

WAC 246-296-130 Project priority rating and ranking criteria.

The department shall, at a minimum, consider the following to assign points, and rate and rank proposed projects:

(1) Criteria for risk categories and points based on:

(a) Type and significance of public health problems the project will resolve;

(b) If the project is needed to bring the public water system into compliance with federal, state, and local drinking water requirements;

(c) Current compliance status; and

(d) Affordability on a per household basis, determined by comparing the community's average water rate to the MHI in the community's service area, for a community public water system.

(2) Additional points based on the type of project being proposed, if the project:

(a) Is to restructure a public water system;

(b) Creates a sustainable regional public health benefit;

(c) Has multiple benefits that are sustainable;

(d) Is consistent with the Growth Management Act;

(e) Is financially sustainable;

(f) Qualifies as a green project;

(g) Serves a disadvantaged community; or

(h) Results in service meters on existing services not currently metered.
