

WAC 504-49-220 Requirements to apply for certification—Residential-scale and commercial-scale projects. The application must contain, but is not limited to, the following information; additional requirements are specified in WAC 504-49-210.

(1) The name and address of the customer-owner and location of the renewable energy system.

(2) System information, including system component details and operation data such as global positioning system coordinates, tilt, estimated shading, and azimuth, as applicable.

(3) An executed interconnection agreement with the serving utility.

(4) The date and supporting documentation verifying that the local jurisdiction issued its final electrical inspection of the renewable energy system.

(5) Documentation, including final sales invoice, and details of the total system price as defined in WAC 504-49-195.

(6) A signed statement that the applicant understands that this information is true, complete, and correct to the best of applicant's knowledge and belief under penalty of perjury.

(7) A signed statement that the applicant has not previously received a notice of eligibility from the department of revenue under RCW 82.16.120 entitling the applicant to receive annual incentive payments for electricity generated by the renewable energy system.

(8) A signed statement authorizing the energy program and the serving utility to share information related to issuing annual incentive payments, including application details and energy generation.

(9) Payment of the one hundred twenty-five dollar application fee.

(10) Provisional certification. The energy program may grant provisional certification prior to proof of final electrical inspection. Provisional certification expires one hundred eighty days after issuance, unless the applicant submits proof of the final electrical inspection from the applicable local jurisdiction, or the energy program extends the certification for a term or terms of thirty days due to extenuating circumstances.
