WAC 232-28-266 Damage prevention permit hunts.

DAMAGE PREVENTION PERMIT HUNTS

(1) Pursuant to RCW 77.12.150 and 77.12.260, a landowner with deer, elk, or turkey-caused property damage may enter into a Cooperative Agreement (contract) with WDFW, and thereby receive a damage prevention permit. The landowner agrees not to claim damage payments, except for Elk Areas 3721 and 3722, and will allow access to hunters during the general hunting seasons. Landowner selects hunters. (2) Landowners who violate this section will be punished under RCW 77.15.750(1). Hunters who violate this section will be punished under RCW 77.15.400 or 77.15.410, depending on the species hunted.

WAC 232-28-285 2010-2011 Pilot cougar hunting seasons with the aid of dogs. As used in this section and in the context of pilot cougar hunting seasons, the following definitions apply:

"Accompany" means that up to three persons may engage in hunting activities with a permittee under a single permit during this season. However, these persons may participate only as dog handlers for the permittee, and the permittee and dog handlers must be simultaneously in the field and within the same open designated permit area during the permit hunt. Furthermore, the dog handlers and the permittee must be in the physical presence of each other at the time dogs are released from a leash or unrestrained or starting a cougar track.

"Pursue" or "pursuit" means dogs are:

- Not on a leash or restrained; or
- Starting a cougar track; or
- In the act of tracking a cougar; or
- At a treed cougar.

Transporting dogs in a motorized vehicle or walking a dog on a leash is not a "pursuit" within the meaning of this section.

"Dog handler" means a person who owns or hunts with dogs that are capable of detecting, tracking and treeing a cougar. Only up to three dog handlers may "accompany" a permittee in participating in this pilot season.

"Permittee" means a hunter who has applied for and been selected for this pilot season and is issued a permit to hunt as allowed by this season. Only permittees may kill cougar. Dog handlers may not.

"Quota" means the targeted harvest goal. The actual harvest level may exceed the quota.

"Kill permit" allows a permittee to pursue or kill cougar.

"Pursuit permit" allows a permittee to pursue cougar.

(1) The pilot cougar-hunting season will allow the use of dogs to hunt cougar. The hunts will consist of pursuit-or-kill seasons and pursuit-only seasons.

(2) Pursuit-or-kill seasons:

Cougar may be pursued or killed from December 1, 2010, until the female zone quota has been killed, the total zone quota has been killed, or March 31, 2011, whichever occurs first; EXCEPT that in GMUs 101, 105, and 204, cougar may be pursued or killed from January 1, 2011, until the female zone quota has been killed, the total zone quota has been killed, or March 31, 2011, whichever occurs first.

(3) Pursuit-only seasons:

(a) If a zone quota is killed prior to March 31, 2011, cougar may be pursued with dogs in all or portions of that zone until March 31, 2011. Permittees and their dog handlers may only pursue cougars in designated pursuit-only areas identified on their kill or pursuit-only permit. Permittees may not kill cougar during pursuit-only seasons.

(b) Hunters selected for the pursuit-or-kill season (accompanied by up to three of their identified dog handlers) may participate in a pursuit-only season. Permittees who harvest a cougar under a kill permit may continue to pursue cougars until March 31. If a zone quota is killed, the department

may also issue pursuit-only permits to hunters drawn at random from the unselected pool of applicants. The director will identify the number of pursuit-only hunters selected.

(4) Hunt areas and kill quotas:

Cougar seasons will be based on a quota system, where permittees may hunt and kill cougar until the allotted numbers of cougar have been killed from each hunt zone or March 31, 2011, whichever occurs first.

(a) Kill quotas start September 1 and will include all cougar killed during seasons with and without the aid of dogs,

including cougar seasons under this section, cougar seasons without the aid of dogs authorized under WAC 232-28-272 and 232-28-287, depredation permits, landowner kill permits, and WDFW depredation authority.

(b) Individual problem cougar will continue to be killed on an as-needed basis utilizing depredation permits, landowner kill permits, and WDFW depredation authority even if these kills result in exceeding a zone quota.

(5) Quota hotline:

Permittees participating in a pursuit-or-kill season must call the toll free cougar quota hotline within twenty-four hours prior to each day hunting cougar to determine if the zone quota has been killed and the zone is closed. Hunters who hunt more than one consecutive day must call the quota hotline once daily to determine if the zone quota is killed. Hunters who harvest a cougar must notify the department within twenty-four hours of the kill (excluding legal state holidays) and provide the hunter's name, date and location of kill, and sex of animal. The raw pelt of a cougar, with proof of sex naturally attached, must be sealed by an authorized department employee within five days of the notification of kill. Any person who takes a cougar must present the cougar skull to an authorized department employee in such a manner that teeth and biological samples can be extracted at the time of sealing.

(6) Kill or pursuit-only permit eligibility:

(a) To apply for a kill or pursuit-only permit under this section, individuals must purchase a cougar permit application and submit the application in compliance with WAC 232-28-291 by a date and time identified by the director.

(b) To be eligible for a permit, the participant must be a Washington resident who at the time of application for a permit possesses a valid big game license with cougar as a species option. The permit holder may use dogs while participating in a cougar hunt under this section.

(c) A permit will not be issued to any person who has been convicted of unlawful use of dogs under RCW 77.15.245 within the five-year period prior to December 1, 2004. Any person issued a permit and who is subsequently convicted of any wildlife offense while participating in a pursuit-or-kill or pursuit-only season, or who violates any condition of the permit, will have the permit revoked and will be ineligible to participate in the remainder of the pilot program.

(7) Permit issuance procedure:

(a) The number of kill permits may be established by the director, but will not exceed three times the total cougar quota for each hunt zone.

(b) The department will issue kill or pursuit-only permits to the persons whose applications are drawn at random. Individuals selected will be notified by telephone or mail. Kill and pursuit-only permits may not be sold or reassigned.

(c) If a female zone quota or total zone quota is not killed in a hunt zone by February 15 (or sooner as identified by the director), then the department may issue kill permits to additional hunters. Hunters will be drawn at random from the unselected pool of applicants and must be a resident of one of the participating counties.

(8) Qualifications for participation and requirements:

In addition to the provisions applicable to all cougar hunters:

(a) Successful applicants must complete a training program prior to participating in a pursuit-or-kill season or pursuit-only season with the aid of dogs.

(b) Permittees must have their department-issued permit in their possession while hunting cougar.

(c) Individuals selected for a kill permit may kill and possess one cougar per permit, and only the permittee may kill the cougar.

(d) Individuals selected for a permit, who use dogs to kill or pursue a cougar, may use dog handlers. However, no more than three handlers may accompany the permittee while hunting or pursuing cougar. Dog handlers may not pursue cougar when the permit hunter is not present at the time the dogs are released from a leash or unrestrained. Dog handlers must have a dog handler identification card, issued by the department, in their possession while participating in a pursuit-or-kill season or pursuit-only season.

(e) Dog handlers must possess a valid Washington hunting license.

(f) It is unlawful to kill or possess spotted cougar kittens or adult cougars accompanied by spotted kittens.

(g) Participants must have a vehicle placard issued by the department. The vehicle placard must be placed in the permittee's and dog handlers' vehicles and be visible from outside the vehicles at all times while hunting or pursuing cougar.

(h) Kill and pursuit-only permittees are required to report their hunting activity, whether they harvest a cougar or not, using the toll free cougar quota hotline. Unsuccessful hunters must report their hunting activity by April 10.

(9) Penalties: A violation of reporting requirements under subsections (5) and (8)(h) of this section; the training requirement under subsection (8)(a) of this section; the permit-possession requirement under subsection (8)(b) of this section; and the vehicle placard requirement in subsection (8)(g) of this section, may be punished under RCW 77.15.750. A violation of the sealing or inspection requirements under subsection (5) of this section may be punished under RCW 77.15.280. A violation of any other provisions of this section may be punished under RCW 77.15.410.

(10) The permit belongs to the state of Washington. The permittee may be required to return to or turn over to the department the permit when, in the judgment of the department, the permittee violates any conditions of the permit, violates trespass laws while acting under this permit, or violates any other criminal law or hunting regulation of the state while

acting under this permit. If the permittee is required to return to or turn over to the department the permit, he or she may request an appeal of that action in accordance with chapter 34.05 RCW. Appeal requests shall be filed in writing and returned within twenty days of relinquishing the permit, and the requests shall be addressed to WDFW Legal Services Office, 600 Capitol Way North, Olympia, Washington 98501-1091.

WAC 232-28-291 Special hunting season permits.

The commission may establish special hunting seasons and may set the conditions for each category and hunt.

1. Deer, elk, cougar, or black bear special hunting season permit applications:

A. To apply for special hunting season permits for all categories of deer, elk, cougar, or black bear, applicants must have a valid Washington big game hunting license and a valid transport tag for the appropriate species. To apply for a particular hunt, each applicant for deer or elk must have the proper transport tag as identified in the special deer or elk permit regulations.

B. Multiple season deer and elk permit applications may be purchased without additional licenses or tags. Persons who are successfully drawn must purchase a multiple season permit for deer or elk and may also apply for archery, muzzle-loader, or modern firearm special hunting season permits for the species drawn.

2. Mountain goat, moose, and bighorn sheep special hunting season permit applications:

A. Persons who have previously harvested a mountain goat, bighorn sheep ram, or bull moose in Washington are ineligible for a special hunting season permit for that category. This lifetime harvest restriction does not apply to individuals who harvested a mountain goat before 1999, raffle or auction hunt authorizations, ewe-only bighorn sheep hunts, or antlerless-only moose hunts.

B. Successful applicants under this section must purchase the appropriate hunting license by the deadline established by the department (a minimum of 15 days). Failure to purchase forfeits the permit to an alternate applicant.

3. Wild turkey special hunting season permit applications

A. To apply for wild turkey special hunting season permits, each applicant must have a valid small game hunting license.

B. Fall wild turkey special hunting season permit holders must have a valid turkey transport tag in possession to hunt turkeys in fall special hunting seasons.

4. Special hunting season permit applications:

A. Maximum group sizes are determined for each category. If a group application is drawn, all hunters in the group will receive a special hunting season permit and each hunter in the group can take an animal. If the number of permits available in a hunt category is less than the maximum group size, then the maximum group size is equal to the number of permits.

i. Maximum group size for deer categories is 8.

ii. Maximum group size for elk categories is 8.

iii. Maximum group size for bear categories is 2.

iv. Maximum group size for cougar categories is 2.

v. Maximum group size for mountain goat categories is

2.

vi. Maximum group size for bighorn sheep categories is

2.

vii. Maximum group size for fall turkey categories is 4.

viii. Maximum group size for moose categories is 2.

ix. Maximum group size for multiple season deer is 2.

x. Maximum group size for multiple season elk is 2.

B. An applicant may purchase only one application for a special hunting season permit for each category.

C. Permit applications will allow four choices for all categories except the quality category for deer and elk will allow two choices.

D. Permits will be drawn by computer selection using a weighted point selection system.

i. Applicants will receive one point for each application category purchased.

ii. Once drawn for a permit, the applicant's points will be reduced to zero in that category.

iii. An applicant's accumulated point totals, immediately prior to sales of the 2010 permit applications, will be replicated across all categories for that species. The point replication will only occur in 2010, during the transition from single species categories to multiple categories of the same species. Applicants for any new category added in the future will begin with the point awarded at the time of the initial application purchase.

E. Incomplete, ineligible, or inaccurate applications will not be accepted or entered into the drawing.

F. Permits will be voided if the applicant is found to be ineligible or to have provided an application based on inaccurate information.

G. The purchase of an application will result in one accrued point for the category purchased.

H. Elk Tag Areas: Elk hunters must choose either Eastern or Western Washington to hunt in and buy the appropriate tag for that area.

Any Bull Elk Seasons: Open only to the taking of elk with visible antlers (bull calves are illegal).

Antler Point: To qualify as an antler point, the point must be at least one inch long measured on the longest side.
