

WAC 246-272B-02200 LOSS greater than 14,500 gpd—Operating permit application. (1) To apply for an operating permit, the owner of a LOSS with a design flow greater than 14,500 gpd shall complete and submit an operating permit application on a form provided by the department; the operating permit fee established in chapter 246-272 WAC, Wastewater and reclaimed water use fees; and all other unpaid fees.

(2) After reviewing all submitted information, the department shall provide a written notice of determination to the owner.

(a) If the department determines that the application meets the requirements of this chapter, the notice of determination must include the draft operating permit and instructions to provide public notice that meets the requirements of WAC 246-272B-02250.

(b) If the department determines that the application does not meet the requirements of this chapter, the notice of determination must include an invoice for all unpaid fees and the reasons for the decision, and the department shall discontinue review of the project.

(3) If the owner disagrees with the department draft operating permit, the owner may submit comments to the department, within thirty days of receipt.

(4) The department shall consider comments submitted by the owner and may modify the draft operating permit before the owner provides public notice.
