

WAC 16-301-565 Testing requirements for seed harvested from an approved trial ground. (1) Seed harvested from an approved trial ground must be tested in an approved laboratory for the presence of regulated pathogens before it is planted in a regulated area.

(2) If the seed harvested from a trial ground tests positive for any regulated pathogens, it may not be released for general planting within a regulated area.

(3) (a) Seed harvested from a trial ground infected with a regulated pathogen must either be destroyed or shipped out of the regulated area.

(b) Written documentation of either the seed's destruction or shipment out of the regulated area must be submitted to the seed program within thirty days of the positive test for the regulated pathogen.

(c) Seed from a trial ground infected with a regulated pathogen that remains in a regulated area beyond thirty days may be subject to destruction upon the order of the director.
