

WAC 16-301-410 Additional requirements for planting bean seed originating in quarantine Area I; areas west of the continental divide.

(1) Bean seed from quarantine Area I must not be shipped, transported, or moved into the regulated area for planting unless the beans are accompanied by an official certificate showing that the beans are apparently free from the regulated diseases. Such certification shall be on the basis of at least one growing season field inspection and one windrow inspection and an approved laboratory/greenhouse test, which may include ELISA or other diagnostic screening for bacterial or fungal diseases.

(2) Bean seed planted for seed increase or with intention of seed increase must be planted in fields entered into either the Washington state bean seed phyto-sanitary certificate inspection program or the Washington state seed certification inspection program as provided in WAC 16-302-045 and 16-301-235.
