WAC 246-330-210 Surgical services. The purpose of this section is to guide the development and management of surgical services.

An ambulatory surgical facility must:

- (1) Adopt and implement policies and procedures that:
- (a) Identify areas where surgery and invasive procedures may be performed;
- (b) Define staff access to areas where surgery and invasive procedures are performed;
- (c) Identify practitioner and advanced registered nurse practitioner's privileges for operating room staff; and
 - (d) Define staff qualifications and oversight.
- (2) Use facility policies and procedures which define standards of care;
- (3) Implement a system to identify and indicate the correct surgical site prior to beginning a surgical procedure;
- (4) Provide emergency equipment, supplies, and services to surgical and invasive areas;
- (5) Provide separate refrigerated storage equipment with temperature alarms, when blood is stored in the surgical department; and
- (6) Assure a registered nurse qualified by training and experience functions as the circulating nurse in every operating room whenever deep sedation or general anesthesia are used during surgical procedures.
