

RCW 76.15.060 Urban tree planting to be encouraged. The department must encourage urban planting and care through establishment and long-term management of trees, encouraging varieties that are site-appropriate and provide the best combination of energy and water conservation, fire safety and other safety, wildlife habitat, stormwater management, and aesthetic value. The department may provide technical assistance in developing programs in tree planting for energy conservation in areas of the state where such programs are most cost-effective. The department must conduct analyses and prioritize target regions for delivery of programs, policies, and activities that include criteria related to human health and salmon recovery data as provided in RCW 76.15.100.
