

WAC 388-76-10870 Resident evacuation capability levels—Identification required. The adult family home must ensure that each resident's assessment, preliminary service plan, and negotiated care plan identifies and describes the resident's ability to evacuate the home according to the following descriptions:

(1) Independent: Resident is physically and mentally capable of independently evacuating the home without the assistance of another individual or the use of mobility aids. The department will consider a resident independent if capable of getting out of the home after one cue.

(2) Assistance required: Resident is not physically or mentally capable of evacuating the home without assistance from another individual, mobility aids, or multiple cues.
