Applies to establishments engaged in light woodworking, not covered by another classification (N.O.C.), for the manufacture of woodenware household goods, sporting goods and a wide range of decorative woodenware items that require a minimal amount of cutting, shaping, drilling, sanding, assembling and finishing. Items produced in this classification include, but are not limited to, towel bars, tissue holders, magazine racks, spice racks, knife holders, recipe boxes, cutting boards, rolling pins, salad forks, bowls, picture and mirror frames, candle holders, speaker shells, bases for turntables, trophy and plaque bases, house numbers, window blinds and shades, drapery woodenware (rods, brackets, supports, rings), broom and brush handles, bobbins and spools, crutches, hat blocks, pegs, coat hangers, toothpicks, gift boxes, tobacco pipes, toys, games, basketball backboards, baseball bats, boomerangs, pool or shuffleboard cues, hockey sticks, oars, paddles, archery bows and arrow shafts. Establishments in this classification generally purchase ready-made components which they assemble with pneumatic or hand tools such as, but not limited to, nail or glue guns, spray or paint guns, staple guns, screw guns, drills, shaping tools, and brushes. Products may be left natural, or finished by applying paint, stain, lacquer or varnish, or hand dipping or rubbing. A limited assortment of basic wood shop machinery such as, but not limited to, table saws, circular saws, band saws, miter saws, jig saws, routers, shapers, belt sanders, edge sanders, drill presses, boring machines, and finger jointer may be used for the occasionally cutting of a piece of wood. Other materials include, but are not limited to, molding stock, dowels, plywood, glue, staples, screws, and small nails. In most cases, products are small and the manufacturers do not provide installation. This is a shop or plant only classification. It does, however, include work being performed in an adjacent yard when operated by an employer having operations subject to this classification.

This classification excludes all activities away from the shop or plant which are to be reported separately in the classification applicable to the work being performed; and the manufacture or assembly of wood products such as, but not limited to, molding stock, outdoor playground equipment, marine floats and docks, gazebos, solariums, saunas, ladders, or cable spools from dimension lumber which is to be reported separately in the applicable classifications.
