Reviser's note: The language "this act," "this chapter," and words of similar import appear throughout chapter 87.03 RCW. This chapter is almost entirely comprised of the basic irrigation act of 1889-90 p 671 et seq. as amended and as expressly added thereto by subsequent enactments. The chapter is codified in the session law order of the basic act with a few independent sections which are in pari materia being also codified herein. Many sections were added to the basic law by being expressly added to the chapter of the code or compilation in which the basic act was currently published at the time of the particular enactment. Similarly many sections have been amended by reference to the compilation number only. Some of these sections contain legislative language "this act," "this chapter," or both, which appear in the session law either as original legislative language or reenactments by the legislature of a compiler's translation. Therefore, throughout chapter 87.03 RCW such language is retained wherever it appears in the most recent session law enactment. Situations concerning effective dates of particular acts or having express restrictive application are otherwise specially noted.

Deferral of special assessments: Chapter 84.38 RCW.

Disposal of real property on abandonment of irrigation district right-of-way—Right of adjacent owners: RCW 57.90.100.

Local governmental organizations, actions affecting boundaries, etc., review by boundary review board: Chapter 36.93 RCW.

Plats, approval of plat within irrigation districts prohibited without provision for irrigation water: RCW 58.17.310.

Special purpose districts, expenditures to recruit job candidates: RCW 42.24.170.

RCW 87.03.001 Actions subject to review by boundary review board—Exceptions. The formation of an irrigation district may be subject to potential review by a boundary review board under chapter 36.93 RCW. The alteration of the boundaries of an irrigation district, including but not limited to a consolidation, addition of lands,

exclusion of lands, or merger, may be subject to potential review by a boundary review board under chapter 36.93 RCW, except that additions or exclusions of land to an irrigation district, when those lands are within the boundary of a federal reclamation project, are not subject to review by a boundary review board under chapter 36.93 RCW. [2010 c 201 s 1; 1989 c 84 s 66.]

RCW 87.03.005 District proposed—Powers, when organized.

Whenever fifty or a majority of the holders of title to, or of evidence of title to land susceptible of "irrigation" desire to organize an irrigation district for any or all of the purposes mentioned in RCW 87.03.010 and 87.03.015, they may propose the organization of an irrigation district in the manner provided herein; and when so organized, such district shall have all the powers that may now or hereafter be conferred by law. [1923 c 138 s 1; 1917 c 162 s 1; 1915 c 179 s 1; 1895 c 165 s 1; 1889-90 p 671 s 1; RRS s 7417. Formerly RCW 87.01.020, part.]

RCW 87.03.010 Certain purposes for which district may be formed.

An irrigation district may be organized or maintained for any or all the following purposes:

(1) The construction or purchase of works, or parts of same, for the irrigation of lands within the operation of the district.

(2) The reconstruction, repair or improvement of existing irrigation works.

(3) The operation or maintenance of existing irrigation works.

(4) The construction, reconstruction, repair or maintenance of a system of diverting conduits from a natural source of water supply to the point of individual distribution for irrigation purposes.

(5) The execution and performance of any contract authorized by law with any department of the federal government or of the state of Washington, for reclamation and irrigation purposes.

(6) The performance of all things necessary to enable the district to exercise the powers herein granted. [1923 c 138 s 2, part; RRS s 7417-1. Formerly RCW 87.01.010.]

RCW 87.03.013 Development of hydroelectric generation capabilities—Legislative finding, intent—Limitation. The legislature finds that a significant potential exists for the development of the hydroelectric generation capabilities of present and future irrigation systems serving irrigation districts. The legislature also finds that the development of such hydroelectric generation capabilities is beneficial to the present and future electrical needs of the citizens of the state of Washington, furthers a state purpose and policy, and is in the public interest. The legislature further finds that it is necessary to revise and add to the authority of irrigation districts to obtain the most favorable interest rates possible in the financing of irrigation district projects which serve the agricultural community and hydroelectric facilities. It is the intent of the legislature to provide irrigation districts with the authority to develop these hydroelectric generation capabilities in connection with irrigation facilities. Further, it is the intent of the legislature that the development of hydroelectric generation capabilities pursuant to *this

1979 act not become the sole purpose or function of irrigation districts in existence on May 14, 1979, nor become a major function of irrigation districts created after that date. Nothing herein shall authorize an irrigation district to sell electric power or energy to any municipal corporation not engaged in the distribution of electric power or energy. [1979 ex.s. c 185 s 1.]

***Reviser's note:** For codification of "this 1979 act" [1979 ex.s. c 185], see Codification Tables.

Effective date—1979 ex.s. c 185: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately." [1979 ex.s. c 185 s 24.] Because of this emergency section the effective date of 1979 ex.s. c 185 was May 14, 1979.

Severability—1979 ex.s. c 185: "If any provision of this 1979 act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 185 s 23.]

RCW 87.03.015 Certain powers of district enumerated—Heat-related alert limitations. (1) Any irrigation district, operating and maintaining an irrigation system, in addition to other powers conferred by law, shall have authority:

(a) To purchase and sell electric power to the inhabitants of the irrigation district for the purposes of irrigation and domestic use; to finance, acquire, construct, own, and lease dams, canals, plants, transmission lines, and other power equipment and the necessary property and rights therefor and to operate, improve, repair, and maintain the same, for the generation and transmission of electrical energy for use in the operation of pumping plants and irrigation systems of the district and for sale to the inhabitants of the irrigation district for the purposes of irrigation and domestic use; and, as a further and separate grant of authority and in furtherance of a state purpose and policy of developing hydroelectric capability in connection with irrigation facilities, to construct, finance, acquire, own, lease, operate, improve, repair, and maintain, alone or jointly with other irrigation districts, boards of control, municipal or quasi-municipal corporations or cooperatives authorized to engage in the business of distributing electricity, electrical companies subject to the jurisdiction of the utilities and transportation commission, private commercial or industrial entities that construct or operate electric power generation or transmission facilities, or private commercial or industrial entities that acquire electric power for their own use or resale, hydroelectric facilities including but not limited to dams, canals, plants, transmission lines, other power equipment, and the necessary property and rights therefor, located within or outside the district, for the purpose of utilizing for the generation of electricity, water power made available by and as a part of the irrigation water storage, conveyance, and distribution facilities, waste ways, and drainage water facilities which serve irrigation districts, and to sell any and all the electric energy generated at any such hydroelectric facilities or the irrigation district's share of such energy, to municipal or quasi-municipal

corporations or cooperatives authorized to engage in the business of distributing electricity, electrical companies subject to the jurisdiction of the utilities and transportation commission, private commercial or industrial entities that acquire electric power for their own use or resale, or other irrigation districts, and on such terms and conditions as the board of directors shall determine. No contract entered into under this subsection (1)(a) by the board of directors of any irrigation district for the sale of electrical energy from such hydroelectric facility for a period longer than forty years from the date of commercial operation of such hydroelectric facility shall be binding on the district until ratified by a majority vote of the electors of the district at an election therein, called, held, and canvassed for that purpose in the same manner as that provided by law for district bond elections.

(b) To construct, repair, purchase, maintain, or lease a system for the sale or lease of water to the owners of irrigated lands within the district for domestic purposes.

(c) To construct, repair, purchase, lease, acquire, operate and maintain a system of drains, sanitary sewers, and sewage disposal or treatment plants as herein provided.

(d) To assume, as principal or guarantor, any indebtedness to the United States under the federal reclamation laws, on account of district lands.

(e) To maintain, repair, construct, and reconstruct ditches, laterals, pipe lines, and other water conduits used or to be used in carrying water for irrigation of lands located within the boundaries of a city or town, or for the domestic use of the residents of a city or town where the owners of land within such city or town shall use such works to carry water to the boundaries of such city or town for irrigation, domestic, or other purposes within such city or town, and to charge to such city or town the pro rata proportion of the cost of such maintenance, repair, construction, and reconstruction work in proportion to the benefits received by the lands served and located within the boundaries of such city or town, and if such cost is not paid, then and in that event said irrigation district shall have the right to prevent further water deliveries through such works to the lands located within the boundaries of such city or town until such charges have been paid.

(f) To acquire, install, and maintain as a part of the irrigation district's water system the necessary water mains and fire hydrants to make water available for firefighting purposes; and in addition any such irrigation district shall have the authority to repair, operate, and maintain such hydrants and mains.

(g) To enter into contracts with other irrigation districts, boards of control, municipal or quasi-municipal corporations or cooperatives authorized to engage in the business of distributing electricity, electrical companies subject to the jurisdiction of the utilities and transportation commission, private commercial or industrial entities that construct or operate electric power generation or transmission facilities, or private commercial or industrial entities that acquire electric power for their own use or resale, to jointly finance, acquire, lease, construct, own, operate, improve, repair, and maintain irrigation water, domestic water, drainage and sewerage works, and electrical power works to the same extent as authorized by (a) of this subsection, or portions of such works. If an irrigation district enters into a contract or agreement under this subsection (1)(g) to create a legal entity or undertaking

with an investor-owned utility or a private commercial or industrial entity, that contract or agreement must provide that the irrigation district be severally liable only for its own acts and not jointly or severally liable for the acts, omissions, or obligations of an investor-owned utility or a private commercial or industrial entity. No money or property supplied by any irrigation district for the planning, financing, acquisition, construction, operation, or maintenance of any common facility may be credited or otherwise applied to the account of any investor-owned utility or private commercial or industrial entity therein, nor may the undivided share of any irrigation district in any common facility be charged, directly or indirectly, with any debt or obligation of any investor-owned utility or private commercial or industrial entity or be subject to any lien as a result thereof. No action in connection with a common facility may be binding upon any irrigation district unless authorized or approved by resolution of its board.

(h) To acquire from a water-sewer district wholly within the irrigation district's boundaries, by a conveyance without cost, the water-sewer district's water system and to operate the same to provide water for the domestic use of the irrigation district residents. As a part of its acceptance of the conveyance the irrigation district must agree to relieve the water-sewer district of responsibility for maintenance and repair of the system. Any such water-sewer district is authorized to make such a conveyance if all indebtedness of the water-sewer district, except local improvement district bonds, has been paid and the conveyance has been approved by a majority of the water-sewer district's voters voting at a general or special election.

(i) To approve and condition placement of hydroelectric generation facilities by entities other than the district on water conveyance facilities operated or maintained by the district.

(2) An irrigation district providing electric or water utility service to residential customers may not effect, due to lack of payment, an involuntary termination of utility service to any residential users, including tenants of metered apartment buildings and residents of mobile homes, on any day for which the national weather service has issued or has announced that it intends to issue a heat-related alert, such as an excessive heat warning, a heat advisory, an excessive heat watch, or a similar alert, for the area in which the residential user's address is located.

(a) (i) A residential user at whose dwelling electric or water utility service has been disconnected for lack of payment may request that the irrigation district reconnect service on any day for which the national weather service has issued or has announced that it intends to issue a heat-related alert, such as an excessive heat warning, a heat advisory, an excessive heat watch, or a similar alert, for the area in which the residential user's address is located. The irrigation district shall inform all customers in the notice of disconnection of the ability to seek reconnection and provide clear and specific information on how to make that request, including how to contact the irrigation district.

(ii) Upon receipt of a request made pursuant to (a) (i) of this subsection, the irrigation district shall promptly make a reasonable attempt to reconnect service to the dwelling. The irrigation district, in connection with a request made pursuant to (a) (i) of this subsection, may require the residential user to enter into a payment plan prior to reconnecting service to the dwelling. If the irrigation

district requires the residential user to enter into a repayment plan, the repayment plan must comply with (b) of this subsection.

(b) A repayment plan required by an irrigation district pursuant to (a) (ii) of this subsection will be designed both to pay the past due bill by the following May 15th, or as soon as possible after May 15th if needed to maintain monthly payments that are no greater than six percent of the customer's monthly income, and to pay for continued utility service. The plan may not require monthly payments in excess of six percent of the customer's monthly income. A customer may agree to pay a higher percentage during this period, but will not be in default unless payment during this period is less than six percent of the customer's monthly income. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the irrigation district to reformulate the plan.

(c) On an annual basis, each irrigation district with more than 25,000 retail electric customers or 2,500 water customers in Washington must submit a report to the department of commerce that includes the total number of disconnections that occurred on each day for which the national weather service issued, or announced that it intended to issue, a heat-related alert. Irrigation districts with fewer than 25,000 retail electric customers or 2,500 water customers in Washington must provide similar information upon request by the department.

(i) Subject to availability, each irrigation district must provide any other information related to utility disconnections that is requested by the department.

(ii) The information required in this subsection (2) (c) must be submitted in a form, timeline, and manner as prescribed by the department.

(3) This section shall not be construed as in any manner abridging any other powers of an irrigation district conferred by law. RCW 87.03.0155 Contract and formation powers. (1) An irrigation district may enter into any contract or agreement with, or form a separate legal entity with, one or more of the entities or utilities specified in subsection (3) of this section for any of the following purposes:

(a) Purchasing and selling electric power;

(b) Developing or owning, or both, electric power generating or transmitting facilities, or both, including, but not limited to, facilities for generating or transmitting electric power generated by water, wind, solar power, thermal power, or batteries; and

(c) Developing or owning, or both, water storage, pumping, and transmission facilities.

(2) The contract or agreement may provide:

(a) For purchasing the capability of a project to produce or transmit electric power, in addition to actual output of a project;

(b) For making payments whether or not a project is completed, operative, or operating, and notwithstanding the suspension, interruption, interference, reduction, or curtailment of output or use of a project or the use, power, and energy contracted for or agreed to;

(c) That payments are not subject to reduction, whether by offset or otherwise; and

(d) That performance is not conditioned upon performance or nonperformance of any party or entity.

(3) Pursuant to authority granted under this section, irrigation districts may contract or enter into agreements with one or more:

(l) Associations or legal entities composed of any such entities or utilities.

(4) If an irrigation district enters into a contract or agreement under this section to create a legal entity or undertaking with an investor-owned utility or a private commercial or industrial entity, that contract or agreement must provide that the irrigation district be severally liable only for its own acts and not jointly or severally liable for the acts, omissions, or obligations of an investor-owned utility or a private commercial or industrial entity. No money or property supplied by any irrigation district for the planning, financing, acquisition, construction, operation, or maintenance of any common facility may be credited or otherwise applied to the account of any investor-owned utility or private commercial or industrial entity therein, nor may the undivided share of any irrigation district in any common facility be charged, directly or indirectly, with any debt or obligation of any investor-owned utility or private commercial or industrial entity or be subject to any lien as a result thereof. No action in connection with a common facility may be binding upon any irrigation district unless authorized or approved by resolution of its board.

(5) This section may not be construed in any manner that abridges any other powers of an irrigation district conferred by law. [2017 c 63 s 2; 2009 c 145 s 4.]

RCW 87.03.016 District may provide street lighting—Limitations.

In addition to other powers conferred by law, an irrigation district is authorized to construct, purchase, lease, or otherwise acquire, maintain, and operate a system for lighting public streets and highways and to enter into a contract or contracts with electric utilities, either public or private, to provide that service. However, no contract entered into by the board for providing street lighting for a period exceeding ten years is binding upon the district unless ratified by a majority vote of the electors of the district at an election called, held, and canvassed for that purpose in the same manner as provided by law for district bond elections.

The authority granted by this section applies only to an irrigation district that has begun the construction, purchase, lease, or acquisition of a street lighting system by January 1, 1984, or has entered into a contract for that service by that date. [1984 c 168 s 1.]

RCW 87.03.017 District may assist residential owners in financing for conservation of energy—When—Plan—Limitations. Any irrigation district engaged in the distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of residential structures in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures pursuant to an energy conservation plan adopted by the irrigation district if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the irrigation district could acquire to meet future demand. Except where otherwise authorized, such assistance shall be limited to:

(1) Providing an inspection of the residential structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life-cycle savings in energy costs that are likely to result from the installation of such materials or equipment.

(2) Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the irrigation district, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards.

(3) Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation.

(4) Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased from a private business and shall be installed by a private business or the owner.

(5) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately.

Loans shall not exceed two hundred forty months in length. [2010 1st sp.s. c 4 s 2; 1982 c 42 s 1. Prior: 1981 c 345 s 3.]

RCW 87.03.0175 District assistance for conservation, improvement, preservation, and efficient use. (1) Any irrigation district organized under this chapter may, for compensation, reimbursement, or otherwise, within limits established by the state Constitution, assist the owners of land receiving water distributed by the irrigation district or discharging, with the district's approval, water from the land into irrigation district-maintained facilities to finance, acquire, install, lease, and use equipment, fixtures, programs, and systems to conserve, improve, preserve, and efficiently use the land, water delivered by the irrigation district, or water discharged from the land into irrigation district-maintained facilities. Assistance may include, but is not limited to, grants, loans, and financing to purchase, lease, install, and use approved conservation, improvement, and preservation equipment, fixtures, programs, and systems. The equipment, fixtures, programs, and systems may be leased, purchased, or installed by a private business, the owner of the land, or the irrigation district. "Conserve," "improve," and "preserve" as used in this section, include enhancing the quality of water delivered by the irrigation district or discharged from the land into irrigation district-maintained facilities.

(2) The district may charge the owner and the land if district money or credit is used or extended to provide the assistance in subsection (1) of this section. The district's board of directors may also levy and fix assessments, rates, tolls, and charges and collect them from all persons for whom, and all land on which, district money or credit is provided, or the board may require landowner repayment for landowner assistance by assessments, charges, rates, or tolls in the same manner as provided by RCW 87.03.445. [1999 c 234 s 1.]

RCW 87.03.018 Creation of legal authority to carry out powers—Method—Indebtedness. Two or more irrigation districts may create a separate legal authority to carry out any or all of the powers described in RCW 87.03.015. To enable such a legal authority to carry out its delegated powers, the irrigation districts creating the authority may assign, convey, or otherwise transfer to it any or all of their respective property, rights, or obligations, including, without limitation, the power to issue revenue obligations and the power of condemnation. Such a legal authority shall be created and organized by contract in the manner described in chapter 39.34 RCW and shall be a separate legal entity.

A separate legal authority shall only have power to incur indebtedness that is repayable from rates, tolls, charges, or contract payments for services or electricity provided by the authority and to pledge such revenues for the payment and retirement of indebtedness issued for the construction or acquisition of hydroelectric facilities. An authority shall not have power to levy taxes or to impose assessments for the payment of obligations of the authority. Every bond or other evidence of indebtedness issued by an authority shall provide (1) that repayment shall be limited solely to the revenues of the authority; and (2) that no member of the authority shall be obligated to repay directly or indirectly any obligation of

the authority except to the extent of fair value for services actually received from the authority. No member may pledge its revenues to support the issuance of revenue bonds or other indebtedness of an authority. [1984 c 168 s 5; 1981 c 62 s 1.]

RCW 87.03.019 Cooperative watershed management. In addition to the authority provided throughout this title, an irrigation district, reclamation district, and similar districts organized pursuant to the authority of this title may participate in and expend revenue on cooperative watershed management actions, including watershed management partnerships under RCW 39.34.210 and other intergovernmental agreements, for purposes of water supply, water quality, and water resource and habitat protection and management. [2003 c 327 s 15.]

Finding—Intent—2003 c 327: See note following RCW 39.34.190.

RCW 87.03.020 Organization of district—Petition—Bond—Notice—Hearing—Order—Notice of election. For the purpose of organizing an irrigation district, a petition, signed by the required number of holders of title or evidence of title to land within the proposed district, shall be presented to the board of county commissioners of the county in which the lands, or the greater portion thereof, are situated, which petition shall contain the following:

(1) A description of the lands to be included in the operation of the district, in legal subdivisions or fractions thereof, and the name of the county or counties in which said lands are situated.

(2) The signature and post office address of each petitioner, together with the legal description of the particular lands within the proposed district owned by said respective petitioners.

(3) A general statement of the probable source or sources of water supply and a brief outline of the plan of improvement, which may be in the alternative, contemplated by the organization of the district.

(4) A statement of the number of directors, either three or five, desired for the administration of the district and of the name by which the petitioners desire the district to be designated.

(5) Any other matter deemed material.

(6) A prayer requesting the board to take the steps necessary to organize the district.

The petition must be accompanied by a good and sufficient bond, to be approved by the board of county commissioners, in double the amount of the probable cost of organizing the district, and conditioned that the bondspersons will pay all of the cost in case such organization shall not be effected. Said petition shall be presented at a regular meeting of the said board, or at any special meeting ordered to consider and act upon said petition, and shall be published once a week, for at least two weeks (three issues) before the time at which the same is to be presented, in some newspaper of general circulation printed and published in the county where said petition is to be presented, together with a notice signed by the clerk of the board of county commissioners stating the time of the meeting at which the same will be presented. There shall also be published a notice of the hearing on said petition in a newspaper

published at Olympia, Washington, to be designated by the director of ecology from year to year, which said notice shall be published for at least two weeks (three issues) prior to the date of said meeting and shall contain the name of the county or counties and the number of each township and range in which the lands embraced within the boundaries of the proposed district are situated, also the time, place and purpose for said meeting, which said notice shall be signed by the petitioner whose name first appears upon the said petition. If any portion of the lands within said proposed district lie within another county or counties, then the said petition and notice shall be published for the time above provided in one newspaper printed and published in each of said counties. The said notice, together with a map of the district, shall also be served by registered mail at least thirty days before the said hearing upon the state director of ecology at Olympia, Washington, who shall, at the expense of the district in case it is later organized, otherwise at the expense of the petitioners' bondspersons, make such investigation of the sufficiency of the source and supply of water for the purposes of the proposed district, as he or she may deem necessary, and file a report of his or her findings, together with a statement of his or her costs, with the board of county commissioners at or prior to the time set for said hearing. When the petition is presented, the board of county commissioners shall hear the same, shall receive such evidence as it may deem material, and may adjourn such hearing from time to time, not exceeding four weeks in all, and on the final hearing shall establish and define the boundaries of the district along such lines as in the judgment of the board will best reclaim the lands involved and enter an order to that effect: PROVIDED, That said board shall not modify the boundaries so as to except from the operation of the district any territory within the boundaries outlined in the petition, which is susceptible of irrigation by the same system of works applicable to other lands in such proposed district and for which a water supply is available; nor shall any lands which, in the judgment of said board, will not be benefited, be included within such district; any lands included within any district, which have a partial or full water right shall be given equitable credit therefor in the apportionment of the assessments in this act provided for: AND PROVIDED FURTHER, That any owner, whose lands are susceptible of irrigation from the same source, and in the judgment of the board it is practicable to irrigate the same by the proposed district system, shall, upon application to the board at the time of the hearing, be entitled to have such lands included in the district.

At said hearing the board shall also give the district a name and shall order that an election be held therein for the purpose of determining whether or not the district shall be organized under the provisions of this act and for the purpose of electing directors.

The clerk of the board of county commissioners shall then give notice of the election ordered to be held as aforesaid, which notice shall describe the district boundaries as established, and shall give the name by which said proposed district has been designated, and shall state the purposes and objects of said election, and shall be published once a week, for at least two weeks (three issues) prior to said election, in a newspaper of general circulation published in the county where the petition aforesaid was presented; and if any portion of said proposed district lies within another county or counties, then said notice shall be published in like manner in a newspaper within each of said counties. Said election notice shall also require the

electors to cast ballots which shall contain the words "Irrigation District—Yes," and "Irrigation District—No," and also the names of persons to be voted for as directors of the district: PROVIDED, That where in this act publication is required to be made in a newspaper of any county, the same may be made in a newspaper of general circulation in such county, selected by the person or body charged with making the publication and such newspaper shall be the official paper for such purpose. Intent—Finding—2007 c 218: See note following RCW 41.08.020.

RCW 87.03.025 State lands situated in or taken into district—Procedure—Assessments, collection. Whenever public lands of the state are situated in or taken into an irrigation district they shall be treated the same as other lands, except as hereinafter provided. The commissioner of public lands shall be served with a copy of the petition proposing to include such lands, together with a map of the district and notice of the time and place of hearing thereon, at least thirty days before the hearing, and if he or she determines that such lands will be benefited by being included in the district he or she shall give his or her consent thereto in writing. If he or she determines that they will not be benefited he or she shall file with the board a statement of his or her objections thereto.

Any public lands of the state which are situated within the boundaries of an irrigation district, but which were not included in the district at the time of its organization, may be included after a hearing as herein provided.

Whenever the commissioner or any interested person desires to have state public lands included in an existing district, he or she shall file a request to that effect in writing with the district board, which shall thereupon fix a time and place for hearing the request and post notice thereof in three public conspicuous places in the district, one of which shall be at the place of hearing, at least twenty days before the hearing, and send by registered mail a copy of the notice to the commissioner. The notice shall describe the lands to be included and direct all persons objecting to such inclusion to appear at the time and place stated and present their objections. At the hearing the district board shall consider all objections and may adjourn to a later date, and by resolution determine the matter, and its determination shall be final: PROVIDED, That no such lands shall be included in a district without the written consent of the commissioner of public lands.

Any public lands of the state situated in any irrigation district shall be subject to the provisions of the laws of this state relating to the collection of irrigation district assessments to the same extent and in the same manner in which lands of like character held under private ownership are subject thereto, but collection and payment of the assessments shall be governed solely by the provisions of chapter 79.44 RCW. [1951 c 201 s 1. Formerly RCW 87.01.095.]

Validation—1951 c 201: "All irrigation district elections heretofore called, noticed and conducted for any district purpose in accordance with the laws of the state, specifically relating to irrigation districts irrespective of any contrary general election laws; and any irrigation district election heretofore called, noticed and conducted in accordance with said irrigation district laws is hereby approved and confirmed." RCW 87.03.032 Absentee voting—Notice of election, contents—Ballot and form of certificate of qualifications to be furnished—Mail-in ballots. (1) The notice of election shall conform to the requirements for election notices provided by this chapter for the election being held, and shall specify that any qualified district elector may vote by absentee ballot, and that a ballot and form of certificate of qualifications will be furnished to him or her on written request being made of the district's secretary. The requisite ballot and a form of certificate of qualifications shall be furnished by the district's secretary to any person who prior to the date of election makes written request therefor, stating that he or she is a qualified district elector. Such ballot and form may be furnished also to qualified district electors in any way deemed to be convenient without regard to requests having been made therefor.

(2) The board of directors may by adoption of a resolution choose to conduct an election using only mail-in ballots in lieu of polling places and absentee ballots. The district shall provide ballots to qualified electors derived from its assessment roll, toll and charge roll, or other district records and may also use the county assessor's or other public records to assist in determining qualified electors. Ballots will be in the same format as provided in RCW 87.03.033. Persons or entities who have not received a ballot and believe they are qualified electors may provide documents demonstrating they are

qualified electors at the district main office by the close of business on the day before the election and receive a ballot if qualified to vote in the election. [2025 c 191 s 2; 2013 c 23 s 482; 1961 c 105 s 3. Formerly RCW 87.01.097.]

RCW 87.03.033 Absentee or mail-in voting—Statement of qualifications—Form of ballot. (1) To be counted in a given election, an absentee ballot or ballots in a mail-in election must conform to these requirements:

(a) It must be sealed in a security envelope, which may provide instructions for completing the ballot and which position is being contested, but have no other marks that would identify the elector, and then be placed in an additional outer envelope and delivered to the district's principal office prior to the close of the polls on the day of that election; or be mailed to the district's secretary, postmarked not later than midnight of that election day and received by the secretary within seven days of that date.

(b) To ensure secrecy of the vote, the security envelope must be sealed within an additional outer envelope, requiring the ballot to be provided with two envelopes for ballot return.

(c) The sealed envelope containing the ballot shall be accompanied by a certificate of qualifications stating, with respect to the voter, his or her name, age, citizenship, residence, that he or she holds title or evidence of title to lands within the district which, under this chapter entitles him or her to vote in the election.

(d) The statements in the certificate of qualifications shall be certified as correct by the voter by the affixing of his or her signature thereto, certifying under penalty of perjury that he or she meets the qualifications to vote.

(2) The form of statement of qualifications and its certification shall be substantially as prescribed by the district's board of directors. The district may print the statement of qualifications on the outer envelope in lieu of including a separate statement of qualifications form. This form may also provide that the voter shall describe all or some part of his or her lands within the district which, under this chapter entitles him or her to vote in the election, but a voter otherwise qualified shall not be disqualified because of the absence or inaccuracy of the description so given. The regular form of irrigation district ballot shall be used by absentee voters. [2025 c 191 s 3; 2013 c 23 s 483; 1961 c 105 s 4. Formerly RCW 87.01.098.]

(1) Absentee ballots shall be accumulated and kept, unopened, by the district's secretary until the time in which such ballots may be received is closed. The secretary shall deliver them to the board of directors as early as practicable on the following day. That board shall proceed at once to determine whether the voters submitting absentee ballots are qualified so to vote and to count and tally the votes of those so determined to be qualified. The board shall make, record, and certify the result of its determinations and count; and promptly thereafter it shall deliver the ballots, certificates of qualifications, and its certificate to the district's secretary. The

provisions of RCW 87.03.100 with respect to recount shall govern also in the case of absentee ballots.

(2) On the completion of the canvass of the regular returns of the several election precincts as provided in RCW 87.03.105, the board of directors shall canvass the returns of the absentee votes and declare the result thereof in substantially the same manner as provided for the returns of the votes cast in the regular manner. Thereupon the statement of the result conforming as nearly as practicable to the requirements of RCW 87.03.110 shall be made covering both regular and absentee votes. [1961 c 105 s 5. Formerly RCW 87.01.099.]

RCW 87.03.035 Elections to form district—How conducted. The board of county commissioners shall establish a convenient number of election precincts in the proposed district and define the boundaries thereof, and designate a polling place and appoint the necessary election officers for each precinct; which precincts may thereafter be changed by the district board. The election shall be conducted as nearly as practicable in the manner provided for the election of directors. Where a nonassessable area is situated in a district, any notice, delinquent list, or other announcement required by this title to be posted, may be posted in the area and any election may be held therein. RCW 87.03.040 Elections to form district—Canvass of returns—Order. The board of county commissioners shall meet on the second Monday after the election and canvass the returns, and if it appears that at least two-thirds of all the votes cast are in favor of the district the board shall by an order declare the district duly organized and shall declare the qualified persons receiving the highest number of votes to be duly elected directors, and shall cause a certified copy of the order to be filed for record in the offices of the auditor and assessor of each county in which any portion of the district is situated. From the date of the filing the organization of the district shall be complete and the directors may, upon qualifying, enter immediately upon the duties of their office, and shall hold office until their successors are elected and qualified. Upon filing the order, the county assessor shall write the name of the district on the permanent tax roll in a column provided for that purpose opposite each description of land in the district. Such column shall be carried forward each year on the current tax roll. In the event of a change in the boundaries of a district, the assessor shall note it in the column upon the tax roll. RCW 87.03.045 Qualifications of voters and directors—Districts of 200,000 acres. In districts with 200,000 acres or more, a person 18 years old, being a citizen of the United States and a resident of the state and who holds title or evidence of title to land that is assessed or is assessable by the district pursuant to federal and

state law, in the district or proposed district shall be entitled to vote therein. He or she shall be entitled to one vote for the first 10 acres of said land or fraction thereof and one additional vote for all of said land over ten acres. A majority of the directors shall be residents of the county or counties in which the district is situated and all shall be electors of the district. If more than one elector residing outside the county or counties is voted for as director, only that one who receives the highest number of votes shall be considered in ascertaining the result of the election. Where land is community property both the spouses may vote if otherwise qualified. An agent of a corporation, general partnership, limited partnership, limited liability company, or other legal entity formed pursuant to the laws of the state of Washington or qualified to do business in the state of Washington owning land in the district, duly authorized in writing, may vote on behalf of the land owning entity by filing with the election officers his or her instrument of authority. The agent of such entity is considered an elector of the district, and shall vote in the precinct where the entity's principal office is located or in the precinct nearest the location of the principal office. RCW 87.03.085 Post-organization district elections—Election boards—Notice. (1) Fifteen days before any election held under this chapter, subsequent to the organization of any district, the secretary of the board of directors shall cause notices to be posted in three public places in each election precinct, of the time and place of holding the election. The secretary shall also post a general notice of the same in the office of the board, which shall be established and kept at some fixed place to be determined by the board, specifying the polling places of each precinct. Prior to the time for posting the notices, the board must appoint for each precinct, from the electors thereof, one inspector and two judges, who shall constitute a board of election for the precinct. If the board fails to appoint a board of election, or the members appointed do not attend at the opening of the polls on the morning of election, the electors of the precinct present at that hour may appoint the board, or supply the place of an absent member thereof. The board of directors must, in its order appointing the board of election, designate the house or place within the

precinct where the election must be held. However, in any irrigation district that is less than 200,000 acres in size and is divided into director divisions, the board of directors in its discretion may designate one polling place within the district to serve more than one election precinct. The board of directors of any irrigation district may designate the principal business office of the district as a polling place to serve one or more election precincts and may do so regardless of whether the business office is located within or outside of the boundaries of the district. If the board of directors does designate a single polling place for more than one election precinct, then the election officials appointed by the board of directors may serve more than one election precinct and the election officials may be electors of any of the election precincts for which they are the election board.

(iii) A district that makes water deliveries to an entity which is responsible for paying assessments or tolls and charges and that entity subsequently distributes that water to lands within the entity's jurisdiction is only required to provide the annual notice to the entity paying the assessment or toll and charge.

(iv) Any person who becomes a qualified elector after the annual notice required by this section and before a subsequent election is eligible to vote in the election. Receiving or not receiving the annual notice provided in this section does not affect whether the person or entity is a qualified elector.

(b) Each district must establish and maintain election information on a website, either individually or through the Washington state water resources association, in order to communicate with qualified electors. The website must include, but is not limited to, the names of the board of directors, district election rules provided in this chapter, information on elections including election results, and contact information for the district. RCW 87.03.100 Post-organization district elections—Certification of returns—Preservation for recount. As soon as all the votes are read off and counted, a certificate shall be drawn upon each of the papers containing the poll list and tallies, or attached thereto, stating the number of votes each one voted for has received, and designating the office to fill which he or she was voted for, which number shall be written in figures and in words at full length. Each certificate shall be signed by the clerks, judges, and the inspector. One of said certificates, with the poll list and the tally paper to which it is attached, shall be retained by the inspector, and preserved by him or her at least six months. The board of directors must meet at its usual place of meeting on the second Wednesday after each election, to canvass the returns. If, at the time of meeting, the returns from each precinct in the district in which the polls were opened have been received, the board of directors must then and there proceed to canvass the returns, but if all the returns have not been received, the canvass must be postponed from day to day until all the returns have been received, or until six postponements have been had. The canvass must be made in public, and by opening the returns and estimating the vote of the district for each person voted for, and declaring the result thereof. If an undeclared write-in candidate for a position of director receives the most votes, the board of directors must determine whether that candidate is a qualified elector for that specific position. A qualified elector for the position of director must be 18 years of age, a citizen of the United States, a resident of the division of the district for which the director is being elected, or the designated agent of an entity that owns land within that division. If a majority of the votes cast are cast "Bonds Yes," the board of directors shall thereupon have authority to cause bonds in such amount and maturities to be issued. If the majority of the votes cast at any bond election are "Bonds No," the result of such election shall be so declared and entered of record; but if contract is made or is to be made with the United States as in RCW 87.03.140 provided, and bonds are not to be deposited with the United States in connection with such contract, the question submitted at such special election shall be whether contract shall be entered into with the United States. The notice of election shall state under the terms of what act or acts of congress contract is proposed to be made, and the maximum amount of money payable to the United States for construction purposes exclusive of penalties and interest. The ballots for such election shall contain the words "Contract with the United States Yes" and "Contract with the United States No," or words equivalent thereto. And whenever thereafter the board, in its judgment, deems it for the best interest of the district that the question of issuance of bonds for such amount, or any amount, or the question of entering into a contract with the United States, shall be submitted to the electors, it shall so declare, by resolution recorded in its minutes, and may thereupon submit such question to the electors in the same manner and with like effect as at such previous election.

(2) All bonds issued under *this act shall bear interest at such rate or rates as the board of directors may determine, payable semiannually on the first day of January and of July of each year. The principal and interest shall be payable at the office of the county treasurer of the county in which the office of the board of directors is situated, or if the board of directors shall so determine at the fiscal agency of the state of Washington in New York City, the place of payment to be designated in the bond. The bonds may be in such denominations as the board of directors may in its discretion

determine, except that bonds other than bond number one of any issue shall be in a denomination that is a multiple of one hundred dollars. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030. The bonds shall be negotiable in form, signed by the president and secretary, and the seal of the district shall be affixed thereto. The printed, engraved, or lithographed facsimile signatures of the president and secretary of the district's board of directors shall be sufficient signatures on the bonds or any coupons: PROVIDED, That such facsimile signatures on the bonds may be used only after the filing, by the officer whose facsimile signature is to be used, with the secretary of state of his or her manual signature certified by him or her under oath, whereupon that officer's facsimile signature has the same legal effect as his or her manual signature: PROVIDED, FURTHER, That either the president of the board of directors' or the secretary's signature on the bonds shall be manually subscribed: AND PROVIDED FURTHER, That whenever such facsimile reproduction of the signature of any officer is used in place of the manual signature of such officer, the district's board of directors shall specify in a written order or requisition to the printer, engraver, or lithographer the number of bonds or any coupons upon which such facsimile signature is to be printed, engraved, or lithographed and the manner of numbering the bonds or any coupons upon which such signature shall be placed. Within ninety days after the completion of the printing, engraving, or lithographing of such bonds or any coupons, the plate or plates used for the purpose of affixing the facsimile signature shall be destroyed, and it shall be the duty of the district's board of directors, within ninety days after receipt of the completed bonds or any coupons, to ascertain that such plate or plates have been destroyed. Every printer, engraver, or lithographer who, with the intent to defraud, prints, engraves, or lithographs a facsimile signature upon any bond or any coupon without written order of the district's board of directors, or fails to destroy such plate or plates containing the facsimile signature upon direction of such issuing authority, is guilty of a class B felony punishable according to chapter 9A.20 RCW.

(3) Whenever the electors shall vote to authorize the issuance of bonds of the district such authorization shall nullify and cancel all unsold bonds previously authorized, and if the question is submitted to and carried by the electors at the bond election, any bond issue may be exchanged in whole or in part, at par, for any or all of a valid outstanding bond issue of the district when mutually agreeable to the owner or owners thereof and the district, and the amount of the last bond issue in excess, if any, of that required for exchange purposes, may be sold as in the case of an original issue. The bonds of any issue authorized to be exchanged in whole or in part for outstanding bonds shall state on their face the amount of such issue so exchanged, and shall contain a certificate of the treasurer of the district as to the amount of the bonds exchanged, and that the outstanding bonds have been surrendered and canceled: PROVIDED FURTHER, That where bonds have been authorized and unsold, the board of directors may submit to the qualified voters of the district the question of canceling the previous authorization, which question shall be submitted upon the same notice and under the same regulations as govern the submission of the original question of authorizing a bond issue. At such election the ballots shall contain the words "Cancellation Yes," and "Cancellation No," or words equivalent thereto. If at such election a majority of the votes are "Cancellation

Yes," the issue shall be thereby canceled and no bonds may be issued thereunder. If the majority of ballots are "Cancellation No," the original authorization shall continue in force with like effect as though the cancellation election had not been held: PROVIDED, That bonds deposited with the United States in payment or in pledge may call for the payment of such interest at such rate or rates, may be of such denominations, and call for the repayment of the principal at such times as may be agreed upon between the board and the secretary of the interior.

(4) Each issue shall be numbered consecutively as issued, and the bonds of each issue shall be numbered consecutively and bear date at the time of their issue. The bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030. The bonds shall express upon their face that they were issued by authority of **this act, stating its title and date of approval, and shall also state the number of issue of which such bonds are a part. In case the money received by the sale of all bonds issued be insufficient for the completion of plans of the canals and works adopted, and additional bonds be not voted, or a contract calling for additional payment to the United States be not authorized and made, as the case may be, it shall be the duty of the board of directors to provide for the completion of the plans by levy of assessments therefor. It shall be lawful for any irrigation districts which have heretofore issued and sold bonds under the law then in force, to issue in place thereof an amount of bonds not in excess of such previous issue, and to sell the same, or any part thereof, as hereinafter provided, or exchange the same, or any part thereof, with the owners of such previously issued bonds which may be outstanding, upon such terms as may be agreed upon between the board of directors of the district and the holders of such outstanding bonds: PROVIDED, That the question of such reissue of bonds shall have been previously voted upon favorably by the legally qualified electors of such district, in the same manner as required for the issue of original bonds, and the board shall not exchange any such bonds for a less amount in par value of the bonds received; all of such old issue in place of which new bonds are issued shall be destroyed whenever lawfully in possession of the board. Bonds issued under the provisions of this section may, when so authorized by the electors, include a sum sufficient to pay the interest thereon for a period not exceeding the first four years. Whenever an issue of bonds shall have been authorized pursuant to law, and any of the earlier series shall have been sold, and the later series, or a portion thereof, remain unsold, the directors may sell such later series pursuant to law, or such portion thereof as shall be necessary to pay the earlier series, or the directors may exchange the later series for the earlier series at not less than the par value thereof, the sale or exchange to be made not more than six months before the maturity of the earlier series and upon the exchange being made the maturing bonds shall be disposed of as hereinbefore provided in the case of bonds authorized to be exchanged in whole or in part for outstanding bonds.

(5) Notwithstanding subsections (1) through (4) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. This section shall apply to all bonds heretofore issued or any contract heretofore made with the United States, or which may hereafter be issued or made by any district: PROVIDED, That when any such contract made after December 1, 1981, between any district and the United States or the state of Washington covers only the real property in a portion or portions of the district, all payments due or

(ii) Assessors' plat tax numbers used by county assessors for general state and county taxes in the county where such land is situate may be used for such identification in such assessment roll.

(c) Third, in further columns with appropriate headings shall be specified the ratio of benefits, or, when deemed by the secretary more practicable, the per acre value, or the amount of benefits, for general and special district and local improvement district purposes, and the total amount assessed against each tract of land.

(3) Any property which may have escaped assessment for any year or years, shall in addition to the assessment for the then current year, be assessed for such year or years with the same effect and with the same penalties as are provided for such current year and any property delinquent in any year may be directly assessed during the current year for any expenses caused the district on account of such delinquency.

RCW 87.03.260 Levies, amount—Special funds—Failure to make levy, procedure. The board of directors shall in each year before said roll is delivered by the secretary to the respective county treasurers, levy an assessment sufficient to raise the ensuing annual interest on the outstanding bonds, and all payments due or to become due in the ensuing year to the United States or the state of Washington under any contract between the district and the United States or the state of Washington accompanying which bonds of the district have not been deposited with the United States or the state of Washington as in this act provided. Beginning in the year preceding the maturity of the first series of the bonds of any issue, the board must from year to year increase said assessment for the ensuing years in an amount sufficient to pay and discharge the outstanding bonds as

they mature. Similar levy and assessment shall be made for the expense fund which shall include operation and maintenance costs for the ensuing year. The board shall also at the time of making the annual levy, estimate the amount of all probable delinquencies on said levy and shall thereupon levy a sufficient amount to cover the same and a further amount sufficient to cover any deficit that may have resulted from delinquent assessments for any preceding year. The board shall also, at the time of making the annual levy, estimate the amount of the assessments to be made against lands owned by the district, including local improvement assessments, and shall levy a sufficient amount to pay said assessments. All lands owned by the district shall be exempt from general state and county taxes: PROVIDED, HOWEVER, That in the event any lands, and any improvements located thereon, acquired by the district by reason of the foreclosure of irrigation district assessments, shall be by said district resold on contract, then and in that event, said land, and any such improvements, shall be by the county assessor immediately placed upon the tax rolls for taxation as real property and shall become subject to general property taxes from and after the date of said contract, and the secretary of the said irrigation district shall be required to immediately report such sale within ten days from the date of said contract to the county assessor who shall cause the property to be entered on the tax rolls as of the first day of January following.

The board may also at the time of making the said annual levy, levy an amount not to exceed twenty-five percent of the whole levy for the said year for the purpose of creating a surplus fund. This fund may be used for any of the district purposes authorized by law. The assessments, when collected by the county treasurer, shall constitute a special fund, or funds, as the case may be, to be called respectively, the "Bond Fund of Irrigation District," the "Contract Fund of Irrigation District," the "Expense Fund of Irrigation District," the " Warrant Fund of Irrigation District," the "Surplus Fund of Irrigation District".

If the annual assessment roll of any district has not been delivered to the county treasurer on or before the 15th day of January in the year 1927, and in each year thereafter, he or she shall notify the secretary of the district by registered mail that said assessment roll must be delivered to the office of the county treasurer forthwith. If said assessment roll is not delivered within ten days from the date of mailing of said notice to the secretary of the district, or if said roll when delivered is not equalized and the required assessments levied as required by law, or if for any reason the required assessment or levy has not been made, the county treasurer shall immediately notify the legislative authority of the county in which the office of the board of directors is situated, and said county legislative authority shall cause an assessment roll for the said district to be prepared and shall equalize the same if necessary and make the levy required by this chapter in the same manner and with like effect as if the same had been equalized and made by the said board of directors, and all expenses incident thereto shall be borne by the district. In case of neglect or refusal of the secretary of the district to perform the duties imposed by law, then the treasurer of the county in which the office of the board of directors is situated must perform such duties, and shall be accountable therefor, on his or her official bond, as in other cases.

At the time of making the annual levy in the year preceding the final maturity of any issue of district bonds, the board of directors shall levy a sufficient amount to pay and redeem all bonds of said issue then remaining unpaid. All surplus remaining in any bond fund after all bonds are paid in full must be transferred to the surplus fund of the district.

Any surplus moneys in the surplus fund or any surplus moneys in the bond fund when so requested by the board of directors shall be invested by the treasurer of said county under the direction of said board of directors in United States bonds or bonds of the state of Washington, or any bonds pronounced by the treasurer of the state of Washington as valid security for the deposit of public funds, and in addition thereto any bonds or warrants of said district, all of which shall be kept in the surplus fund until needed by the district for the purposes authorized by law. Delinquent assessments: Chapter 87.06 RCW.

RCW 87.03.270 Assessments, when delinquent—Assessment book, purpose—Statement of assessments due—Collection—Additional fee for delinquency. The assessment roll, before its equalization and adoption, shall be checked and compared as to descriptions and ownerships, with the county treasurer's land rolls. On or before the fifteenth day of January in each year the secretary must deliver the assessment roll or the respective segregation thereof to the county treasurer of each respective county in which the lands therein described are located, and said assessments shall become due and payable after the county treasurer has completed the property tax roll for the current year's collection and provided the notification required by RCW 84.56.020.

All assessments on said roll shall become delinquent on the first day of May following the filing of the roll unless the assessments are paid on or before the thirtieth day of April of said year: PROVIDED, That if an assessment is ten dollars or more for said year and if one-half of the assessment is paid on or before the thirtieth day of April, the remainder shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date. All delinquent assessments shall bear interest at the rate of twelve percent per annum, computed on a monthly basis and without compounding, from the date of delinquency until paid.

Upon receiving the assessment roll the county treasurer shall prepare therefrom an assessment book in which shall be written the description of the land as it appears in the assessment roll, the name of the owner or owners where known, and if assessed to the unknown owners, then the word "unknown", and the total assessment levied against each tract of land. Proper space shall be left in said book for the entry therein of all subsequent proceedings relating to the payment and collection of said assessments.

On or before April 1st of each year, the treasurer of the district shall send a statement of assessments due. County treasurers who collect irrigation district assessments may send the statement of irrigation district assessments together with the statement of general taxes.

Upon payment of any assessment the county treasurer must enter the date of said payment in said assessment book opposite the description of the land and the name of the person paying and give a receipt to such person specifying the amount of the assessment and the amount paid with the description of the property assessed.

It shall be the duty of the treasurer of the district to furnish upon request of the owner, or any person interested, a statement showing any and all assessments levied as shown by the assessment roll in his or her office upon land described in such request. All statements of irrigation district assessments covering any land in the district shall show the amount of the irrigation district assessment, the dates on which the assessment is due, the place of payment, and, if the property was sold for delinquent assessments in a prior year, the amount of the delinquent assessment and the notation "certificate issued": PROVIDED, That the failure of the treasurer to render any statement herein required of him or her shall not render invalid any assessments made by any irrigation district.

It shall be the duty of the county treasurer of any county, other than the county in which the office of the board of directors is located, to make monthly remittances to the county treasurer of the county in which the office of the board of directors is located covering all amounts collected by him or her for the irrigation district during the preceding month.

When the treasurer collects a delinquent assessment, the treasurer shall collect any other amounts due by reason of the delinquency, including accrued costs, which shall be deposited to the treasurer's operation and maintenance fund. RCW 87.03.271 Lien for delinquent assessment to include costs and interest. The lien for delinquent assessments shall include the district's and treasurer's costs attributable to the delinquency and interest at the rate of twelve percent per year, computed monthly and without compounding, on the assessments and costs. The word "costs" as used in this section includes all costs of collection, including but

not limited to reasonable attorneys' fees, publication costs, costs of preparing certificates of delinquency, title searches, and the costs of foreclosure proceedings. [1988 c 134 s 14.]

RCW 87.03.272 Secretary may act as collection agent of nondelinquent assessments—Official bond—Collection procedure—Delinquency list. Notwithstanding the provisions of RCW 87.03.260, 87.03.270, 87.03.440, and 87.03.445, the board of directors of any district acting as fiscal agent for the United States or the state of Washington for the collection of any irrigation charges may authorize the secretary of the district to act as the exclusive collection agent for the collection of all nondelinquent irrigation assessments of the district pursuant to such rules and regulations as the board of directors may adopt.

When the secretary acts as collection agent, his or her official bond shall be of a sufficient amount as determined by the board of directors of the district to cover any amounts he or she may be handling while acting as collection agent, in addition to any other amount required by reason of his or her other duties.

The assessment roll of such district shall be delivered to the county treasurer in accordance with the provisions of RCW 87.03.260 and 87.03.270 and the assessment roll shall be checked and verified by the county treasurer as provided in RCW 87.03.270.

After the assessment roll has been checked and verified by the county treasurer, the secretary of the district shall proceed to publish the notice as required under RCW 87.03.270; except that the notice shall provide that until the assessments and tolls become delinquent on November 1st they shall be due and payable in the office of the secretary of the district.

When the secretary of such district receives payments, he or she shall issue a receipt for such payments and shall be accountable on his or her official bond for the safekeeping of such funds and shall remit the same, along with an itemized statement of receipts, at least once each month to the county treasurer wherein the land is located on which the payment was made.

When the county treasurer receives the monthly statement of receipts from the secretary, he or she shall enter the payments shown thereon on the assessment roll maintained in his or her office.

On the fifteenth day of November of each year it shall be the duty of the secretary to transmit to the county treasurer the delinquency list which shall include the names, amounts, and such other information as the county treasurer shall require, and thereafter the secretary shall not accept any payment on the delinquent portion of any account. Upon receipt of the list of delinquencies, the county treasurer shall proceed under the provisions of this chapter as though he or she were the collection agent for such district to the extent of such delinquent accounts. [2013 c 23 s 500; 1982 c 102 s 2; 1967 c 169 s 3.]

Effective date—1982 c 102: See note following RCW 87.03.270.

RCW 87.03.275 Medium of payment of assessments. All assessments and tolls authorized under this act shall be paid in legal tender of the United States except that assessments and tolls levied for the

expense fund of the district may be paid with district warrants issued in payment for labor hired by the district, at par without interest drawn on the expense fund in the year in which the assessment to be paid thereby is payable, or in the preceding year, and such warrants shall be so accepted notwithstanding their serial numbers or their order of issue as to then outstanding warrants: PROVIDED, HOWEVER, That in no case shall the county treasurer be authorized to pay any cash difference to the holders of any warrant so offered in payment of such assessments and in the event such warrant shall exceed the amount so applied on assessments, the county treasurer shall issue to the holder thereof a certificate directing the county auditor to issue to such holder a district warrant on the same fund, bearing date on which such lieu warrant is issued, for the difference between the face or par amount of the warrant received by the treasurer, without interest, and the amount credited on said assessment. Upon the surrender of such lieu warrant certificate the county auditor shall be authorized to issue and deliver such lieu warrant. [1933 c 43 s 5; 1923 c 138 s 11; RRS s 7442-1. Formerly RCW 87.32.120.]

RCW 87.03.277 Payment by credit cards, charge cards, and other electronic communication. Irrigation districts that have designated their own treasurers as provided in RCW 87.03.440 may accept credit cards, charge cards, debit cards, smart cards, stored value cards, federal wire, and automatic clearinghouse system transactions, or other electronic communication, for any payment of any kind including, but not limited to, assessments, fines, interest, penalties, special assessments, fees, rates, tolls and charges, or moneys due irrigation districts. A payer desiring to pay by a credit card, charge card, debit card, smart card, stored value card, federal wire, automatic clearinghouse system, or other electronic communication shall bear the cost of processing the transaction in an amount determined by the treasurer, unless the board of directors finds that it is in the best interests of the district to not charge transaction processing costs for all payment transactions made for a specific category of payments due the district, including, but not limited to, assessments, fines, interest, penalties, special assessments, fees, rates, tolls, and charges. The treasurer's cost determination shall be based upon costs incurred by the treasurer and may not, in any event, exceed the additional direct costs incurred by the district to accept the specific form of payment used by the payer. [2004 c 215 s 2; 2002 c 53 s 1.]

RCW 87.03.280 Cancellation of assessments due United States— Procedure. Where any district under contract with the United States has levied any assessment for the collection of money payable to the United States under such contract, and the secretary of the interior has by agreement with the board of directors of said district, authorized the extension or cancellation of any payments due to the United States by the cancellation of assessments already levied therefor but remaining unpaid, the board of directors of such district shall certify to the county treasurer of the county in which the land is located, a statement of the year and amounts assessed against each tract for which such cancellation has been authorized, and the county treasurer, upon receipt of such certificate, shall, in all cases where

the assessment remains unpaid and the lands have not been sold, endorse upon the district's assessment roll, "Corrected under Certificate of Board of Directors" and shall deduct and cancel from the assessment against each such tract the amount of such assessment so authorized to be canceled; and in all cases where such cancellations have been certified to the county treasurer after such lands assessed have been sold and before the period of redemption shall have expired, the county treasurer shall, in those cases where the tract assessed has been sold to the district, and the district is the owner of the certificate of sale, require the district to surrender its certificate of sale and shall thereupon deduct the amount of such cancellation plus the penalties thereon upon the original assessment roll with an endorsement, "Corrected under Certificate of Board of Directors" and he or she shall thereupon issue to the district in lieu of the certificate surrendered, a substitute certificate of sale for the corrected amount of such assessment, if any, remaining uncanceled, and shall file a copy thereof in the office of the county auditor as in the case of the original certificate surrendered, and such substitute certificate shall entitle the holder thereof to all rights possessed under the original certificate so corrected as to amount: PROVIDED, HOWEVER, That such cancellation shall have the same effect as though the lands had originally not been assessed for the amounts so deducted and shall not operate to bar the district of the right in making subsequent annual assessments to levy and collect against such tracts the amount of any money due the United States, including the amount of any assessments so canceled. RCW 87.03.285 Segregation of assessment—Authorization.

Whenever in the discretion of the board of directors of any irrigation district of the state as determined by resolution, after an assessment roll has been filed with the county treasurer of the appropriate county in accordance with the laws of the state pertaining thereto, the irrigation district assessments against any tract or parcel of land may be segregated to apply against, and the lien may be divided among, the various parcels of said tract as the same may be hereafter divided, all in accordance herewith. [1951 c 205 s 1. Formerly RCW 87.32.102.]

RCW 87.03.290 Segregation of assessment—Hearing. When the irrigation district directors shall deem it advisable to make such segregation of assessments they shall by resolution fix the time and place for the hearing of the question concerning the segregation of assessments, which hearing may be at the next regular meeting of the directors of said irrigation district at its principal office. [1951 c 205 s 2. Formerly RCW 87.32.103.]

RCW 87.03.295 Segregation of assessment—Notice of hearing. Not less than ten days prior to the time and date fixed for said hearing the directors of said irrigation district shall cause notice of the

time and place of said hearing to be given by registered mail to every person, firm or corporation having any interest in said property as shown by the county assessor's records or by the record of the irrigation district within which said property is located and to the address shown by said records, authorizing and directing that they appear and be heard at said time and place. [1951 c 205 s 3. Formerly RCW 87.32.104.]

RCW 87.03.300 Segregation of assessment—Order. In the event said hearing shall result in a determination that in the discretion of the directors of said irrigation district it is advisable that said assessments be segregated and apportioned among the various parcels of said tracts against which the original total assessment was levied, then an order shall be entered on the records of the directors of said irrigation district determining said segregation, and a certified copy thereof shall be filed with the county treasurer of the county in which said assessment roll is filed. [1951 c 205 s 4. Formerly RCW 87.32.105.]

RCW 87.03.305 Segregation of assessment—Amendment of roll—Effect. Upon the filing of the certified copy of said order the county treasurer shall alter and amend the original assessment roll in accordance with said order and thereafter the assessments will be a lien only as shown by said order of segregation and the amended assessment roll as the same shall affect the property upon which said segregation was ordered. [1951 c 205 s 5. Formerly RCW 87.32.106.]

RCW 87.03.420 Evidence of assessment, what is. The assessment book or delinquent list, or a copy thereof, certified by the secretary, showing unpaid assessments against any person or property, is prima facie evidence of the assessment of the property assessed, the delinquency, the amount of assessments due and unpaid, and that all the forms of law in relation to the assessment and levy of such assessment have been complied with. [1895 c 165 s 18; 1889-90 p 688 s 31; RRS s 7449. Formerly RCW 87.32.260.]

RCW 87.03.430 Bonds—Interest payments. Whenever interest payments on bonds are due, the treasurer of the county shall pay the same from the bond fund belonging to the district and deposited with the treasurer. Whenever, after ten years from the issuance of the bonds, the fund shall amount to the sum of ten thousand dollars, the board of directors may direct the treasurer to pay such an amount of the bonds not due as the money in the fund will redeem, at the lowest value at which they may be offered for liquidation, after advertising in a newspaper of general circulation in the county for such period of time not less than four weeks as the board shall order for sealed proposals for the redemption of the bonds. The proposals shall be opened by the board in open meeting, at a time to be named in the notice, and the lowest bid for the bonds must be accepted: PROVIDED, That no bond shall be redeemed under the foregoing provision at a rate above par. In case the bids are equal, the lowest numbered bond shall have the preference. In case none of the owners of the bonds shall

desire to have the same redeemed, as herein provided for, the money shall be invested by the treasurer of the county, under the direction of the board, in United States bonds, or the bonds of the state, which shall be kept in the bond fund, and may be used to redeem the district bonds whenever the owners thereof may desire. RCW 87.03.435 Construction work—Notice—Bids—Contracts—Bonds.

(1) Except as provided in subsections (2) and (3) of this section and RCW 87.03.436, whenever in the construction of the district canal or canals, or other works, or the furnishing of materials therefor, the board of directors shall determine to let a contract or contracts for the doing of the work or the furnishing of the materials, a notice calling for sealed proposals shall be published. The notice shall be published in a newspaper in the county in which the office of the board is situated, in any other newspaper which may be designated by the board, and on the irrigation district's website or on the county's website where the district is located if the district does not have a website, and for such length of time, not less than once each week for two weeks, as may be fixed by the board. At the time and place appointed in the notice for the opening of bids, the sealed proposals shall be opened in public, and as soon as convenient thereafter, the board shall let the work or the contract for the purchase of materials, either in portions or as a whole, to the lowest responsible bidder, or the board may reject any or all bids and readvertise, or may contract using the small works roster process in *RCW 39.04.155 or if no bid is received on the first call the board may readvertise and make a second call or shall solicit electronic or written quotations from a minimum of three qualified contractors and shall award the contract to the lowest responsible bidder. After an award is made, the quotations shall be open to public inspection and available by electronic request. The district shall attempt to distribute opportunities for projects equitably among contractors willing to perform in the geographic area of the work. The district shall maintain a list of contractors contacted and the contracts awarded during the previous twenty-four months. The district also may proceed to construct the work under its own superintendence. All work shall be done under the direction and to the satisfaction of the engineer of the district, and be approved by the board. The board of directors may require bidders submitting bids for the construction or maintenance for any of the works of the district, or for the furnishing of labor or material, to accompany their bids by a deposit in cash, certified check, cashier's check, or surety bond in an amount equal to five percent of the amount of the bid and a bid shall not be considered unless the deposit is enclosed with it. If the contract is let, then all the bid deposits shall be returned to the unsuccessful bidders. The bid deposit of the successful bidder shall be retained until a contract is entered into for the purchase of the materials or doing of such work, and a bond given to the district in accordance with chapter

39.08 RCW for the performance of the contract. The performance bond shall be conditioned as may be required by law and as may be required by resolution of the board, with good and sufficient sureties satisfactory to the board, payable to the district for its use, for at least twenty-five percent of the contract price. If the successful bidder fails to enter into a contract and furnish the necessary bond within twenty days from the award, exclusive of the day of the award, the bid deposit shall be forfeited to the district and the contract may then be awarded to the second lowest bidder.

(2) The provisions of this section in regard to public bidding shall not apply in cases where the board is authorized to exchange bonds of the district in payment for labor and material.

(3) The provisions of this section do not apply:

(a) In the case of any contract between the district and the United States;

(b) In the case of an emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board of directors or proclamation of an official designated by the board to act for the board during such emergencies. The resolution or proclamation shall declare the existence of the emergency and recite the facts constituting the emergency; or

RCW 87.03.437 Competitive bids—Use of purchase contract process in RCW 39.04.190. (1) Purchases of any materials, supplies, or equipment by the district shall be based on competitive bids except as provided in RCW 87.03.435 and 39.04.280. A formal sealed bid procedure shall be used as standard procedure for the purchases made by irrigation districts. However, the board may by resolution adopt a policy to waive formal sealed bidding procedures for purchases of any materials, supplies, or equipment for an amount set by the board not to exceed fifty thousand dollars for each purchase.

(2) The directors may by resolution adopt a policy to use the process provided in RCW 39.04.190 for purchases of materials, supplies, or equipment when the estimated cost is between the amount established by the board under subsection (1) of this section and a maximum amount set by resolution adopted by the board for purchases up to fifty thousand dollars exclusive of sales tax. As used in this chapter, in accordance with RCW 87.03.440, the term "county treasurer" or "treasurer of the county" or other reference to that office means the treasurer of the district, if the district has designated its own treasurer, unless the context clearly requires otherwise. The treasurer of the county in which is located the office of the district shall be ex officio treasurer of the district, and any county treasurer handling district funds shall be liable upon his or her official bond and to criminal prosecution for malfeasance and misfeasance, or failure to perform any duty as county or district treasurer. The treasurer of each county in which lands of the district are located shall collect and receipt for all assessments levied on lands within his or her county. There shall be deposited with the district treasurer all funds of the district. The district treasurer shall pay out such funds upon warrants issued by the county auditor against the proper funds of the district, except the sums to be paid out of the bond fund for interest and principal payments on bonds: PROVIDED, That in those districts which designate their own treasurer, the treasurer may issue the warrants or any checks when the district is authorized to issue checks. All warrants shall be paid in the order of their issuance. The district treasurer shall report, in writing, on the first Monday in each month to the directors, the amount in each fund, the receipts for the month preceding in each fund, and file the report with the secretary of the board. The secretary shall report to the board, in writing, at the regular meeting in each month, the amount of receipts and expenditures during the preceding month, and file the report in the office of the board.

The preceding paragraph of this section notwithstanding, the board of directors or board of control of an irrigation district which

lies in more than one county and which had assessments in each of two of the preceding three years equal to at least five hundred thousand dollars, or a board of joint control created under chapter 87.80 RCW, may designate some other person having experience in financial or fiscal matters as treasurer of the district. In addition, the board of directors of an irrigation district which lies entirely within one county may designate some other person having experience in financial or fiscal matters as treasurer of the district if the district had assessments, tolls, and miscellaneous collections in each of two of the preceding three years equal to at least two million dollars or if the board has the approval of the county treasurer to designate some other person. If a board designates a treasurer, it shall require a bond with a surety company authorized to do business in the state of Washington in an amount of two hundred fifty thousand dollars conditioned that he or she will faithfully perform the duties of his or her office as treasurer of the district. The premium on the bond shall be paid by the district. The designated treasurer shall collect and receipt for all irrigation district assessments on lands within the district and shall act with the same powers and duties and be under the same restrictions as provided by law for county treasurers acting in matters pertaining to irrigation districts, except the powers, duties, and restrictions in RCW *87.56.110 and 87.56.210 which shall continue to be those of county treasurers.

In those districts which have designated their own treasurers, the provisions of law pertaining to irrigation districts which require certain acts to be done and which refer to and involve a county treasurer or the office of a county treasurer or the county officers charged with the collection of irrigation district assessments, except RCW *87.56.110 and 87.56.210 shall be construed to refer to and involve the designated district treasurer or the office of the designated district treasurer.

Any claim against the district for which it is liable under existing laws shall be presented to the board as provided in RCW 4.96.020 and upon allowance it shall be attached to a voucher and approved by the chair and signed by the secretary and directed to the proper official for payment: PROVIDED, That in the event claimant's claim is for crop damage, the claimant in addition to filing his or her claim within the applicable period of limitations within which an action must be commenced and in the manner specified in RCW 4.96.020 must file with the secretary of the district, or in the secretary's absence one of the directors, not less than three days prior to the severance of the crop alleged to be damaged, a written preliminary notice pertaining to the crop alleged to be damaged. Such preliminary notice, so far as claimant is able, shall advise the district; that the claimant has filed a claim or intends to file a claim against the district for alleged crop damage; shall give the name and present residence of the claimant; shall state the cause of the damage to the crop alleged to be damaged and the estimated amount of damage; and shall accurately locate and describe where the crop alleged to be damaged is located. Such preliminary notice may be given by claimant or by anyone acting in his or her behalf and need not be verified. No action may be commenced against an irrigation district for crop damages unless claimant has complied with the provisions of RCW 4.96.020 and also with the preliminary notice requirements of this section. (3) A "revolving fund" in such amount as the directors shall by resolution determine, acquired by the issue of coupon or registered warrants or by transfer of funds by warrant drawn upon the expense fund. This fund may be disbursed by check signed by the secretary or such other person as the board may designate, in the payment of such expenditures as the board may deem necessary. This fund shall be reimbursed by submitting copies of approved vouchers and/or copy of payrolls to the county auditor with a claim voucher specifying the fund upon which warrants for such reimbursements shall be drawn. RCW 87.03.443 Upgrading and improvement fund authorized—

Deposits—Use of funds. There may be created by each irrigation district or separate legal authority created pursuant to RCW 87.03.018 a fund to be known as the upgrading and improvement fund. The board of directors shall determine what portion of the annual revenue of the irrigation district or separate legal authority will be placed into its upgrading and improvement fund, including all or any part of the funds received by a district or separate legal authority from the sale, delivery, and distribution of electrical energy. Moneys from the upgrading and improvement fund may be used to modernize, improve, or upgrade irrigation and hydroelectric power facilities or to respond to an emergency affecting such facilities. The funds may also be used for licensing hydroelectric power facilities and for payment of capital improvements. [2010 c 201 s 3; 2004 c 215 s 3; 1979 ex.s. c 263 s 4.]

RCW 87.03.445 Acquisition, construction, and operating funds—Tolls and assessments, alternative methods of—Liens, foreclosure of—Delinquencies by tenants. (1) The cost and expense of purchasing and acquiring property, and construction, reconstruction, extension, and betterment of the works and improvements herein provided for, and the expenses incidental thereto, and indebtedness to the United States for district lands assumed by the district, and for the carrying out of the purposes of this chapter, may be paid for by the board of directors out of the funds received from bond sales as well as other district funds.

(2) For the purpose of defraying the costs and expenses of the organization of the district, and of the care, operation, management, maintenance, repair, and improvement of the district and its irrigation water, domestic water, electric power, drainage, or sewer facilities or of any portion thereof, or for the payment of any indebtedness due the United States or the state of Washington, or for the payment of district bonds, the board may either fix reasonable rates or tolls and charges, and collect the same from all persons for whom district service is made available for irrigation water, domestic water, electric power, drainage or sewerage, and other purposes, or it may provide for the payment of said costs and expenses by a levy of assessment therefor, or by both said rates or tolls and charges and assessment.

(3) If the assessment method is utilized, the levy of assessments shall be made on the completion and equalization of the assessment roll each year, and the board shall have the same powers and functions for the purpose of said levy as possessed by it in case of levy to pay bonds of the district. The procedure for the collection of assessments by such levy shall in all respects conform with the provisions of this chapter, relating to the collection of assessments for the payment of principal and interest of bonds herein provided for, and shall be made at the same time.

(4) If the rates or tolls and charges method is adopted in whole or in part, the secretary shall deliver to the board of directors, within the time for filing the assessment roll, a schedule containing the names of the owners or reputed owners, as shown on the rolls of the county treasurer as of the first Tuesday in November of each year such a schedule is filed of the various parcels of land against which rates or tolls and charges are to be levied, the description of each such parcel of land and the amount to be charged against each parcel for irrigation water, domestic water, electric power, drainage, sewerage, and other district costs and expenses. Said schedule of rates or tolls and charges shall be equalized pursuant to the same notice, in the same manner, at the same time and with the same legal effect as in the case of assessments. Such schedule of rates or tolls and charges for a given year shall be filed with the proper county treasurer within the same time as that provided by law for the filing of the annual assessment roll, and the county treasurer shall collect and receipt for the payment of said rates or tolls and charges and credit them to the proper funds of the district. The board may designate the time and manner of making such collections and shall require the same to be paid in advance of delivery of water and other service. For the purposes of collection and enforcement, all tolls and charges levied shall also at once become and constitute an assessment upon and against the lands for which they are levied, with the same force and effect, and the same manner of enforcement, and with the

same rate of interest from date of delinquency, in case of nonpayment, as other district assessments. Any tolls and charges constituting an assessment for collection and enforcement purposes under this section are not subject to the provisions of RCW 87.03.240(1).

(5) As an alternative method of imposing, collecting, and enforcing such rates or tolls and charges, the board may also base such rates or tolls and charges upon the quantity of irrigation water, domestic water, or electric power delivered, or drainage or sewage disposed of, and may fix a minimum rate or toll and charge to be paid by each parcel of land or use within the district for the delivery or disposal of a stated quantity of each such service with a graduated charge for additional quantities of such services delivered or disposed of. If the board elects to utilize this alternative method of imposing, collecting, and enforcing such rates or tolls and charges, there shall be no requirement that the schedule referred to in the preceding paragraph be prepared, be filed with the board of directors by the secretary, be equalized, or be filed with a county treasurer. The board shall enforce collection of such rates or tolls and charges against property to which and its owners to whom the service is available, such rates or tolls and charges being deemed charges and a lien against the property to which the service is available, until paid in full. Prior to furnishing services, a board may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by this section.

(6) The board may provide by resolution that where such rates or tolls and charges are delinquent for any specified period of time, the district shall certify the delinquencies to the treasurer of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate not to exceed twelve percent per annum fixed by resolution shall be a lien against the property to which the service was available, subject only to the lien for general taxes. The district may, at any time after such rates or tolls and charges and penalties provided for herein are delinquent for a period of one year, bring suit in foreclosure by civil action in the superior court of the county in which the real property is situated.

(7) A board may determine how to apply partial payments on past due accounts.

(8) A board may provide a real property owner or the owner's designee with duplicate bills for service to tenants, or may notify an owner or the owner's designee that a tenant's service account is delinquent. However, if an owner or the owner's designee notifies the board in writing that a property served by the board is a rental property, asks to be notified of a tenant's delinquency, and has provided, in writing, a complete and accurate mailing address, the board shall notify the owner or the owner's designee of a tenant's delinquency at the same time and in the same manner the board notifies the tenant of the tenant's delinquency or by mail. When a district provides a real property owner or the owner's designee with duplicates of tenant utility service bills or notice that a tenant's utility account is delinquent, the district shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner's designee. After January 1, 1999, if a board fails to notify the owner of a tenant's delinquency after receiving a written request to do so and after receiving the other information required by

this subsection (8), the board shall have no lien against the premises for the tenant's delinquent and unpaid charges.

(9) The court may allow, in addition to the costs and disbursements provided by statute, such attorneys' fees as it may adjudge reasonable. The action shall be in rem against the property, and in addition may be brought in the name of the district against an individual, or against all of those who are delinquent, in one action, and the rules of the court shall control as in other civil actions. The board may in the same year use the assessment method for part of the lands in the district and the rates or tolls and charges method for the remaining lands in the district in such proportion as it may deem advisable for the best interest of the district.

(10) The procedures herein provided for the collection and enforcement of rates, tolls, and charges also shall be applicable and available to the districts board of directors for the collection and enforcement of charges for water imposed by contract entered into or administered by the district's board of directors. The total amount of such additional compensation received by a director may not exceed eight thousand six hundred forty dollars in a calendar year. The board shall fix the compensation of the secretary and all other employees.

(2) Any director may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective,

must be filed any time after the director's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

(3) The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning January 1, 2024, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

RCW 87.03.470 Special assessments—Election—Notes. (1) The board of directors may, at any time when in their judgment it may be advisable, call a special election and submit to the qualified electors of the district the question whether or not a special assessment shall be levied for the purpose of raising money to be applied to any of the purposes provided in this chapter including any purpose for which the bonds of the district or the proceeds thereof might be lawfully used. Such election must be called upon the notice prescribed, and the same shall be held and the result thereof determined and declared in all respects in conformity with the provisions of RCW 87.03.200. The notice must specify the amount of money proposed to be raised and the purpose for which it is intended to be used and the number of installments in which it is to be paid. At such election the ballot shall contain the words "Assessment Yes" and "Assessment No." If the majority of the votes cast are "Assessment Yes" the board may immediately or at intervals thereafter incur indebtedness to the amount of said special assessment for any of the purposes for which the proceeds of said assessment may be used, and may provide for the payment of said indebtedness by the issue and sale of notes of the district to an amount equal to said authorized indebtedness, which notes shall be payable in such equal installments not exceeding three in number as the board shall direct. Said notes shall be payable by assessments levied at the time of the regular

annual levy each year thereafter until fully paid. The amount of the assessments to be levied shall be ascertained by adding fifteen percent for anticipated delinquencies to the whole amount of the indebtedness incurred and interest. Each assessment so levied shall be computed and entered on the assessment roll by the secretary of the board, and collected at the same time and in the same manner as other assessments provided for herein, and when collected shall be paid to the county treasurer of the county to the credit of said district, for the purposes specified in the notice of such special election: PROVIDED, HOWEVER, That the board of directors may at their discretion issue said notes in payment for labor or material, or both, used in connection with the purposes for which such indebtedness was authorized. Notes issued under this section shall bear interest at a rate determined by the board, payable semiannually. RCW 87.03.475 Power as to incurring indebtedness. (1) The board shall incur no debt or liability in excess of the express provisions of this title. It may without an election and levy therefor pay the necessary costs and expenses of organizing and may make surveys, do engineering work, and conduct a general investigation to determine the feasibility of the proposed irrigation project, and may incur an indebtedness therefor prior to levy, which indebtedness on account of surveys, engineering and investigations shall not exceed fifty cents an acre, and shall be assessable against the lands within the district. In cases of emergency, making it necessary to incur indebtedness in order to continue the operation of the irrigation system or any part thereof, the board by resolution may incur such indebtedness not exceeding the amount actually necessary to meet the requirements of the emergency. It may incur indebtedness necessary to carry on the ordinary administrative affairs of the district and if the district acquires an irrigation system before making its first regular annual levy, the board may incur such indebtedness necessary to pay the ordinary expenses of operation and maintenance until the regular annual levy is made.

The board may issue warrants for the payment of any indebtedness incurred under this section, which shall bear interest at a rate or rates determined by the board, and it shall include in its next annual levy for the payment of the expenses of operation and maintenance, the amount of all warrants issued by virtue hereof.

The board may issue as a general obligation of the district coupon or registered warrants in denominations not in excess of five hundred dollars, bearing interest as determined by the board. Such warrants may be registered as provided in RCW 39.46.030. Such warrants shall mature in not more than five years and may be used, or the proceeds thereof, in the purchase of grounds and buildings, machinery, vehicles, tools or other equipment for use in operation, maintenance, betterment, reconstruction or local improvement work, and for creating a revolving fund for carrying on such work as in this title provided. The proceeds of the warrants shall be paid to the district treasurer who shall place them in an appropriate fund and pay them out upon warrants of the district. The maximum indebtedness hereby authorized shall not exceed one dollar per acre of the total irrigable area within the district. No warrant shall be sold for less than par. They shall state on their face that they are a general obligation of the district, the purposes for which they are used, and that they are payable on or before maturity. They shall be retired by assessments levied in accordance with the provisions of this title at the time other assessments are levied.

The board may accumulate by assessment a fund to be designated as the "capital fund" to be used for the purposes for which the above warrants may be used. The total of such fund shall not exceed one dollar per acre of the total irrigable area in the district and shall be accumulated in not less than five annual installments. The fund shall not be permanently depleted or reduced but shall be replaced from year to year by assessments on any lands of the district benefited by the use thereof. The reasonable value of all grounds, buildings, machinery, vehicles, tools or other equipment on hand, purchased with such fund, and the revolving fund, if any, derived from such fund, shall be a part of the capital fund.

RCW 87.03.480 Local improvement districts—Petition. Any desired special construction, reconstruction, betterment or improvement or purchase or acquisition of improvements already constructed, for any authorized district service, including but not limited to the safeguarding of open canals or ditches for the protection of the public therefrom, which are for the special benefit of the lands tributary thereto and within an irrigation district may be constructed or acquired and provision made to meet the cost thereof as follows:

The holders of title or evidence of title to one-quarter of the acreage proposed to be assessed, may file with the district board their petition reciting the nature and general plan of the desired improvement and specifying the lands proposed to be specially assessed therefor. A local improvement district may include adjoining, vicinal, or neighboring improvements even though the improvements and the properties benefited are not connected or continuous. Such

improvements may be owned by the United States, the state of Washington, the irrigation district, or another local government. Upon approval of the board of an adjoining irrigation district, an irrigation district may form local improvement districts or utility local improvement districts that are composed entirely or in part of territory within that adjoining district. Upon the filing of the petition the board, with the assistance of a competent engineer, shall make an investigation of the feasibility, cost, and need of the proposed local improvement together with the ability of the lands to pay the cost, and if it appears feasible, they may elect to have plans and an estimate of the cost prepared. If a protest against the establishment of the proposed improvement signed by a majority of the holders of title in the proposed local district is presented at or before the hearing, or if the proposed improvement should be found not feasible, too expensive, or not in the best interest of the district, or the lands to be benefited insufficient security for the costs, they shall dismiss the petition. RCW 87.03.485 Local improvement districts—Notice—Hearing—Initiation by board, procedure. In the event that the board approves the petition, the board shall fix a time and place for the hearing thereof and shall publish a notice once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date and shall mail such a notice on or before the second publication date by first-class mail, postage prepaid, to each owner or reputed owner of real property within the proposed local improvement district, as shown on the rolls of the county treasurer as of a date not more than twenty days immediately prior to the date such notice was mailed. Such notice must be published in a newspaper of general circulation in each county in which any portion of the land proposed to be included in such local improvement district lies. Such notice shall state that the lands within the described boundaries are proposed to be organized as a local improvement district, stating generally the nature of the proposed improvement; that bonds for such local improvement district are proposed to be issued as the bonds of the irrigation district, or that a contract is proposed to be entered into between the district and the United States or the state of Washington, or both, that the lands within the local improvement district are to be assessed for such improvement, that such bonds or contract will be the obligation of such local improvement district and stating a time and place of hearing thereon. At the time and place of hearing named in the notice, all persons interested may appear before the board and show cause for or against the formation of the proposed improvement district and the issuance of bonds or the entering into of a contract as aforesaid. The board may designate a hearing officer to conduct the hearing, and the hearing officer shall report recommendations on the establishment of the local improvement district to the board for final action. Upon the hearing the board shall determine as to the establishment of the

proposed local improvement district. Any landowner whose lands can be served or will be benefited by the proposed improvement, may make application to the board at the time of hearing to include such land and the board of directors in such cases shall, at its discretion, include such lands within such district. The board of directors may exclude any land specified in the notice from the district provided, that in the judgment of the board, the inclusion thereof will not be practicable.

As an alternative plan and subject to all of the provisions of this chapter, the board of directors may initiate the organization of a local improvement district as herein provided. To so organize a local improvement district the board shall adopt and record in its minutes a resolution specifying the lands proposed to be included in such local improvement district or by describing the exterior boundaries of such proposed district or by both. The resolution shall state generally the plan, character and extent of the proposed improvements, that the land proposed to be included in such improvement district will be assessed for such improvements; and that local improvement district bonds of the irrigation district will be issued or a contract entered into as hereinabove in this section provided to meet the cost thereof and that such bonds or contract will be the obligation of such local improvement district. The resolution shall fix a time and place of hearing thereon and shall state that unless a majority of the holders of title or of evidence of title to lands within the proposed local improvement district file their written protest at or before the hearing, consent to the improvement will be implied.

A notice containing a copy of the resolution must be published once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date, and shall be mailed on or before the second publication date by first-class mail, postage prepaid, to each owner or reputed owner of real property within the proposed local improvement district, as shown on the rolls of the county treasurer as of a date not more than twenty days immediately prior to the date such notice was mailed, and the hearing thereon shall not be held in less than twenty days from the adoption of such resolution. Such notice must be published in one newspaper, of general circulation, in each county in which any portion of the land proposed to be included in such local improvement district lies. The hearing shall be held and all subsequent proceedings conducted in accordance with the provisions of this act relating to the organization of local improvement districts initiated upon petition. levies in such improvement district until all of the bonds or the contract, both principal and interest, issued or entered into for such local improvement district have been paid in full. The receipt given for any such payment shall have the foregoing provision printed thereon. The amount so paid shall be included on the annual assessment roll for the current year, provided, such roll has not then been delivered to the treasurer, with an appropriate notation by the secretary that the amount has been paid. RCW 87.03.505 Local improvement districts—L.I.D. unable to pay costs—Survey—Reassessments. Whenever, by reason of the sale of land within a local improvement district for unpaid taxes or assessments, or for any other reason, it may appear apparent that the remaining lands within any such local improvement district are and will be unable to pay out the cost of such improvement or the bond issue or contract indebtedness therefor, the landowners of the local improvement district may petition the directors of the irrigation district or the directors of the district may upon their own initiative, and either upon receipt of such petition or the passing of such resolution the directors of the irrigation district shall cause a complete survey to be made of the affairs of the local improvement district pertaining to the payment of the cost of said improvement, and shall determine the amount of property remaining in the hands of private owners that is still subject to assessment for the improvement, the amount of land standing in the name of the district which is subject to assessment for said improvement and the amount of any lands which may have been entirely removed from the liability of any such assessments, and such other and pertinent data as may be necessary, in order to determine the ability of said remaining private property to pay the remaining balance of the cost of said improvement, and if as a result thereof it shall appear that the remaining private

property will be unable to pay the said remaining cost of the improvement, the said board of directors shall determine what amount and to what extent the remaining private property will be able to equitably pay on the cost of said improvement which shall include the privately owned property and district owned property and such remaining portion of the cost of said improvement which the directors find said land can equitably pay and in such amounts as in the judgment of the directors shall appear equitable after taking all circumstances into consideration, shall be assessed against the lands within such local improvement district and shall be levied and collected in the manner as in this act provided for the assessment and collection of construction costs and shall be payable over a period of not more than twenty years. Notwithstanding all provisions in this chapter contained for the assessment, equalization, levy and collection of assessments no election shall be required to authorize the issue of bonds or the entering into a contract to cover the cost thereof. Assessments when collected by the county treasurer for the payment shall constitute a special fund to be called "bond redemption or contract repayment fund of local improvement district No."

Upon the payment in full of the amount charged or to be charged or assessed against any particular tract of land, said tract of land shall be thereupon entirely, fully and finally released of any and all further liability by reason of such improvement and the amount charged or to be charged and assessed against each tract of land as designated by said board shall be the limit of the liability of said tract of land for the costs of said improvement, except insofar as said land may be additionally liable by reason of being within the irrigation district and being liable for its portion of the general obligation of the district. The determination of the amount charged or to be charged or assessed against any tract of land may be appealed by the owner of said tract from the decision of the board of directors to the superior court of the county in which the property is located at any time within twenty days from the date of the passage of a resolution by the board of directors with reference thereto: PROVIDED, HOWEVER, That in the event said irrigation district shall have borrowed or have an application on file for the borrowing of money from the reconstruction finance corporation, or its successor, or has entered into a contract with the United States or the state of Washington, or both, then in that event before any such reassessment shall be made it shall first receive the approval of said reconstruction finance corporation, or its successor or the United States or the state of Washington, or both, as the case may be. Whenever as the result of abandonment of an irrigation district right-of-way real property held by an irrigation district is to be sold or otherwise disposed of, notice shall be given to the owners of lands adjoining that real property and such owners shall have a right of first refusal to purchase at the appraised price all

or any part of the real property to be sold or otherwise disposed of which adjoins or is adjacent to their land.

Real property to be sold or otherwise disposed of under this section shall have been first appraised by the county assessor or by a person designated by him or her.

Notice under this section shall be sufficient if sent by registered mail to the owner, and at the address, as shown in the tax records of the county in which the land is situated. Notice under this section shall be in addition to any other notice required by law.

After sixty days from the date of sending of notice, if no applications for purchase have been received by the irrigation district or other person or entity sending notice, the rights of first refusal of owners of adjoining lands shall be deemed to have been waived, and the real property may be sold or otherwise disposed of. When no applications for purchase have been received, if the irrigation district board of directors determines that due to the configuration of the abandoned right-of-way, or other facts, it appears unlikely that the property, or a portion of the property, can be sold for the appraised price, and the property is considered a burden to the irrigation district, the real property may be sold at a negotiated price, including a transfer for no payment, without further publication or notice to all adjoining owners.

If two or more owners of adjoining lands apply to purchase the same real property, or apply to purchase overlapping parts of the real property, the respective rights of the applicants may be determined in the superior court of the county in which the real property is situated; and the court may divide the real property in question between some or all of the applicants or award the whole to one applicant, as justice may require.

Any sale or other disposal of real property pursuant to chapters 87.52, 87.53, and 87.56 RCW shall be made in accordance with the requirements of this section. [2017 c 321 s 4; 2013 c 23 s 510; 1973 c 150 s 1; 1971 ex.s. c 125 s 2.]

RCW 87.03.825 Hydroelectric resources—Development—Legislative findings. The legislature finds that a significant potential exists for the development of cost-effective renewable hydroelectric resources by irrigation districts, cities, towns, and public utility districts and further finds that it is in the best interests of the state and its citizens for such entities to develop that hydroelectric generating resource cooperatively whenever possible through the use of separate legal authorities. The legislature also finds that the development of such hydroelectric resources will be beneficial in meeting the present and future energy needs of the citizens of the state, will further a state purpose and policy, and will be in the public interest. [1983 c 47 s 1.]

Severability—1983 c 47: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1983 c 47 s 7.]

RCW 87.03.828 Hydroelectric resources—Separate legal authority—Creation by irrigation districts and cities, towns, or public utility

districts—Powers. One or more irrigation districts and any combination of cities, towns, or public utility districts may create a separate legal authority to construct, finance, acquire, own, operate, and maintain hydroelectric facilities including, but not limited to, dams, canals, plants, transmission lines, other power equipment and the necessary property and property rights therefor, located within or outside the boundaries of the entities creating the authority, for the purpose of utilizing for the generation of electricity water power made available by and as a part of the irrigation water storage, conveyance, and distribution facilities, wasteways, and drainage water facilities which serve or may in the future serve irrigation districts, and to sell by contract on such terms and conditions as deemed appropriate by the legislative body of the authority the electric power and energy created by or generated at such hydroelectric facilities to municipal or quasi municipal corporations or cooperatives authorized to engage in the business of distributing electricity, electrical companies subject to the jurisdiction of the utilities and transportation commission, or irrigation districts. Any authority so created shall have the same powers and only those powers granted to irrigation districts by chapter 185, Laws of 1979 ex. sess. and has such additional powers relating to its organization, right to contract in its own name, and general ability to exist and function as a separate legal authority as deemed appropriate by the entities creating it. The authority shall be created and organized by contract in the manner described in chapter 39.34 RCW and shall be a separate legal entity capable of exercising in its own name the powers granted it. No provision of chapter 39.34 RCW or any other provision of law may be interpreted to require the entities creating the authority to submit the contract creating the authority to any state, county, or municipal officer, entity, agency, or board for approval or disapproval. [1983 c 47 s 2.]

Severability—1983 c 47: See note following RCW 87.03.825.

RCW 87.03.831 Hydroelectric resources—Separate legal authority—Procedures for membership and for construction and acquisition of facilities. Cities, towns, and public utility districts not engaged in the generation, transmission, or distribution of electricity on April 19, 1983, may be members of a separate legal authority created under the provisions of RCW 87.03.828 without the necessity of obtaining prior approval of their voters. However, no such city, town, or public utility district member of such a separate legal authority may construct or acquire facilities for the generation, transmission, or distribution of electricity independently of the separate legal authority without complying with the election requirements applicable to each individual entity. [1983 c 47 s 4.]

Severability—1983 c 47: See note following RCW 87.03.825.

RCW 87.03.834 Hydroelectric resources—Separate legal authority—Voter ratification of actions. After demand made by a majority of the authority's members, the actions of an authority shall become subject to ratification and approval by the voters of its members in accordance with procedures agreed to by its members. Every contract

establishing an authority shall provide appropriate procedures for ratification and approval of actions taken by the authority by the voters of its members. [1983 c 47 s 5.]

Severability—1983 c 47: See note following RCW 87.03.825.

RCW 87.03.837 Hydroelectric resources—Separate legal authority—Repayment of indebtedness—Powers. A separate legal authority shall only have power to incur indebtedness that is repayable from rates, tolls, charges, or contract payments for services or electricity provided by the authority and to pledge such revenues for the payment and retirement of indebtedness issued for the construction or acquisition of hydroelectric facilities. An authority shall not have power to levy taxes or to impose assessments for the payment of obligations of the authority. Every bond or other evidence of indebtedness issued by an authority shall provide (1) that repayment shall be limited solely to the revenues of the authority, and (2) that no member of the authority shall be obligated to repay directly or indirectly any obligation of the authority except to the extent of fair value for services actually received from the authority. No member may pledge its revenues to support the issuance of revenue bonds or other indebtedness of an authority. This section shall not be construed to prohibit members of an authority from paying the necessary expenses of organizing and administering the authority and of studies performed, applications prepared, and consultants retained with regard to projects the authority is studying, developing, constructing, or operating. [1983 c 47 s 6.]

Severability—1983 c 47: See note following RCW 87.03.825.

RCW 87.03.840 Chapter supplementary—When. This chapter supplements and neither restricts nor limits any powers which a city, town, public utility district, or irrigation district might otherwise have under any laws of this state, except that no such authority created by RCW 87.03.828 and no city, town, or public utility district member of an authority may condemn for the benefit of the authority any plant, works, dam, facility, right, or property owned by any city, town, irrigation district, public utility district, or electrical company subject to the jurisdiction of the utilities and transportation commission. [1983 c 47 s 3.]

Severability—1983 c 47: See note following RCW 87.03.825.

RCW 87.03.845 Merger of minor irrigation district into major irrigation district—Proceedings to initiate—Notice—Hearing. This section and RCW 87.03.847 through 87.03.855 provide the procedures by which a minor irrigation district may be merged into a major irrigation district as authorized by RCW 87.03.530(2).

To institute proceedings for such a merger, the board of directors of the minor district shall adopt a resolution requesting the board of directors of the major district to consider the merger, or proceedings for such a merger may be instituted by a petition requesting the board of directors of the major district to consider

the merger, signed by ten owners of land within the minor district or five percent of the total number of landowners within the minor district, whichever is greater. However, if there are fewer than twenty owners of land within the minor irrigation district, the petition shall be signed by a majority of the landowners and filed with the board of directors of the major irrigation district.

For the purpose of determining the number of landowners required to initiate merger proceedings under this section, a husband and wife owning property as community property shall be considered a single landowner; two or more persons or entities holding title to property as tenants in common, joint tenants, tenants in partnership, or other form of joint ownership shall be considered a single landowner; and the petition requesting the merger shall be considered by the board of directors of the major irrigation district may be [if the petition is] signed by either the husband or wife and by any one of the co-owners of jointly owned property.

The board of directors of the major irrigation district shall consider the request at the next regularly scheduled meeting of the board of directors of the major district following its receipt of the minor district's request or at a special meeting called for the purpose of considering the request. If the board of the major district denies the request of the minor district, no further action on the request shall be taken.

If the board of the major district does not deny the request, it shall conduct a public hearing on the request and shall give notice regarding the hearing. The notice shall describe the proposed merger and shall be published once a week for two consecutive weeks preceding the date of the hearing and the last publication shall be not more than seven days before the date of the hearing. The notice shall contain a statement that unless the holders of title or evidence of title to at least twenty percent of the assessed lands within the major district file a protest opposing the merger with the board of the major district at or before the hearing, the board is free to approve the request for the merger without an election being conducted in the major district on the request. If the board of the major district is considering requests from more than one minor district, the hearing shall be conducted on all such requests. [2001 c 149 s 1; 1998 c 84 s 1; 1993 c 235 s 2.]

RCW 87.03.847 Merger of minor irrigation district into major irrigation district—Denial or adoption of request for merger—Notice—Elections—Notification of merger. (1) If, following the public hearing conducted under RCW 87.03.845, the board of directors of the major irrigation district denies the request for a merger, no further action shall be taken on the request. If, following the public hearing, the board adopts a resolution approving the merger, the merger is approved by the major irrigation district and no election shall be held in the major district to approve the merger. However, if the holders of title or evidence of title to at least twenty percent of the assessed lands within the major district file a protest opposing the merger with the board of the major district at or before the public hearing, the board shall call a special election and submit to the voters of the major district the question of whether the merger should or should not be approved. Votes shall be cast as "Merger - Yes" or "Merger - No." If such a special election must be conducted

and a majority of all votes cast in the district approve the merger, the merger is approved by the major district. Such an approval is effective on the date the returns of the election are canvassed under RCW 87.03.105.

(2) The board of directors of the minor irrigation district shall, within thirty days of the date the merger is approved by the major district or of the date the board of the major district issues its call for a special election on the merger, call a special election within the minor district and submit to the voters of the minor district the question of whether the merger should or should not be approved. If special elections must be conducted in both districts, both elections shall be conducted on the date set by the board of the major district. If only the minor district must conduct such a special election, the election shall be held not later than sixty days after the date the merger has been approved by the board of the major district. Votes on the question shall be cast as "Merger - Yes" or "Merger - No." If a majority of all votes cast in the district are cast for "Merger - Yes," the merger is approved by the minor irrigation district. Such an approval is effective on the date the returns of the election are canvassed under RCW 87.03.105.

(3) Notice of election in each district on the merger question shall conform to the requirements of notices for elections in the major district. Elections and voting in each district shall be consistent with RCW 87.03.045, 87.03.051, and 87.03.071. If the majority of all votes cast in a special election in either the major or a minor district are cast for "Merger - No," the merger is not approved.

(4) If the merger is approved by the major irrigation district and by the minor irrigation district as provided by this section, the minor irrigation district is merged into the major irrigation district. If two or more minor districts are merging with a major district in one process as authorized by RCW 87.03.855 and if the merger is approved by the major irrigation district and by at least one of the minor irrigation districts as provided by this section, each minor irrigation district so approving is merged into the major irrigation district. The effective date of the merger is the date by which approval of the merger has been secured in both districts or, under RCW 87.03.855, in the major and minor district or districts. The board or boards of county commissioners of the county or counties containing territory of the merged districts and the director of the department of ecology shall be notified that the districts have merged. [1993 c 235 s 3.]

RCW 87.03.849 Merger of minor irrigation district into major irrigation district—Board of directors—Transfer of property and assets. The members of the board of directors of the major irrigation district shall hold office as directors of the district formed by the merger until the end of their terms of office. If the major district is divided into director divisions, the board of the major district shall propose a plan for redividing the district into divisions that reflect the boundaries of the district created by the merger and this requirement regarding the directors of the major district. If the major district is considering a merger with more than one minor district, the board shall submit plans for the various possible mergers. The proposal or proposals shall be filed with the county

legislative authority before the merger is approved in the major district or the minor district or districts. Following the merger, the county legislative authority shall approve the plan submitted for the districts that actually merged.

On the effective date of the merger, the directors of the minor district shall transfer the property and other assets of the district as required in RCW 87.03.853. Following the transfer of the property and other assets, the minor irrigation district and the office of director of the minor district shall cease to exist.

The board of directors of the district formed by the merger shall have all the powers and obligations of the boards of the major and minor districts that were merged to form the district including, but not limited to, such boards' powers and obligations for any local improvement districts created in the minor or major district under this chapter. [1993 c 235 s 4.]

RCW 87.03.851 Merger of minor irrigation district into major irrigation district—Bonds or obligations not impaired—Enforcement of assessments and obligations—Establishment of local improvement district to carry out obligations. (1) The merger of irrigation districts shall not affect or impair any bonds or obligations of the merged districts and the holders of the bonds of any merged district shall be entitled to all remedies for their enforcement as if the district had not been merged. All obligations incurred by the district prior to its merger shall be a prior lien to any obligation that may be incurred against the district created by the merger. However, the board of directors of the merged district may, when authorized under RCW 87.03.200 and with the consent of the bondholders, exchange the bonds of the district created by the merger for the bonds of the districts that merged. If the major or minor district entered, prior to the merger, into a contract with the United States under this chapter and the board of directors of the district created by the merger proposes that the merged district enter into a contract with the United States, the board may do so when authorized under RCW 87.03.200 and may, with the consent of the United States, cancel any contract previously entered into between the major or minor district and the United States.

(2) The district created by the merger shall be entitled to all remedies for the enforcement of the irrigation district assessments and other obligations of lands to the districts that merged as if the districts had not merged. All obligations incurred for irrigation district or local improvement district purposes by the lands within the major or minor district prior to its merger shall be a prior lien to any obligation that may be incurred against those lands after the merger.

(3) Until premerger assessments have been collected and all of the premerger indebtedness of the major and minor districts that merged have been paid, separate funds shall be maintained for each district as were maintained in each prior to the merger. The board of directors of the irrigation district created by the merger may establish a local improvement district for each district included in the merger to carry out the obligations of each such district. This board shall have all the powers possessed by the boards of directors of the districts included in the merger to carry out all contracts of the included districts and to levy, assess, and cause to be collected

any and all assessments or charges against the lands of each of the included districts. A petition shall not be required for the formation of a local improvement district created for this purpose. [1993 c 235 s 5.]

RCW 87.03.853 Merger of minor irrigation district into major irrigation district—Statement of property and assets of minor district. Prior to or on the effective date of a merger of a minor irrigation district and a major irrigation district, the board of directors of the minor district shall cause to be prepared a statement of all property and other assets of the minor district. The statement shall be filed with the board of directors of the district created by the merger and on the effective date of the merger. The statement shall also be filed with the county auditor of the county containing the majority of the territory of the district after the merger. Upon the filing with the board, the property and other assets of the minor district shall, subject to the rights of the holders of bonds or other obligations of the minor district, become the property and other assets of the district created by the merger. [1993 c 235 s 6.]

RCW 87.03.855 Merger of minor irrigation district into major irrigation district—Merger of more than two districts. More than two irrigation districts may merge under RCW 87.03.530(2) and 87.03.845 through 87.03.853 in one merger process. However, only one of the districts may be a "major" irrigation district and the assessed acreage in all of the other districts merging in the process, when taken collectively, shall not constitute more than thirty percent of the combined assessed acreage of all of the merging districts. In such a case, each of these other, nonmajor districts is considered to be a "minor" irrigation district under RCW 87.03.530(2) and 87.03.845 through 87.03.853. [1993 c 235 s 7.]

RCW 87.03.857 Merger of minor irrigation district into major irrigation district—Existing water rights not impaired. Nothing in RCW 87.03.530(2) and 87.03.845 through 87.03.855 shall authorize the impairment or operate to impair any existing water rights. [1993 c 235 s 8.]

RCW 87.03.860 Assumption of substandard water system—Limited immunity from liability. An irrigation district assuming responsibility for a water system that is not in compliance with state or federal requirements for public drinking water systems, and its agents and employees, are immune from lawsuits or causes of action, based on noncompliance with state or federal requirements for public drinking water systems, which predate the date of assuming responsibility and continue after the date of assuming responsibility, provided that the irrigation district has submitted and is complying with a plan and schedule of improvements approved by the department of health. This immunity shall expire on the earlier of the date the plan of improvements is completed or four years from the date of assuming responsibility. This immunity does not apply to intentional injuries, fraud, or bad faith. [1994 c 292 s 11.]

Findings—Intent—1994 c 292: See note following RCW 57.04.050.

RCW 87.03.870 Mutual aid agreements for emergency interdistrict assistance—Authority—Liability. (1) Under the interlocal cooperation act, chapter 39.34 RCW, an irrigation district may enter into a mutual aid agreement with any other irrigation district to provide emergency interdistrict assistance to respond to a breach or other failure of an irrigation water conveyance system when the required response exceeds the existing resources available to the district requesting assistance. Assistance may be provided without compensation.

(2) Whenever the employees of an irrigation district are rendering outside aid pursuant to the authority contained in this section, the employees have the same powers, duties, rights, privileges, and immunities as if they were performing their duties in the irrigation district in which they are normally employed. Supervision of the employees may be temporarily delegated as provided by the mutual aid agreement.

(3) The irrigation district in which any equipment is used pursuant to this section is liable for any loss or damage caused to the equipment and shall pay any ordinary expense incurred in the daily operation and maintenance of the equipment. No claim for loss, damage, or expense may be allowed unless, within sixty days after the loss, damage, or expense is sustained or incurred, an itemized notice of the claim under oath is served by mail or otherwise upon the secretary of the irrigation district where the equipment was used. [1996 c 214 s 3.]

RCW 87.03.880 Tariff for irrigation pumping service—Authority to buy back electricity. The board may approve a tariff for irrigation pumping service that allows the irrigation district to buy back electricity from customers to reduce electricity usage by those customers during the irrigation district's particular irrigation season. [2001 c 122 s 6.]

Effective date—2001 c 122: See note following RCW 80.28.310.

RCW 87.03.900 Construction—1913 c 165. All irrigation districts in the state of Washington, and all proceedings had for the organization of any irrigation district, and all proceedings now pending in or relating to any irrigation district, shall be governed and controlled by the terms of this act, and this act shall not be construed as abridging or abrogating any of the rights or privileges of any irrigation district now organized, or being organized, and any contract, obligation, lien or charge, or bonds of any district, which may have been made, incurred, authorized or issued, prior to the taking effect of this act shall not be abridged or impaired by the terms of this act, but this act shall be construed as being a continuation of, and in aid of the previously existing laws relating to irrigation districts, except as to the sections specially repealed; and if in any instance relating to an existing district or any of its proceedings, the term of this amendatory act shall not be legally applicable, the district may proceed, and any contract, obligation, lien or charge against it may be enforced, under the terms and

provisions of the law relating to irrigation districts in force and in effect prior to the taking effect of this act. [1913 c 165 s 23.]

RCW 87.03.920 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. [2009 c 521 s 197.]
