**WAC 204-36-060 Procedure.** (1) If the patrol approves the application, the applicant will be issued a certificate of approval for the vehicle(s) which will be valid for thirty days, during which time the emergency equipment may be installed. After installation of the emergency equipment, the applicant must bring the vehicle to a district or detachment office of the Washington state patrol to be examined to determine if it is of an approved type. Unit, General Administration Building, P.O. Box 42600, Olympia, WA 98504-2600. Crimes referenced in this section are as defined in the criminal code as they exist at the time of the violation, as they now exist or may later be amended in the state of Washington. Out-of-state convictions for offenses will be classified according to the comparable offense definitions and sentences provided by Washington law.

(3) Each approved authorized emergency vehicle permit will be good for a period of one year. A renewal application must be filed with the patrol on forms prescribed by the patrol as outlined in WAC 204-36-030.

(a) A request to add drivers to a permit may be made, in writing to the patrol, at any time. If there is a request for new drivers to be added to the permit, the drivers will not be allowed to operate the vehicles as outlined in the permit until they have been approved to do so by the patrol. Any request to add or remove drivers from a permit must be made to the patrol in writing.

(b) A request to add vehicles to a permit may be made, in writing to the patrol, at any time. If there is a request for new vehicles to be added to the permit, a certificate of approval for the vehicles will be issued granting a thirty-day period within which the equipment must be installed and inspected by the patrol. Once the inspection paperwork is received by the patrol it will be reviewed, and if approved, the patrol will issue a vehicle permit which must be carried in the vehicle at all times.

(i) No additional equipment other than the equipment outlined on the permit is authorized for use under the permit.

(ii) If additional equipment other than that approved under the vehicle permit must be installed, a new certificate of equipment must be filled out for the vehicle and the patrol must inspect and approve such equipment issuing a new vehicle permit prior to its use under the authorized emergency vehicle permit.

Notice will be furnished to the applicant at least twenty days prior to the effective date of such suspension or revocation. The notice will describe the grounds for the order and will furnish the applicant an opportunity to be heard within the twenty-day period. The notice may provide for immediate suspension of the permit prior to any hearing, or the patrol may suspend the permit following the hearing but prior to final determination, if it is necessary to do so in the interests of the public health, safety or welfare.

(2) The chief law enforcement officer, or fire chief if the vehicle is to be used for firefighting purposes, of each primary jurisdiction in which the vehicle is operated as an authorized emergency vehicle may revoke his certification of the vehicle by notifying the patrol in writing of such revocation and his reasons therefore. Following notice to the applicant and an opportunity to be heard, the permit may be invalidated by the patrol.

(3) Mailing by certified mail of any notice or correspondence by the patrol to the last address of the applicant shown on his application will be sufficient service of notice as required by this chapter.
