

WAC 16-462-035 Certified grape planting stock (G4)—Tagging and identity. (1) Certification language approved by the department must be affixed by the grower to each bundle, box or other unit of certified grape planting stock (G4) by means of tag, stamp, sticker, or preprinted language prior to shipping. If all vines in a single shipment are considered certified, the certification language may alternatively be affixed to or printed on the invoice or bill of lading.

(2) Any person selling Washington certified grape planting stock (G4) is responsible for the identity of such planting stock. Persons authorized to use certification language must account by variety for the certified grape planting stock produced and sold. They must keep and allow the department to inspect and copy records necessary to verify this.
