

WAC 504-19-450 Replacement parking permits and indicators. (1)

Sold or traded vehicles. Failure to advise parking services of a sale or trade for registration purposes may result in continued responsibility to the permit holder for parking tickets received on that vehicle.

The permit holder has responsibility for removing parking permits prior to selling or trading a vehicle. The identifiable remnants of the original permit must be presented to parking services to receive a free replacement. Individuals failing to comply with this requirement shall pay the cost of a new permit.

(2) Lost/stolen permits. Permit holders are responsible for the security of their permits. The theft or loss of a parking permit should be reported to parking services immediately upon discovery. A lost or stolen permit may be replaced upon payment to parking services of the cost of replacing the permit, according to a schedule adopted by parking services. Lost or stolen permits must be returned to parking services immediately if recovered.

(3) Windshield replacements. When a permit-bearing windshield is replaced, the permit replacement fee is waived if proof of windshield replacement is presented.
