

RCW 90.22.060 Instream flow evaluations—Statewide list of priorities—Salmon impact. By December 31, 1993, the department of ecology shall, in cooperation with the Indian tribes, and the department of fish and wildlife, establish a statewide list of priorities for evaluation of instream flows. In establishing these priorities, the department shall consider the achievement of wild salmonid production as its primary goal. [1998 c 245 § 172; 1993 sp.s. c 4 § 13.]
