

WAC 110-145-1500 What first-aid and cardiopulmonary resuscitation (CPR) training is required? (1) You or any of your staff who provide supervision or direct care to children, must have basic standard first aid and age-appropriate cardiopulmonary resuscitation (CPR) training.

(a) The CPR training is not required for staff/volunteers with a statement from their physician that the training is not advised for medical reasons as long as another on-site staff person meets this training requirement.

(b) Training must be department-approved and be accredited according to nationally recognized standards.
