GENERAL PROVISIONS

WAC 415-105-010 Preamble. These rules are not intended to weaken the authority of the local disability board nor to prevent the disability board from adopting additional rules or procedures necessary for performing its duties.

[Statutory Authority: RCW 41.50.050. WSR 99-16-075, § 415-105-010, filed 8/3/99, effective 9/3/99. Statutory Authority: RCW 41.26.115. WSR 81-23-032 (Order 81-03), § 415-105-010, filed 11/16/81.]

WAC 415-105-020 Purpose. These rules are adopted under the authority of section 1, chapter 294, Laws of 1981 (RCW 41.26.115) to provide a basis for uniform administration of disability retirement matters. These rules must be followed by each disability board.

[Statutory Authority: RCW 41.50.050. WSR 99-16-075, § 415-105-020, filed 8/3/99, effective 9/3/99. Statutory Authority: RCW 41.26.115. WSR 81-23-032 (Order 81-03), § 415-105-020, filed 11/16/81.]

WAC 415-105-030 Board doctor. (1) Each board must appoint a board doctor. The board must not approve a disability retirement without prior examination of the applicant by the board doctor or a specialist selected by the board doctor. The board doctor must be a practicing physician licensed under the provisions of chapter 18.71 RCW; or, if the board doctor practices outside the state of Washington, then he/she must be a physician licensed by the state in which he/she practices.

(2) The board doctor and any selected specialist must be knowledgeable about the normal, routine duties, functions and general demands of the position the applicant held at the time the applicant discontinued service.

(3) The board must furnish the examining physician with the applicant's job and/or position description. The board must inform the physician that the board's decision to grant or deny a disability retirement allowance is to be measured against the actual, normal, routine duties that the applicant performs.

(4) The board doctor or approved specialist will provide medical services requested by the board including examinations pursuant to RCW 41.26.120(1); 41.26.125(1); 41.26.130(5); and 41.26.150 (1)(a).

WAC 415-105-040 Disability leave. (1) The applicant must prove the existence of:

(a) A disabling condition; and
(b) Whether or not the condition was incurred in the line of duty.

(2) The application must include the name of each physician contacted by the applicant within the last six months for the disabling illness or injury. The applicant must advise each examining physician that:

(a) The board has requested the evaluation;
(b) Any reports of the evaluation will be reviewed by the board;
(c) That the doctor-patient privilege may not be invoked with respect to the evaluation; and
(d) The physician may be requested by the board to testify as to his or her findings.

(3) The disability board is authorized to demand the appearance of the applicant and to request the appearance of any other persons it deems appropriate.

(4) Following receipt of an application for disability benefits, the board must:

(a) Review the application and all relevant information about the applicant's fitness for duty;
(b) Consider the duties of the applicant's position; and
(c) Consider any other pertinent evidence.

The board must either grant or deny disability leave based on the evidence or continue the matter pending receipt of additional information.

(5) If the information before the board is insufficient to determine whether or not the applicant is disabled, the matter can be continued to the next regular meeting or set for consideration at a special meeting. The board must advise the applicant of:

(a) The additional information needed;
(b) The applicant's obligation to provide the additional information; and
(c) The date by which the information must be provided.

(6) The applicant may waive any or all of the disability leave granted pursuant to RCW 41.26.120(4) and 41.26.125(4).

ty. The MMHS established pursuant to RCW 41.26.046 govern entry or re-entry into LEOFF System membership and were provided only to safeguard the fiscal integrity of the pension system.

WAC 415-105-050 Examination, review and determination. (1) The board must have the applicant examined during the fifth or sixth month of disability leave. The examination is to be performed by the board doctor or a specialist selected by the board doctor. The board shall not approve the disability retirement without this examination unless:

(a) The applicant establishes that the disabling condition will exist for at least six months; and

(b) The applicant voluntarily waives disability leave.

(2) Following receipt of the examination report, the board must:

(a) Review the medical evidence and all relevant information about the applicant's fitness for duty;

(b) Consider the duties of the applicant's position; and

(c) Consider any other pertinent evidence.

The board must either grant or deny disability retirement based on the evidence or return the applicant to duty for a reasonable period of trial service.

(3) If the board cannot determine with reasonable certainty whether or not the applicant is disabled, the board may issue a written order that the applicant is to return to duty for a reasonable period of trial service to determine the applicant's fitness for active duty.

(a) The length of the trial service period must be supported by medical evidence.

(b) During the period of trial service the applicant is to return to the same duties in the same position held at the time of discontinuance of service.

(c) If the applicant is found to be disabled, the board is not to grant a second six-month period of disability leave, but is to return the applicant to disability leave status for the remainder, if any, of the initial six-month leave period.

(3) The board may make a finding of six months continuous disability prior to the actual conclusion of the six-month period if:

(a) The regular meeting of the board does not precede the end of the six-month disability leave period by more than forty days; and

(b) Medical evidence shows the disability is expected to continue through the full six-month period.

(4) The applicant is not entitled to a disability retirement allowance if:

(a) The employer advises the board that there is an available position for which the applicant is qualified and to which a person of the same grade or rank is normally assigned; and

(b) The board determines that the applicant is capable of discharging the duties of the position with average efficiency.

[Statutory Authority: RCW 41.50.050. WSR 99-16-075, § 415-105-060, filed 8/3/99, effective 9/3/99. Statutory Authority: RCW 41.26.115. WSR 87-07-015 (Order 87-3), § 415-105-060, filed 3/11/87; WSR 81-23-032 (Order 81-03), § 415-105-060, filed 11/16/81.]

WAC 415-105-072 Burden of proof to cancel disability allowance.

The disability board has the burden of proof in any proceeding to cancel a disability retirement allowance.

[Statutory Authority: RCW 41.50.050. WSR 99-16-075, § 415-105-072, filed 8/3/99, effective 9/3/99.]

WAC 415-105-074 Determination to cancel disability allowance.

The board need not rely solely on medical evidence in making its determination. To cancel a disability retirement allowance, the board must demonstrate that:

(1) The retiree is reasonably able to perform the ordinary duties of his or her former position or a position within the retiree's former rank with average efficiency; and

(2) There has been a material change in the circumstances upon which the retirement was based; and

(3) No other physical or mental disability now prevents the retiree from performing the ordinary duties of his or her position or rank.

The board may not cancel a disability retirement allowance based on a determination that the medical condition was incorrectly diagnosed at the time of the initial disability hearing. If the medical condition for which the retiree was granted disability retirement has improved, but the retiree is still not physically or mentally able to perform his or her duties with average efficiency, the retiree shall continue to receive the disability retirement allowance. The board must send a copy of all determinations and the examination reports and other evidence on which they are based to the department of retirement systems.

[Statutory Authority: RCW 41.50.050. WSR 99-16-075, § 415-105-074, filed 8/3/99, effective 9/3/99.]

WAC 415-105-080 Notice of denial of benefits and right to appeal. (1) The board must immediately notify the applicant if the board:

(a) Denies disability leave or retirement; or

(b) Cancels a previously granted disability leave or retirement.

(2) The board must advise the applicant of his or her right to appeal the board's decision to the director of the department of retirement systems pursuant to RCW 41.26.200.

(3) Notification and advice must be in writing and served by personal service or mail unless the applicant or the applicant's authorized representative attends the meeting and is advised in person of the board's decision and the applicant's right to appeal.

[Statutory Authority: RCW 41.50.050. WSR 99-16-075, § 415-105-080, filed 8/3/99, effective 9/3/99. Statutory Authority: RCW 41.26.115. WSR 81-23-032 (Order 81-03), § 415-105-080, filed 11/16/81.]

WAC 415-105-090 Reexamination after retirement. (1) Every retiree under 49.5 years of age must be medically reexamined every six months by the board doctor or approved physician, except as provided in subsection (4) of this section.

(2) The retirement allowance of any retiree who fails to submit to a medical examination as required in subsection (1) of this section shall be discontinued until the retiree complies with the reexamination requirement. If the retiree continues for one year to refuse to undergo reexamination, the board shall cancel his or her retirement allowance.

(3) If the retiree resides more than one hundred miles from his or her former employer, the board may authorize the retiree to be examined by a physician in the retiree's local area. The board must approve the local area physician and provide him or her with information about the purpose of the examination and the issues to be addressed in the physician's report to the board.

(4) If the board doctor or approved physician finds that no possibility exists for the retiree's recovery and return to duty, the board may determine that subsequent medical examinations are not required. The determination may be made at the time of retirement or at any time thereafter, but must be based on a current (within ninety days) recommendation of the examining physician. The board must notify the department of retirement systems when it makes a determination of permanent disability. A copy of the physician's report must accompany the notice.

(5) If the examination shows that the retiree is fit to perform the duties of the rank or position held at retirement, the retiree shall be entitled to a hearing before the board. The notification and hearing shall comply with the requirements of the Administrative Procedure Act, chapter 34.05 RCW. Unless the retiree waives his or her right to the hearing, the board must hold the hearing before it can cancel the disability retirement allowance.

[Statutory Authority: RCW 41.50.050. WSR 99-16-075, § 415-105-090, filed 8/3/99, effective 9/3/99. Statutory Authority: RCW 41.26.115. WSR 87-07-015 (Order 87-3), § 415-105-090, filed 3/11/87; WSR 81-23-032 (Order 81-03), § 415-105-090, filed 11/16/81.]

(1) He/she is reasonably able to perform the ordinary duties of his/her former position or position within his/her former rank with average efficiency; and

(2) There has been a material change in the circumstances upon which the original disability determination was based; and

(3) No other physical or mental disability now prevents the retiree from performing the ordinary duties of his/her position or rank.

A retiree may not obtain a determination that his/her disability has ceased by demonstrating that the medical condition was incorrectly diagnosed at the time of the initial disability hearing. The disability board need not rely solely on medical evidence in making its determination. If the medical condition for which the retiree was granted disability retirement has improved, but the retiree is still not physically or mentally able to perform his/her duties with average efficiency, he/she shall continue to receive a disability retirement allowance and shall not be entitled to service retirement.

The board must then determine whether the retiree has met the standards set out in WAC 415-105-130 and is physically and mentally capable of performing his/her duties with average efficiency. If the board determines that the retiree's disability has ceased, both the retiree and the former employer shall be entitled to a notice and a hearing. Both the notice and the hearing shall comply with the requirements of chapter 34.05 RCW.

(2) After the hearing, the board must enter its written decision and order, including appropriate findings of fact and conclusions of law.
