**WAC 208-512-020 Characterization of "federal fund transactions."** When a bank purchases funds for reserve purposes or sells excess funds to another bank so that such bank may meet its reserve requirements, these transactions between banks have been commonly referred to as "overnight borrowings," "overnight security transactions," or "federal fund transactions." "Federal fund transactions" would normally occur when member banks purchase funds for reserve purposes through the Federal Reserve System or when such banks sell excess funds through the Federal Reserve System to another member bank so that such bank may meet its reserve requirements. However, for the purpose of uniformity, all future transactions of this sort, whether through the Federal Reserve System or between banks, may be referred to as "federal fund transactions."

This type of transaction takes the form of a transfer of funds from the seller to the buyer. Payment is usually made by the purchasing bank the following day in the amount of the funds purchased and for a specified fee.

Such a transaction does not create, on the part of the buyer, an obligation subject to RCW 30.04.140 but is considered a purchase of such funds.

Conversely, such a transaction does not create a loan or investment subject to RCW 30.04.110 on the part of the seller, but is to be considered a sale of such funds.

**WAC 208-512-030 Definitions and characterization of time deposits.** The term "time deposits" means "time certificates of deposit" and, "time deposits, open account," as defined below.

(1) **Time certificates of deposit.** The term "time certificate of deposit" means a deposit evidenced by a negotiable or nonnegotiable instrument which provides on its face that the amount of such deposit is payable:

(a) On a certain date, specified in the instrument, not less than thirty days after the date of the deposit; or

(b) At the expiration of a specified period not less than thirty days after the date of the instrument; or

(c) Upon written notice to be given not less than thirty days before the date of repayment.

(2) **Time deposits, open account.** The term "time deposit, open account," means a deposit, other than a "time certificate of deposit," with respect to which there is in force a written contract with the depositor that neither the whole nor any part of such deposit may be withdrawn, by check or otherwise, prior to the date of maturity, which shall be not less than thirty days after the date of the deposit, or prior to the expiration of the period of notice which must be given by the depositor in writing not less than thirty days in advance of withdrawals.

A time deposit is a deposit and therefore not subject to individual bank and trust company lending limits, as prescribed by RCW 30.04.110. However, before a bank or trust company may deposit its funds with another bank in the form of a time deposit, the depository bank must first be appointed a depository by a vote of a majority of the directors of the depositing bank and approved as a depository by the director of the department of financial institutions.

If a bank acquires a time deposit with a bank that has not been approved as a depository by the director of the department of financial institutions, such transaction shall be considered to be an investment and subject to the bank's lending limitation.

They exclude investments which are predominately speculative but shall include:

(1) Type I securities which a bank may deal in, purchase, and sell for its own account without limitation. These securities include:

(b) Obligations issued, insured, or guaranteed by a department or agency of the United States, including obligations of such departments or agencies representing an interest in a loan or pool of loans;

(c) General obligations of a state or political subdivision including but not limited to obligations of a county, city, town, municipal corporation, or any publicly owned entity that is an instrumentality of a state or municipal corporation;

**WAC 208-512-115 Investment securities—Proper management.** (1) A bank may purchase a Type I security for its own account, provided it is permissible under the provisions of Title 30 RCW and this regulation, if through prudent banking judgment it determines there is adequate evidence that the obligor will be able to perform all necessary undertakings in connection with the security, including all debt service requirements.

(2)(a) A bank may purchase a Type II or III security for its own account when through prudent banking judgment (which may be based in part upon estimates which it believes to be reliable), it determines that there is adequate evidence that the obligor will be able to perform all that it undertakes to perform in connection with the security, including all debt service requirements, and that the security is marketable so that it can be sold with relative promptness at a fair market value.

(b) A bank may, subject to the limitations set forth in (c) of this subsection, purchase a security of Type II or III for its own account although its judgment with respect to the obligor's ability to perform is based predominantly upon estimates it believes to be reliable. This subsection permits a bank to exercise a somewhat broader range of judgment with respect to a more restricted portion of its investment portfolio.

(c) If a bank holds at any time Type II or III securities which would not be eligible for purchase pursuant to (a) of this subsection in a total amount in excess of five percent of the bank's capital and surplus, they are to be charged down to market value or a specific reserve is to be established within ninety days.

(3) Each bank shall maintain in its files credit information adequate to demonstrate that it has exercised prudence in making the determinations and carrying out the transactions involving underwriting, dealing in, and purchase and sale of investment securities. This information shall be retained:

(a) When securities are purchased for the bank's own portfolio, as long as the security remains in the portfolio;

(b) When securities are underwritten by the bank, for the maturity or the life of the security; and

(c) With regard to dealer activities, for periods set forth in the relevant rules of the municipal securities rule-making board.

(4) When a bank purchases an investment security convertible into stock or with stock purchase warrants attached, entries must be made by the bank at the time of purchase to write down the cost of such security to an amount which represents the investment value of the security considered independently of the conversion feature or attached stock purchase warrants. Purchase of securities convertible into stock at the option of the issuer is prohibited.

(5) When an investment security is purchased at a price exceeding par or face value, the bank shall:

(a) Charge off the entire premium at the time of purchase; or

(b) Provide for a program to amortize the premium paid or that portion of premium remaining after the write-down subject to subsection (2) of this section so that such premium or portion thereof shall be entirely extinguished at or before the maturity of the security.

(6) Each bank shall take measures to insure the cumulative investment holdings do not exceed the limitations for a specific investment set forth in Title 30 RCW.

(7) The board of directors, a committee thereof, or a duly appointed committee of senior level management shall review at least quarterly the bank's investment portfolio to insure compliance with the provisions contained in WAC 208-512-110 through 208-512-116.

(8) The restrictions and limitations set forth in this section do not apply to securities acquired through foreclosure on collateral, or acquired in good faith by way of compromise of a doubtful claim or to avoid a loss in connection with a debt previously contracted.

(1) The investment company must be registered with Securities and Exchange Commission under the Investment Company Act of 1940 and the Securities Act of 1933 or be a privately offered fund sponsored by an affiliated commercial bank.

(2) The shareholder has a fair and equal proportionate undivided interest in the underlying assets of the investment company calculated pursuant to the Investment Company Act of 1940.

(3) When an investment company's assets consist solely of and are expressly limited to obligations that are eligible for unlimited investment (Type I) as described in WAC 208-512-100, there is no limit on the bank's investment. However, where the investment companies portfolio contains, or is permitted to contain, securities subject to the bank's investment or lending limitations, investment by the bank shall be subject to a twenty percent of capital and surplus limitation.

(4) The shareholders are protected against personal liability for acts or obligations of the investment company.

(5) The bank's investment policy, as formally approved by its board of directors, specifically provides for such investments; prior approval of the board of directors is obtained for initial investments in specific investment companies and recorded in the official board minutes; and procedures, standards, and controls for managing such investments are implemented prior to acquirement of these investments.

(6) If the investment company makes use of futures, forwards, options, repurchase agreements and securities lending arrangements, their use must be consistent with standards adopted for use of such instruments in the bank's portfolio.

(7) Regulatory reporting of holdings in investment companies is consistent with established standards for "marketable equity securities."

#### **WAC 208-512-150 Assessing the record of performance.**

In connection with its examination of a bank, the division shall assess the record of performance of the bank in helping to meet the credit needs of its entire community, including low-income and moderate-income neighborhoods, consistent with safe and sound operation of the bank. The division will review the bank's Community Reinvestment Act statement(s) and any other written and signed reports, documents, or comments prepared or filed by the bank with the division, or one or more federal bank regulatory agencies, and will use this material as part of or in lieu of an investigation as set forth by RCW 30.60.010. The foregoing material, together with such additional information as may be deemed necessary and obtained by investigation performed by the division, will be considered in assessing the bank's record of performance, based upon the following factors:

(1) Activities conducted by the institution to ascertain credit needs of its community, including the extent of the institution's efforts to communicate with members of its community regarding the credit services being provided by the institution;

(2) The extent of the institution's marketing and special credit related programs to make members of the community aware of the credit services offered by the institution;

(3) The extent of participation by the institution's board of directors in formulating the institution's policies and reviewing its performance with respect to the purposes of the Community Reinvestment Act of 1977;

(4) Any practices intended to discourage applications for types of credit set forth in the institution's Community Reinvestment Act statement(s);

(5) The geographic distribution of the institution's credit extensions, credit applications and credit denials;

(6) Evidence of prohibited discriminatory or other illegal credit practices;

(7) The institution's record of opening and closing offices and providing services at offices;

(8) The institution's participation, including investments, in local community development projects;

(9) The institution's origination of residential mortgage loans, housing rehabilitation loans, home improvement loans, and small business or small farm loans within its community, or the purchase of such loans originated in its community;

(10) The institution's participation in governmentally insured, guaranteed, or subsidized loan programs for housing, small businesses, or small farms;

(11) The institution's ability to meet various community credit needs based on its financial condition, size, legal impediments, local economic condition, and other factors;

(12) Other factors that, in the judgment of the director, reasonably bear upon the extent to which an institution is helping to meet the credit needs of its entire community.

**WAC 208-512-160 Rating assignment.** (1) Based upon the foregoing investigation and assessment, the director shall annually assign to the bank a numerical community reinvestment rating based on a one through five scoring system in accordance with RCW 30.60.010. Such numerical scores shall represent performance assessments as follows:

- |                               |   |
|-------------------------------|---|
| (a) Excellent performance:    | 1 |

| (c) Satisfactory performance: | 3 |
| (d) Inadequate performance:   | 4 |
| (e) Poor performance:         | 5 |

(2) For each calendar year commencing after December 31, 1986, the most recent community reinvestment rating assigned to the bank by the director shall be used as a basis for limiting the funds invested in real property and improvements thereof pursuant to RCW 30.04.212. These investments shall be limited to a percentage of capital, surplus, and undivided profits, as follows:

- |  |                |
|--|----------------|
| (a) Excellent performance-rating (1):    | 10% limitation |
| (b) Good performance-rating (2):         | 8% limitation  |
| (c) Satisfactory performance-rating (3): | 6% limitation  |
| (d) Inadequate performance-rating (4):   | 3% limitation  |
| (e) Poor performance-rating (5):         | no investment  |

**WAC 208-512-170 Rating for period January 1, 1986 through December 31, 1986.** For the period January 1, 1986 through December 31, 1986, the rating assigned to all state chartered banks shall be a "1"; provided, however, that if a bank has been assigned a CRA rating of 3 or less in the most recent compliance report prepared by the FDIC or the Federal Reserve, the division deems the ten percent limitation for this period to be excessive, and an unsafe and unsound banking practice, and the bank shall be allowed to invest only the amount which would be allowable pursuant to RCW 30.04.-212 if the rating of the most recent compliance report of the FDIC or Federal Reserve were assigned to the bank for the period January 1, 1986 through December 31, 1986.

(2) A qualifying community investment made by an entity that wholly owns a bank, is wholly owned by a bank, or is wholly owned by an entity that wholly owns the bank, shall be deemed to have been made by a bank to satisfy the requirements of subsection (1) of this section.

- (1) For a new branch or satellite facility;

- (2) For a purchase of assets;

**WAC 208-512-400 Purpose of these rules.** These rules are designed to help Washington state-chartered banks (Title 30 RCW), savings banks (Title 32 RCW) and savings associations (Title 33 RCW) establish, reiterate, integrate and maintain their own policies and procedures regarding subprime and nontraditional mortgage lending guidance. These policies and procedures are required by a new state law, chapter 108, Laws of 2008 (chapter 19.144 RCW).

[Statutory Authority: RCW 19.144.040 [19.144.030]. WSR 08-22-070, § 208-512-400, filed 11/4/08, effective 12/5/08.]

**WAC 208-512-410 What is the "guidance"?** Because of concerns about problems with subprime mortgage lending, the federal government issued the *Interagency Guidance on Nontraditional Mortgage Product Risks* and a *Statement on Subprime Mortgage Lending* (collectively, "the guidance"). In 2007, the governor convened the Washington state task force for homeowner security. The task force recommended including the federal guidance in state legislation. The 2008 Washington state legislature enacted SHB 2770, requiring the department of financial institutions to apply the two guidance documents to financial institutions in Washington. Starting in 2008, credit unions, banks, savings banks, savings associations, mortgage brokers and other Washington state consumer loan companies (collectively, "financial institutions") must have policies and procedures that use the guidance.

[Statutory Authority: RCW 19.144.040 [19.144.030]. WSR 08-22-070, § 208-512-410, filed 11/4/08, effective 12/5/08.]

**WAC 208-512-420 What does the guidance require of banks, savings banks and savings associations?** The stated intent of the guidance is to help borrowers to better understand adjustable rate mortgage (ARM) risks. The guidance requires financial institutions to have policies and procedures that focus on the various risks of subprime/nontraditional mortgage lending. The guidance requires financial institutions to be aware of portfolio and risk management practices, to use appropriate underwriting standards and to abide by consumer protection principles. Financial institu-

tions also need to maintain strong internal control systems. Many of the recommendations in the guidance are good business practices and may already be followed by financial institutions.

Not all of the elements of the guidance may be applicable to all banks, savings banks and savings associations, or to all other financial institutions. Banks, savings banks and savings associations must determine which elements are relevant to their operations, and incorporate only those subjects into their policies and procedures.

[Statutory Authority: RCW 19.144.040 [19.144.030]. WSR 08-22-070, § 208-512-420, filed 11/4/08, effective 12/5/08.]

**WAC 208-512-430 Is there a list of subjects that banks, savings banks and savings associations must include in their policies and procedures?** Yes, the guidance requires all financial institutions, including banks, savings banks and savings associations, to focus on the following subjects and apply the relevant ones to their existing policies and procedures:

- Help borrowers understand ARM risks, including:
  - Low initial payment;
  - High or unlimited reset rate caps;
  - Low or no documentation loans;
  - Problems of frequent refinancing;
  - Risk layering;
  - Simultaneous second lien loans;
  - Prepayment penalties;
  - FDIC prohibited practices (banks, savings banks and savings associations);
  - OTS prohibited practices (savings associations).
- Understand portfolio and risk management practices, including:
  - Relationship between subprime lending and predatory lending;
  - Risks of loans based on foreclosed or liquidation value;
  - Problem of loan "flipping";
  - Fraud detection;
  - Use of qualifying standards;
  - Maintenance of appropriate capital levels;
  - Use of appropriate allowance for loan and lease loss levels;
    - Risks of stated income loans;
- Underwriting standards.
- Workout arrangements.
- Consumer protection principles, including:
  - Use of a summary disclosure form;
  - Avoidance of steering borrowers to inappropriate products;
    - Explanation of payment shock risk;
    - Explanation of prepayment penalty;
    - Explanation of balloon payment;
    - Explanation of costs of low documentation or stated income loans;
    - Compliance with the Truth in Lending Act and other federal requirements;
    - Importance of good consumer communications in promotional materials and product descriptions;
    - Explanation of borrower responsibility for taxes and insurance.

• Development and maintenance of strong internal controls, including:

- Management of deals with third-party originators;
- Management of secondary market risk;
- Effective management information and reporting;
- Use of stress testing and performance measures;
- Actual practices consistent with policies.

If you do not have internet access, you may contact the department of financial institutions, division of banks (division of banks) for a copy of the documents.

Read these documents to ensure proper application of the law to your institution and to comply with the required integration of the guidance into your policies and procedures. If your institution needs help incorporating the guidance or reconciling it to your policies and procedures, contact your legal counsel.

**WAC 208-512-450 Why do I need to read the federal guidance documents?** The federal guidance consists of two lengthy documents that are very detailed. Because they are required by state statutory law, they apply in their entirety. Division of banks cannot merely summarize them or give you a checklist. You must read the documents in order to apply them to your particular institution by means of integrating the guidance into your own policies and procedures.

**WAC 208-512-460 What will the division of banks do about compliance with guidance policies and procedures?**

Every state-chartered bank, savings banks and savings association is different. There is no "one-size-fits-all" guidance available. Division of banks will not issue model guidance, because the process of self-analysis that your institution needs to do, in order to develop its own guidance policies and procedures, is beneficial. The division of banks does not provide technical legal advice. Also, the guidance is complex and will result in variations in wording or applicability of guidance policies and procedures among institutions, depending upon the size and complexity of a particular institution, the overall characteristics of its mortgage lending market base, and the specific types of mortgage lending it does, if any.

For supervision purposes, the division of banks will:

(1) Verify that an institution has integrated the guidance into its policies and procedures, as part of its risk-focused examination. Division of banks will not mandate the length

or exact wording used in the guidance policies and procedures.

(2) Review the guidance policies and procedures with the institution, if a consumer complaint indicates a problem or issue regarding subprime and nontraditional mortgage lending practices.

(3) Verify that an institution is following its policies and procedures.

The division of banks expects prompt compliance by banks, savings banks and savings associations with the requirements of this rule.

The law provides the division of banks with examination, enforcement and investigation authority to take appropriate action against banks, savings banks and savings associations that are in noncompliance with the guidance policies and procedures requirement.
