rehabilitation services, if applicable, by the department according to the provisions of RCW 51.32.095. RCW 51.32.100 Preexisting disease. If it is determined that an injured worker had, at the time of his or her injury, a preexisting disease and that such disease delays or prevents complete recovery from such injury, it shall be ascertained, as nearly as possible, the period over which the injury would have caused disability were it not for the diseased condition and the extent of permanent partial disability which the injury would have caused were it not for the disease, and compensation shall be awarded only therefor. RCW 51.32.110 Medical examination—Refusal to submit—Traveling expenses—Pay for time lost. (1) As required under RCW 51.36.070, any worker entitled to receive any benefits or claiming such under this title shall, if requested by the department or self-insurer, submit himself or herself for medical examination, at a place reasonably convenient for the worker. An injured worker, whether an alien or other injured worker, who is not residing in the United States at the time that a medical examination is requested may be required to submit to an examination at any location in the United States determined by the department or self-insurer.

(2) If the worker refuses to submit to medical examination, or obstructs the same, or, if any injured worker shall persist in unsanitary or injurious practices which tend to imperil or retard his or her recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his or her recovery or refuse or obstruct evaluation or examination for the purpose of vocational rehabilitation or does not cooperate in reasonable efforts at such rehabilitation, the department or the self-insurer upon approval by the department, with notice to the worker may suspend any further action on any claim of such worker so long as such refusal, obstruction, noncooperation, or practice continues and reduce, suspend, or deny any compensation for such period: PROVIDED, That (a) the department or the self-insurer shall not suspend any further

action on any claim of a worker or reduce, suspend, or deny any compensation if a worker has good cause for refusing to submit to or to obstruct any examination, evaluation, treatment or practice requested by the department or required under this section and (b) the department may not assess a no-show fee against the worker if the worker gives at least five business days' notice of the worker's intent not to attend the examination.

(3) If the worker necessarily incurs traveling expenses in attending the examination pursuant to the request of the department, such traveling expenses shall be repaid to him or her out of the accident fund upon proper voucher and audit or shall be repaid by the self-insurer, as the case may be.

(4) (a) If the medical examination required by this section causes the worker to be absent from his or her work without pay:

(i) In the case of a worker insured by the department, the worker shall be paid compensation out of the accident fund in an amount equal to his or her usual wages for the time lost from work while attending the medical examination; or

(ii) In the case of a worker of a self-insurer, the self-insurer shall pay the worker an amount equal to his or her usual wages for the time lost from work while attending the medical examination.

(b) This subsection (4) shall apply prospectively to all claims regardless of the date of injury. [2020 c 213 § 2; 1997 c 325 § 3; 1993 c 375 § 1; 1980 c 14 § 11. RCW 51.32.112 Medical examination—Standards and criteria—Special examinations by chiropractors—Compensation guidelines and reporting criteria. (1) The department shall develop standards for the conduct of special medical examinations to determine permanent disabilities, including, but not limited to:

(a) The qualifications of persons conducting the examinations;

(b) The criteria for conducting the examinations, including guidelines for the appropriate treatment of injured workers during the examination; and

(c) The content of examination reports.

(2) Within the appropriate scope of practice, chiropractors licensed under chapter 18.25 RCW may conduct special medical examinations to determine permanent disabilities in consultation with physicians licensed under chapter 18.57 or 18.71 RCW. The department, in its discretion, may request that a special medical examination be conducted by a single chiropractor if the department determines that the sole issues involved in the examination are within the scope of practice under chapter 18.25 RCW. However, nothing in this section authorizes the use as evidence before the board of a chiropractor's

determination of the extent of a worker's permanent disability if the determination is not requested by the department.

(3) The department shall investigate the amount of examination fees received by persons conducting special medical examinations to determine permanent disabilities, including total compensation received for examinations of department and self-insured claimants, and establish compensation guidelines and compensation reporting criteria.

(4) The department shall investigate the level of compliance of self-insurers with the requirement of full reporting of claims information to the department, particularly with respect to medical examinations, and develop effective enforcement procedures or recommendations for legislation if needed. RCW 51.32.114 Medical examination—Department to monitor quality and objectivity. The department shall examine the credentials of persons conducting special medical examinations and shall monitor the quality and objectivity of examinations and reports for the department and self-insured claimants. The department shall adopt rules to ensure that examinations are performed only by qualified persons meeting department standards. [1988 c 114 § 3.]

RCW 51.32.120 Further accident after lump sum payment. Should a further accident occur to a worker who has been previously the recipient of a lump sum payment under this title, his or her future compensation shall be adjusted according to the other provisions of this chapter and with regard to the combined effect of his or her injuries and his or her past receipt of money under this title. RCW 51.32.130 Lump sum for death or permanent total disability. In case of death or permanent total disability, the monthly payment provided may be converted, in whole or in part, into a lump sum payment, not in any case to exceed eight thousand five hundred dollars, equal or proportionate, as the case may be, to the value of the annuity then remaining, to be fixed and certified by the state insurance commissioner, in which event the monthly payments shall cease in whole or in part accordingly or proportionately. Such conversion may be made only upon written application (in case of minor children the application may be by either parent) to the department and shall rest in the discretion of the department. Within the rule

aforesaid the amount and value of the lump sum payment may be agreed upon between the department and applicant. In the event any payment shall be due to an alien residing in a foreign country, the department may settle the same by making a lump sum payment in such amount as may be agreed to by such alien, not to exceed fifty percent of the value of the annuity then remaining.

Nothing herein shall preclude the department from making, and authority is hereby given it to make, on its own motion, lump sum payments equal or proportionate, as the case may be, to the value of the annuity then remaining, in full satisfaction of claims due to dependents. RCW 51.32.135 Closing of claim in pension cases—Consent of spouse. In pension cases when a worker or beneficiary closes his or her claim by full conversion to a lump sum or in any other manner as provided in RCW 51.32.130 and 51.32.150, such action shall be conclusive and effective to bar any subsequent application or claim relative thereto by the worker or any beneficiary which would otherwise exist had such person not elected to close the claim: PROVIDED, The director may require the spouse of such worker to consent in writing as a prerequisite to conversion and/or the closing of such claim. [1977 ex.s. c 350 § 52; 1973 1st ex.s. c 154 § 98; 1961 c 23 § 51.32.135. Prior: 1953 c 143 § 1.]

RCW 51.32.140 Nonresident alien beneficiary. Except as otherwise provided by treaty or this title, whenever compensation is payable to a beneficiary who is an alien not residing in the United States, the department or self-insurer, as the case may be, shall pay the compensation to which a resident beneficiary is entitled under this title. But if a nonresident alien beneficiary is a citizen of a government having a compensation law which excludes citizens of the United States, either resident or nonresident, from partaking of the benefit of such law in as favorable a degree as herein extended to nonresident aliens, he or she shall receive no compensation. No payment shall be made to any beneficiary residing in any country with which the United States does not maintain diplomatic relations when such payment is due. RCW 51.32.150 Lump sum to beneficiary outside state. If a beneficiary shall reside or move out of the state, the department may, with the written consent of the beneficiary, convert any monthly payments provided for such cases into a lump sum payment (not in any

case to exceed the value of the annuity then remaining, to be fixed and certified by the state insurance commissioner, but in no case to exceed the sum provided in RCW 51.32.130 as now or hereafter amended). [1977 ex.s. c 323 § 18; 1961 c 23 § 51.32.150. Supp. 1949 § 7679, part.]

RCW 51.32.160 Aggravation, diminution, or termination. (1) (a) If aggravation, diminution, or termination of disability takes place, the director may, upon the application of the beneficiary, made within seven years from the date the first closing order becomes final, or at any time upon his or her own motion, readjust the rate of compensation in accordance with the rules in this section provided for the same, or in a proper case terminate the payment: PROVIDED, That the director may, upon application of the worker made at any time, provide proper and necessary medical and surgical services as authorized under RCW 51.36.010. The department shall promptly mail a copy of the application to the employer at the employer's last known address as shown by the records of the department.

(b) "Closing order" as used in this section means an order based on factors which include medical recommendation, advice, or examination.

(c) Applications for benefits where the claim has been closed without medical recommendation, advice, or examination are not subject to the seven year limitation of this section. The preceding sentence shall not apply to any closing order issued prior to July 1, 1981. First closing orders issued between July 1, 1981, and July 1, 1985, shall, for the purposes of this section only, be deemed issued on July 1, 1985. The time limitation of this section shall be ten years in claims involving loss of vision or function of the eyes.

(d) If an order denying an application to reopen filed on or after July 1, 1988, is not issued within ninety days of receipt of such application by the self-insured employer or the department, such application shall be deemed granted. However, for good cause, the department may extend the time for making the final determination on the application for an additional sixty days.

(2) If a worker receiving a pension for total disability returns to gainful employment for wages, the director may suspend or terminate the rate of compensation established for the disability without producing medical evidence that shows that a diminution of the disability has occurred.

(3) No act done or ordered to be done by the director, or the department prior to the signing and filing in the matter of a written order for such readjustment shall be grounds for such readjustment. RCW 51.32.180 Occupational diseases—Limitation. Every worker who suffers disability from an occupational disease in the course of employment under the mandatory or elective adoption provisions of this title, or his or her family and dependents in case of death of the worker from such disease or infection, shall receive the same compensation benefits and medical, surgical and hospital care and treatment as would be paid and provided for a worker injured or killed in employment under this title, except as follows: (a) [(1)] This section and RCW 51.16.040 shall not apply where the last exposure to the hazards of the disease or infection occurred prior to January 1, 1937; and (b) [(2)] for claims filed on or after July 1, 1988, the rate of compensation for occupational diseases shall be established as of the date the disease requires medical treatment or becomes totally or partially disabling, whichever occurs first, and without regard to the date of the contraction of the disease or the date of filing the claim. [1988 c 161 § 5; 1977 ex.s. c 350 § 53; 1971 ex.s. c 289 § 49; 1961 c 23 § 51.32.180. Prior: 1959 c 308 § 19; prior: 1941 c 235 § 1, part; 1939 c 135 § 1, part; 1937 c 212 § 1, part; Rem. RCW 51.32.181 Occupational diseases—Public health emergencies—Infectious or contagious diseases. (1) For frontline employees who are covered under this title, there exists a prima facie presumption that any infectious or contagious diseases that are transmitted through respiratory droplets or aerosols, or through contact with contaminated surfaces and are the subject of a public health emergency are occupational diseases under RCW 51.08.140 during a public health emergency.

(2) The frontline employee must provide verification, as required by the department by rule, to the department and the self-insured employer that the employee has contracted the infectious or contagious disease that is the subject of the public health emergency.

(3) This presumption of occupational disease may be rebutted by a preponderance of the evidence that:

(a) The exposure to the infectious or contagious disease which is the subject of the public health emergency occurred from other employment or nonemployment activities; or

(b) The employee was working from the employee's home, on leave from the employee's employment, or some combination thereof, for the period of quarantine consistent with recommended guidance from state and federal health officials for the disease immediately prior to the employee's injury, occupational disease, or period of incapacity that resulted from exposure to the disease which is the subject of the public health emergency.

(4) (a) RCW 51.32.090(7) does not apply to an occupational disease under this section except that no worker shall receive compensation for or during the day on which the occupational disease was contracted. For the purposes of this subsection (4), the day on which

the occupational disease was contracted is whichever date occurs first of the following:

(i) The date that the worker first missed work due to symptoms of the infectious or contagious disease;

(ii) The date the worker was quarantined by a medical provider or public health official; or

(iii) The date the worker received a positive test result confirming contraction of the infectious or contagious disease.

(b) If leave or similar benefits are paid to the frontline employee as part of a federal or state program for these employees during the public health emergency, temporary total disability benefits are not payable for the same period of time covered by the federal or state program.

(5) When calculating assessments due to the department for which total claim costs are the basis, self-insured employers and self-insurance hospital groups formed under RCW 51.14.150 and 51.14.160 may deduct the cost of payments made under this section from the total of all claim costs reported.

(6) Costs of the payments under this section shall not affect the experience rating of employers insured by the state fund.

(7) As used in this section:

(a) "Assisted living facility" has the same meaning as in RCW 18.20.020.

Such evidence may include, but is not limited to, use of tobacco products, physical fitness and weight, lifestyle, hereditary factors, and exposure from other employment or nonemployment activities.

(2) The presumptions established in subsection (1) of this section shall be extended to an applicable member following termination of service for a period of three calendar months for each year of requisite service, but may not extend more than sixty months following the last date of employment.

(3) (a) The presumption established in subsection (1) (a) (iii) of this section shall only apply to any active or former firefighter or fire investigator who:

(f) The recommendation must be made by a majority of advisory committee's voting members. Any member of the advisory committee may provide a written dissent as an appendix to the committee's recommendation.

(g) The department's safety and health assessment and research for prevention program shall provide organizational and scientific support to the advisory committee. (1) For persons receiving compensation for temporary or permanent total disability pursuant to the provisions of this chapter, such compensation shall be reduced by an amount equal to the benefits payable under the federal old-age, survivors, and disability insurance act as now or hereafter amended not to exceed the amount of the reduction established pursuant to 42 U.S.C. Sec. 424a. In the case of temporary or permanent total disability benefits, the recovery shall not exceed twenty-five percent of the monthly amount due from the department or self-insurer or one-sixth of the total overpayment, whichever is the lesser.

(4) No reduction may be made unless the worker receives notice of the reduction prior to the month in which the reduction is made.

(5) In no event shall the reduction reduce total benefits to less than the greater amount the worker may be entitled to under this title or the federal old-age, survivors, and disability insurance act.

(6) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his or her discretion to waive, in whole or in part, the amount of any overpayment where the recovery would be against equity and good conscience.

(b) Workers under the age of sixty-five whose effective entitlement to total disability compensation begins after January 1, 1983; and

(c) Workers who will become sixty-five years of age on or after June 10, 2004.

(8) (a) If the federal social security administration makes a retroactive reduction in the federal social security disability benefit entitlement of a worker for periods of temporary total, temporary partial, or total permanent disability for which the department or self-insurer also reduced the worker's benefit amounts under this section, the department or self-insurer, as the case may be, shall make adjustments in the calculation of benefits and pay the additional benefits to the worker as appropriate. However, the department or self-insurer shall not make changes in the calculation or pay additional benefits unless the worker submits a written request, along with documentation satisfactory to the director of an overpayment assessment by the social security administration, to the department or self-insurer, as the case may be.

(b) Additional benefits paid under this subsection:

(i) Are paid without interest and without regard to whether the worker's claim under this title is closed; and

(ii) Do not affect the status or the date of the claim's closure.

(c) This subsection does not apply to requests on claims for which a determination on the request has been made and is not subject to further appeal. RCW 51.32.225 Reduction in total disability compensation—Offset for social security retirement benefits. (1) For persons receiving compensation for temporary or permanent total disability under this title, the compensation shall be reduced by the department to allow an offset for social security retirement benefits payable under the federal social security, old age survivors, and disability insurance act, 42 U.S.C. This reduction shall not apply to any worker who is receiving permanent total disability benefits prior to July 1, 1986. This reduction does not apply to workers who had applied to receive social security retirement benefits prior to the date of their injury or to workers who were receiving social security benefits prior to their injury.

(2) Reductions for social security retirement benefits under this section shall comply with the procedures in RCW 51.32.220 (1) through (6) and with any other procedures established by the department to administer this section. For any worker whose entitlement to social security retirement benefits is immediately preceded by an entitlement to social security disability benefits, the offset shall be based on the formulas provided under 42 U.S.C. Sec. 424a. For all other workers entitled to social security retirement benefits, the offset shall be based on procedures established and determined by the department to most closely follow the intent of RCW 51.32.220.

(3) Any reduction in compensation made under chapter 58, Laws of 1986, shall be made before the reduction established in this section. [2018 c 163 § 1; 2006 c 163 § 1; 1986 c 59 § 5.]

Application—2018 c 163: "This act applies to claims with dates of injury on or after June 7, 2018." [2018 c 163 § 2.]

Effective date—1986 c 59 § 5: See note following RCW 51.32.090.

RCW 51.32.230 Recovery of overpayments. Notwithstanding any other provisions of law, any overpayments previously recovered under the provisions of RCW 51.32.220 as now or hereafter amended shall be limited to six months' overpayments. Where greater recovery has already been made, the director, in his or her discretion, may make restitution in those cases where an extraordinary hardship has been created. [2010 c 8 § 14009; 1979 ex.s. c 151 § 2.]

Applicability—Severability—1979 ex.s. c 151: See notes following RCW 51.32.220.

RCW 51.32.240 Erroneous payments—Payments induced by willful misrepresentation—Adjustment for self-insurer's failure to pay benefits—Recoupment of overpayments by self-insurer—Penalty—Appeal—Enforcement of orders.

(1) (a) Whenever any payment of benefits under this title is made because of clerical error, mistake of identity, innocent misrepresentation by or on behalf of the recipient thereof mistakenly acted upon, or any other circumstance of a similar nature, all not induced by willful misrepresentation, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The department or self-insurer, as the case may be, must make claim for such repayment or recoupment within one year of the making of any such payment or it will be deemed any claim therefor has been waived.

(b) Except as provided in subsections (3), (4), and (5) of this section, the department may only assess an overpayment of benefits because of adjudicator error when the order upon which the overpayment is based is not yet final as provided in RCW 51.52.050 and 51.52.060. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(c) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his or her discretion to waive, in whole or in part, the amount of any such timely claim where the recovery would be against equity and good conscience.

(2) Whenever the department or self-insurer fails to pay benefits because of clerical error, mistake of identity, or innocent misrepresentation, all not induced by recipient willful misrepresentation, the recipient may request an adjustment of benefits to be paid from the state fund or by the self-insurer, as the case may be, subject to the following:

(a) The recipient must request an adjustment in benefits within one year from the date of the incorrect payment or it will be deemed any claim therefore has been waived.

(b) The recipient may not seek an adjustment of benefits because of adjudicator error. Adjustments due to adjudicator error are addressed by the filing of a written request for reconsideration with the department of labor and industries or an appeal with the board of industrial insurance appeals within sixty days from the date the order is communicated as provided in RCW 51.52.050. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(3) Whenever the department issues an order rejecting a claim for benefits paid pursuant to RCW 51.32.190 or 51.32.210, after payment for temporary disability benefits has been paid by a self-insurer pursuant to RCW 51.32.190(3) or by the department pursuant to RCW 51.32.210, the recipient thereof shall repay such benefits and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The director, under rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(4) Whenever any payment of benefits under this title has been made pursuant to an adjudication by the department or by order of the board or any court and timely appeal therefrom has been made where the final decision is that any such payment was made pursuant to an erroneous adjudication, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim whether state fund or self-insured.

(a) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience. However, if the director waives in whole or in part any such payments due a self-insurer, the self-insurer shall be reimbursed the amount waived from the self-insured employer overpayment reimbursement fund.

(b) The department shall collect information regarding self-insured claim overpayments resulting from final decisions of the board and the courts, and recoup such overpayments on behalf of the self-insurer from any open, new, or reopened state fund or self-insured claims. The department shall forward the amounts collected to the self-insurer to whom the payment is owed. The department may provide information as needed to any self-insurers from whom payments may be collected on behalf of the department or another self-insurer. Notwithstanding RCW 51.32.040, any self-insurer requested by the department to forward payments to the department pursuant to this subsection shall pay the department directly. The department shall credit the amounts recovered to the appropriate fund, or forward amounts collected to the appropriate self-insurer, as the case may be.

(c) If a self-insurer is not fully reimbursed within twenty-four months of the first attempt at recovery through the collection process pursuant to this subsection and by means of processes pursuant to subsection (6) of this section, the self-insurer shall be reimbursed for the remainder of the amount due from the self-insured employer overpayment reimbursement fund.

(d) For purposes of this subsection, "recipient" does not include health service providers whose treatment or services were authorized by the department or self-insurer.

(e) The department or self-insurer shall first attempt recovery of overpayments for health services from any entity that provided health insurance to the worker to the extent that the health insurance entity would have provided health insurance benefits but for workers' compensation coverage.

(5) (a) Whenever any payment of benefits under this title has been induced by willful misrepresentation the recipient thereof shall repay any such payment together with a penalty of fifty percent of the total of any such payments and the amount of such total sum may be recouped from any future payments due to the recipient on any claim with the state fund or self-insurer against whom the willful misrepresentation was committed, as the case may be, and the amount of such penalty shall be placed in the supplemental pension fund. Such repayment or recoupment must be demanded or ordered within three years of the discovery of the willful misrepresentation.

(b) For purposes of this subsection (5), it is willful misrepresentation for a person to obtain payments or other benefits under this title in an amount greater than that to which the person otherwise would be entitled. Willful misrepresentation includes:

(i) Willful false statement; or

(ii) Willful misrepresentation, omission, or concealment of any material fact.

(c) For purposes of this subsection (5), "willful" means a conscious or deliberate false statement, misrepresentation, omission, or concealment of a material fact with the specific intent of obtaining, continuing, or increasing benefits under this title.

(d) For purposes of this subsection (5), failure to disclose a work-type activity must be willful in order for a misrepresentation to have occurred.

(e) For purposes of this subsection (5), a material fact is one which would result in additional, increased, or continued benefits, including but not limited to facts about physical restrictions, or work-type activities which either result in wages or income or would be reasonably expected to do so. Wages or income include the receipt of any goods or services. For a work-type activity to be reasonably expected to result in wages or income, a pattern of repeated activity must exist. For those activities that would reasonably be expected to result in wages or produce income, but for which actual wage or income information cannot be reasonably determined, the department shall impute wages pursuant to RCW 51.08.178(4).

(6) The worker, beneficiary, or other person affected thereby shall have the right to contest an order assessing an overpayment pursuant to this section in the same manner and to the same extent as provided under RCW 51.52.050 and 51.52.060. In the event such an order becomes final under chapter 51.52 RCW and notwithstanding the provisions of subsections (1) through (5) of this section, the director, director's designee, or self-insurer may file with the clerk in any county within the state a warrant in the amount of the sum representing the unpaid overpayment and/or penalty plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the worker, beneficiary, or other person mentioned in the warrant, the amount of the unpaid overpayment and/or penalty plus interest accrued, and the date the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the worker, beneficiary, or other person against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department or self-insurer in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant. A copy of such warrant shall be mailed to the worker, beneficiary, or other person within three days of filing with the clerk.

The director, director's designee, or self-insurer may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice to withhold and deliver property of any kind if there is reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the

state, public corporation, or agency of the state, property that is due, owing, or belonging to any worker, beneficiary, or other person upon whom a warrant has been served for payments due the department or self-insurer. The notice and order to withhold and deliver shall be served by a method for which receipt can be confirmed or tracked accompanied by an affidavit of service by mailing or served by the sheriff of the county, or by the sheriff's deputy, or by any authorized representative of the director, director's designee, or self-insurer. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired or in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property that may be subject to the claim of the department or self-insurer, such property shall be delivered forthwith to the director, the director's authorized representative, or self-insurer upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount, plus costs, claimed by the director, director's designee, or self-insurer in the notice. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled.

This subsection shall only apply to orders assessing an overpayment which are issued on or after July 28, 1991: PROVIDED, That this subsection shall apply retroactively to all orders assessing an overpayment resulting from fraud, civil or criminal.

(7) Orders assessing an overpayment which are issued on or after July 28, 1991, shall include a conspicuous notice of the collection methods available to the department or self-insurer. The department shall include a research project that encourages regional cooperation in addressing chemically related illness.

(2) Expenditures for research projects shall be within legislative appropriations from the medical aid fund, with self-insured employers and the state fund each paying a pro rata share, based on the number of worker hours, of the authorized expenditures. RCW 51.32.390 Health care employees—Presumption of occupational disease for infectious or contagious diseases which are the subject of a public health emergency—Rebuttal—Limitations—Costs. (1) For health care employees who are covered under this title, there exists a prima facie presumption that any infectious or contagious diseases which are the subject of a public health emergency are occupational diseases under RCW 51.08.140 during a public health emergency.

(2) The health care employee must provide verification, as required by the department by rule, to the department or the self-insurer that the employee is in quarantine or has contracted the disease after exposure to the infectious or contagious disease that is the subject of the public health emergency.

(3) This presumption of occupational disease may be rebutted by clear and convincing evidence that:

(a) The exposure to the infectious or contagious disease which is the subject of the public health emergency occurred from other employment or nonemployment activities; or

(b) The employee was working from the employee's home or other location not under the employer's control, on leave from the employee's employment, or some combination thereof, for the period of quarantine outlined for the disease immediately prior to the employee's date of disease contraction or period of incapacity resulting from exposure to the disease which is the subject of the public health emergency.

(4) (a) RCW 51.32.090(7) does not apply to an occupational disease under this section except that no worker shall receive compensation for or during the day on which the occupational disease was contracted. For the purposes of this subsection (4), the day on which the occupational disease was contracted is whichever date occurs first of the following:

(i) The date that the worker first missed work due to symptoms of the infectious or contagious disease;

(ii) The date the worker was quarantined by a medical provider or public health official; or

(iii) The date the worker received a positive test result confirming contraction of the infectious or contagious disease.

(b) If leave or similar benefits are paid to the worker as part of a federal or state program for these employees during the public health emergency, total temporary disability benefits are not payable for the same period of time covered by this federal or state program.

(5) Costs of claims allowed under this section shall not affect the experience rating of employers insured by the state fund. When calculating assessments due to the department for which total claim costs are the basis, self-insured employers and self-insurance hospital groups formed under RCW 51.14.150 and 51.14.160 may deduct the cost of payments made under this section from the total of all claim costs reported.

(6) For purposes of this section:

(a) "Health care employee" means an employee of any health care facility or other organization that provides emergency or medical services who has or likely has had direct contact with any person who has been exposed to or tested positive for any infectious or contagious diseases which are the subject of a public health emergency.

(b) "Health care facility" has the same meaning as in RCW 9A.50.010.

(c) "Public health emergency" means a declaration or order that covers the jurisdiction where the employee was working on the date of exposure concerning any dangerous, contagious, or infectious diseases, including a pandemic, and is issued as follows:

(i) The president of the United States has declared a national or regional emergency; or

(ii) The governor of Washington declared a state of emergency under RCW 43.06.010(12).

(7) The presumption in subsection (1) of this section takes effect on the day the national, regional, or state emergency is declared and continues until this declaration is revoked.

(8) The provisions of RCW 51.28.055 concerning time limits for filing claims for occupational disease apply to claims covered under this section. [2021 c 251 § 6.]

Effective date—2021 c 251: See note following RCW 50.04.294.

RCW 51.32.395 Direct care registered nurses—Presumption of occupational disease for posttraumatic stress disorder. (Effective January 1, 2024.)

(1) In the case of direct care registered nurses covered under this title who are employed on a fully compensated basis, there exists a prima facie presumption that posttraumatic stress disorder is an occupational disease under RCW 51.08.140. This section applies only to a direct care registered nurse who has posttraumatic stress disorder that develops or manifests itself after the individual has been employed on a fully compensated basis as a direct care registered nurse in Washington state for at least 90 consecutive days.

(2) The presumption may be rebutted by a preponderance of the evidence.

(3) The presumption extends to a claimant following termination of employment for a period of three calendar months for each year the claimant was a direct care registered nurse employed on a fully compensated basis, but may not extend more than 60 months following the last date of employment.

(4) (a) When a determination involving the presumption established under this section is appealed to the board of industrial insurance appeals and the final decision allows the claim for benefits, the board of industrial insurance appeals shall order that all reasonable costs of the appeal, including attorneys' fees and witness fees, be paid to the claimant or his or her beneficiary by the opposing party.

(b) When determination involving the presumption established under this section is appealed to any court and the final decision allows the claim for benefits, the court shall order that all reasonable costs of the appeal, including attorneys' fees and witness fees, be paid to the claimant or his or her beneficiary by the opposing party.

(c) When reasonable costs of the appeal must be paid by the department under this section in a state fund case, the costs shall be paid from the accident fund and charged to the costs of the claim.

(5) For purposes of this section, "direct care registered nurse" means an individual licensed as a nurse under chapter 18.79 RCW who provides direct care to patients. [2023 c 370 § 2.]

Effective date—2023 c 370: "This act takes effect January 1, 2024." [2023 c 370 § 3.]
