(i) The information on the buoy must be permanent, visible, and legible.

(ii) Only one person's name and address may appear on a marker buoy.

(b) All buoys must consist of durable material. It is unlawful to use bleach, antifreeze or detergent bottles, paint cans, or any other container as a buoy.

(c) Buoys must remain visible on the surface at all times, except during extreme tidal conditions.

(d) The line attaching a buoy to shellfish gear must be weighted sufficiently to prevent the line from floating on the water's surface.

(2) It is unlawful to fish for or possess shellfish taken for personal use with shellfish pot gear unless the gear allows for escapement using at least one of the following methods:

(a) Attachment of pot lid hooks or tiedown straps with a single strand or loop of untreated, 100 percent cotton twine no larger than thread size 120 so that the pot lid will open freely if the twine or fiber is broken.

(b) An opening in the pot mesh no less than three inches by five inches which is laced or sewn closed with untreated, 100 percent cotton twine no larger than thread size 120. The opening must be located within the top half of the pot and be unimpeded by the entry tunnels, bait boxes, or any other structures or materials.

(c) Attachment of pot lid or one pot side serving as a pot lid with no more than 3 single loops of untreated 100 percent cotton or other natural fiber twine no larger than thread size 120 so that the pot lid or side will open freely if the twine or fiber is broken.

(3) It is unlawful to set shellfish pots in a manner that they are not covered by water at all times.

(4) Use of gear in violation of this section is an infraction, punishable under RCW 77.15.160, except failure to use untreated cotton twine as provided for in subsection (2) of this section is a misdemeanor punishable under RCW 77.15.-380 Unlawful recreational fishing in the second degree—Penalty.
