

WAC 392-343-535 Existing building condition—Assessment. School district projects with secured funding assistance as of July 2018. Building condition assessment (BCA) and health and safety assessments for purposes of determining priority scores and completing building inventories shall be conducted and reported to the superintendent of public instruction. Assessment scores shall be recorded in the superintendent of public instruction's information and condition of schools (ICOS) system and on reporting forms for building type, history, equipment, condition, and health and safety factors, that shall be adopted and subject to revision from time to time by the superintendent of public instruction. The information provided by the district on these forms shall be subject to review by the staff or agents of the superintendent of public instruction, or to audit by the state auditor. Compliance with this requirement for all schools in a district is a requirement for the receipt of any state construction funding assistance for projects approved after January 26, 1991.
