

RCW 71.24.598 Drug overdose response team. (1) The department, in coordination with the authority, must develop a strategy to rapidly deploy a response team to a local community identified as having a high number of fentanyl-related or other drug overdoses by the local emergency management system, hospital emergency department, local health jurisdiction, law enforcement agency, or surveillance data. The response team must provide technical assistance and other support to the local health jurisdiction, health care clinics, hospital emergency departments, substance use disorder treatment providers, and other community-based organizations, and are expected to increase the local capacity to provide medication-assisted treatment and overdose education.

(2) The department and the authority must reduce barriers and promote medication treatment therapies for opioid use disorder in emergency departments and same-day referrals to opioid treatment programs, substance use disorder treatment facilities, and community-based medication treatment prescribers for individuals experiencing an overdose. [2019 c 314 § 33.]

Declaration—2019 c 314: See note following RCW 18.22.810.
