

WAC 296-307-14805 Maintain handling records for covered pesticides. (1) The employer must maintain accurate records of all time that each employee spends handling category I or II organophosphate or N-methyl-carbamate pesticides (this includes employees who do not meet the handling hour thresholds in WAC 296-307-14810).

(2) The employer must provide a completed CHOLINESTERASE MONITORING HANDLING HOURS REPORT (F413-065-000) to the physician or other licensed health care professional (LHCP) for each employee receiving a periodic cholinesterase blood test and make sure the report is submitted to the laboratory with each periodic cholinesterase test.

(3) The employer must provide the employee with a copy of the CHOLINESTERASE MONITORING HANDLING HOURS REPORT upon request.

(4) The employer must retain pesticide handling records for seven years.

(5) The employer must make sure that pesticide-handling records are readily accessible to employees, their designated representatives, and treating health care professionals.
