WAC 174-116-230 Liability of college. The college assumes no liability for motor vehicles or their contents when such motor vehicles are on campus. The college offers parking permits to those desir-

ing to park on campus. A parking permit licenses the holder (licensee) to park one motor vehicle on campus within the respective designated parking area. The college is not responsible for fire, theft, damage, or loss of vehicle or any article left in such vehicle. A parking permit is a license to park and no bailment is created. A "motor vehicle" is defined as a vehicle that is self-propelled; for example cars, trucks, and motorcycles. Motor vehicles include a neighborhood electric vehicle as defined in RCW 46.04.357 and a medium-speed electric vehicle as defined in RCW 46.04.295. Electric personal assistive mobility devices and power wheelchairs are not considered motor vehicles.

(2) When an attended vehicle is parked in violation of these regulations, and upon request of a parking enforcement officer or police services officer, the driver may be required to move the vehicle immediately to a designated parking area or off campus. Refusal to move the vehicle is a violation of these regulations and may warrant a parking citation.

[Statutory Authority: RCW 28B.10.560. WSR 21-19-049, § 174-116-235, filed 9/13/21, effective 10/14/21. Statutory Authority: RCW 28B.40.120. WSR 17-02-076, § 174-116-235, filed 1/3/17, effective 2/3/17.]

WAC 174-116-240 Parking permits—General information. (1) Parking permits are issued by the college following application and the payment of the appropriate fees. A permit is defined as an authorization to park in designated areas and issued by the parking services office and associated with a vehicle's license plate number. All privately owned motor vehicles parked or left unattended on campus are required to have a valid Evergreen parking permit during specified days and hours. These hours are posted in each parking area at the entrance to the parking areas, or along the roadways where parking is indicated. The college maintains the authority to sell and require special event parking permits during times and days, including weekends, as established by the college. Vehicles parked on campus are required to have valid parking permits at all times and days of the week as established by these rules. A complete list of parking permits issued by the college is available in the parking services office and on the college's parking services website.

(2) Fees for parking and the effective date thereof, will be approved by the president of the college. Approved fee schedules will be available in the public area of the parking services office and on the college's parking services website.

[Statutory Authority: RCW 28B.10.560. WSR 21-19-049, § 174-116-240, filed 9/13/21, effective 10/14/21. Statutory Authority: RCW 28B.40.120. WSR 17-02-076, § 174-116-240, filed 1/3/17, effective 2/3/17.]

WAC 174-116-241 Parking permits—Special exceptions. All persons parking vehicles on campus will park in an available space as established by the college parking regulations and will pay the established parking fee except as follows:

(1) Vehicles with government tax exempt licenses will be allowed to park without charge.

(2) Taxis and commercial delivery vehicles may enter the campus without payment of the parking fee only for pick-up and delivery of passengers, supplies and equipment.

(3) Permanently and temporarily disabled persons may request a disability parking placard from the parking office. Vehicles parked in handicapped-accessible spaces must have a paid parking permit and a state of Washington or college-issued temporary disabled parking placard to be valid.

(2) Ownership of permits is not transferable except when approved by parking services. If a registered vehicle is sold, the selling party should notify parking services so the vehicle can be disassociated with the permit holder. The permit holder may associate a different vehicle to the permit upon disassociation of the sold vehicle.

(3) Persons not residing on campus may apply for a second vehicle permit for a second car either personally, family, or employer owned. Proof of ownership or appropriate authorization must be presented prior to issuance of a second permit. Two vehicles using the same permit may not be parked on campus at the same time unless one is also associated with a valid daily permit.

(4) Vehicles with a valid permit may be parked in any designated campus parking lot authorized by the permit.

(5) Permit holders may obtain a complimentary temporary daily permit for a vehicle being used as a temporary replacement.

(6) No vehicle may be parked on campus for the purpose of using such vehicle as a living unit. Any exception must be approved by the director of police services or their designee.

- (a) Proof that the vehicle described was stopped, standing or parked in violation of a regulation; and
- (b) Proof that the person named in the citation was the registered owner or permit holder of the vehicle when the citation was issued.

[Statutory Authority: RCW 28B.10.560. WSR 21-19-049, § 174-116-250, filed 9/13/21, effective 10/14/21. Statutory Authority: RCW 28B.40.120. WSR 17-02-076, § 174-116-250, filed 1/3/17, effective 2/3/17.]

(3) No vehicle may be parked on any lawn or grass areas except as required for maintenance or construction authorized by parking services.

(4) No vehicle will be parked so as to occupy any portion of more than one parking space or stall as designated within the parking area. The fact that other vehicles may have been so parked as to require the violator to occupy a portion of more than one space or stall will not constitute a rationale for a violation of this section.

[Statutory Authority: RCW 28B.40.120. WSR 17-02-076, § 174-116-261, filed 1/3/17, effective 2/3/17.]

(4) If the vehicle is parked in a metered or timed space, notice of intent to impound will be posted on the vehicle for four hours prior to impound.

(5) Any vehicle that blocks, hinders, or obstructs a legally parked vehicle, crosswalk, sidewalk, disability access area, service drive, or loading zone may be cited, and after the college has made a reasonable attempt to contact the owner, the vehicle may be impounded immediately.

(6) Immobilization is defined as impounding the vehicle in place through the installation of a wheel boot, which is a device designed to prevent vehicles from being moved. It consists of a clamp that surrounds a vehicle wheel, and designed to prevent removal of both itself and the wheel. Immobilization may also be defined as impounding the vehicle in place through the use of a windshield covering device that uses powerful suction cups to adhere to the windshield and is designed to prevent unauthorized removal as well as preventing a clear view through the windshield prohibiting lawful driving of the vehicle. Re-

lease from in-place immobilization is contingent on payment of all outstanding fines and charges.
