

**(Effective until March 8, 2021)**

**WAC 468-305-105 What can I do to arrange for toll payment before I use a toll facility?** (1) Prior to using a toll facility, you can open a toll account either online, in person at a customer service center or over the phone.

(2) When you set up your account or anytime while the account is still open you can select from the following types of accounts:

(a) *Good To Go!*<sup>™</sup> Pass account - One or more *Good To Go!*<sup>™</sup> Passes can be connected to a toll account. When a pass is detected by sensors on a toll facility and there are sufficient funds in your account to cover the toll, the account will be debited. This type of account can be used on all toll facilities, is quick, simple and offers you the lowest rate.

(b) Pay By Plate account - One or more license plates can be connected to a toll account. When those plates are photographed using a toll facility and there are sufficient funds in your account to cover the toll, the account will be debited. There may be facilities where you cannot use this type of account. Charges associated with this type of account are lower than Pay By Mail charges but more than *Good To Go!*<sup>™</sup> Pass account charges.

(c) Short Term Account - If you plan on using a toll facility a limited number of times, within a twenty-day time period, or up to seventy-two hours after use, you can set up a Short Term Account. Short Term Accounts only last twenty days and funds cannot be added after the initial amount is used. Short Term Accounts require you to identify the license plate(s) that you want tied to the account.

(3) All pass and Pay By Plate accounts can be set up to be replenished automatically or manually. The account will remain in place unless closed by the account holder or by WSDOT for lack of sufficient funds or lack of activity. Accounts set up online must be registered for automatic replenishment.

(4) A vehicle can only be connected to one account at any one time.
