WAC 478-355-040 Procedure for use. Procedures shall be established for securing telephone, written, or electronic quotations from contractors on the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder. Bids may be solicited from all appropriate contractors on the roster, or, alternatively, from at least five contractors who have indicated the capability of performing the kind of work being contracted. If the estimated cost of the work is from one hundred thousand dollars to two hundred thousand dollars, and bids are not solicited from all appropriate contractors, all appropriate contractors must be notified that bids are being solicited. Detailed plans and specifications are not required as part of the bid invitation.

WAC
479-05-240 Procedure to request increase in board funds.

WAC 479-05-240 Procedure to request increase in board funds. The amount of funds approved will be based upon the amount requested at design approval. This amount may be adjusted from the amount shown in the project application with adequate justification. Board fund increases are not approved at predesign and design phase.

Local agencies may request an increase in funds over the amount set forth in the design phase, at the construction phase, bid opening or contract completion of a project in accordance with the following procedures:

(1) At the construction phase all requests shall be reviewed by the director. The director shall report the find-

ings to the board for its review, consideration and final action. The board shall not grant a request for increase at this phase if:

(a) The requested increase is to pay for an expansion of the scope of the work that is beyond the work required to accomplish the intent of the project as approved at the design phase.

(b) The granting of the request will obligate funding beyond the level acceptable to the board or will in any way adversely affect authorized funds previously approved by the board.

(2) Request for increases at bid opening shall not exceed the amount set by board policy. Requests for increases at this phase will take priority over design and construction phase approvals. Such requests shall be reviewed by the director and will not be approved if:

(a) The requested increase is to pay for an expansion of the authorized scope of the work; or

(b) If the request is not substantiated and the director determines that the increased funds should have been anticipated by the local agency at the construction phase of the project.

(3) Requests for increases in funds submitted to the board at contract completion shall not exceed the amount set by board policy. Requests for increases at this phase will take priority over design and construction phase approvals. Such requests shall be reviewed by the director and will not be approved if:

(a) The requested increase is to pay for an expansion of the authorized scope of the work; or

(b) If the request is not substantiated and the director determines that the increased funds should have been anticipated by the local agency at the construction approval phase of the project.

(4) If the director or the board, as the case may be, does not approve the request of a local agency for an increase, the administering agency may:

(a) Proceed with the project, paying for any additional costs with local or other funds; or

(b) Withdraw the request for participation; or, if applicable

(c) Within the authorized amount, and subject to approval by the director, reduce the scope of the project while retaining a usable and functional improvement.
